Los Bajos Del Temor:

After Exile Amy K. Kaminsky, 1999 Can an exiled writer ever really go home again What of the writers of Argentina Uruguay and Chile whose status as exiles in the 1970s and 1980s largely defined their identities and subject matter After Exile takes a critical look at these writers at the effect of exile on their work and at the complexities of homecoming a fraught possibility when democracy was restored to each of these countries Both famous and lesser known writers people this story of dislocation and relocation among them Jose Donoso Ana Vasquez Luisa Valenzuela Cristina Peri Rossi and Mario Benedetti In their work and their predicament Amy K Kaminsky considers the representation of both physical uprootedness and national identity or more precisely an individual's identity as a national subject Here national identity is not the double abstraction of identity and nation but a person's sense of being and belonging that derives from memories and experiences of a particular place Because language is crucial to this connection Kaminsky explores the linguistic isolation

miscommunication and multilingualism that mark late exile and post exile writing She also examines how gender difference affects the themes and rhetoric of exile how for example traditional projections of femininity such as the idea of a mother country are used to allegorize exile Describing exile as a process sometimes of acculturation sometimes of alienation this work fosters a new understanding of how writers live and work in relation to space and place particularly the place called home **Peso muerto** Carolina Stegmayer, 2024-09-19 En la madrugada de una noche cualquiera una explosión despierta a Agustín un joven trabajador de las entrañas del Delta del Río Paraná Junto con don Giorgio su abuelo adoptivo se adentran en las islas del Tigre buscando la causa de la explosión al tiempo que descubren al lector una vida y una geografía poco exploradas por la literatura reciente Intriga romance e historia familiar enhebran una novela nica en su género un thriller costumbrista que toma lo mejor de las dos maneras de narrar y construye escenarios personajes y paisajes de una infrecuente profundidad *Peso muerto* la primera novela de Carolina Stegmayer conjuga ciudad y ribera nobleza y picardía calidez y descaro logrando captar realidades distantes en una trama que se desdobra para mostrar mundos unidos a pesar de su aparente divergencia *Trilogía del agua* Claudia Aboaf, 2024-03-01 Una trilogía que anticipa las dramáticas
