Lost Innocents:

Lost Innocents Patricia MacDonald, 2008-11-15 When a fifteen year old babysitter and the toddler entrusted to her care vanish from their sleepy suburban town Maddy Blake like the rest of Taylorsville is horrified When the teenager turns up dead and the baby is nowhere to be found Maddy's once tranquil life is shattered Her husband becomes the prime suspect for this heinous crime having only recently been acquitted of sexual misconduct charges brought by one of his teenage students Plagued by doubts of her husband's innocence tortured by a growing attraction to her priest and disconcerted by the grim strangers to whom she has opened her home Maddy realizes too late that she is in mortal danger **Innocence Lost** Sherilyn Decter, 2019-02-03 In a city of bootleggers and crime one woman must rely on a long dead lawman to hunt down justice Philadelphia 1924 Maggie Barnes doesn't have much left After the death of her husband she finds herself all alone to care for her young son and look after their rundown house As if that weren't bad enough Prohibition has turned her neighborhood into a bootlegger's playground To keep the shoddy roof over their heads she has no choice but to take on boarders with criminal ties When her son's friend disappears Maggie suspects the worst And local politicians and police don't seem to have any interest in an investigation With a child's life on the line Maggie takes the case and risks angering the enemy living right under her nose Maggie's one advantage may be her oldest tenant the ghost of a Victorian era cop With his help can she find justice in a lawless city **Innocence Lost** is the first novel in the *Bootleggers Chronicles* a series of historical fiction tales If you like headstrong heroines Prohibition era criminal underworlds and a touch of the paranormal then you'll love Sherilyn Decter's gripping tale Buy **Innocence Lost** to dive into corruption and mystery today **Lost Innocents and the Loss of Innocence** Crispin Bates, 1998 **Innocence Lost** David Powlison, 2012-02-26 Every victim has a voice with which to cry out against God or cry out to him In **Innocence Lost** Rebuilding After Victimization biblical counseling expert David Powlison encourages all who have been victimized to find their voice in Scripture guiding them through Psalm 10's process of crying out expressing pain and confessing faith The *Woman, Lost and Gained; Or, the Island of the Innocent* Philip Bevan, 1875 *Self, Others and the State* Arlie Loughnan, 2019-12-12 Criminal responsibility is now central to criminal law but it is in need of re-examination In the context of Australian criminal laws *Self Others and the State* reassesses the general assumptions made about the rise to prominence of criminal responsibility in the period since around the turn of the twentieth century It reconsiders the role of criminal responsibility in criminal law arguing that criminal responsibility is significant because it organises key sets of relations between self others and the state as relations of responsibility Detailed studies of decisive moments and developments since the turn of the twentieth century and original explorations of relations of responsibility expose the complexity and dynamism of criminal responsibility and reveal that it is the means by which matters of subjectivity relationality and power make themselves felt in the criminal law **Allegiance and Identity in a Globalised World** Fiona Jenkins, Mark Nolan, Kim Rubenstein, 2014-11-06 Interrogating the concepts of allegiance and

identity in a globalised world involves renewing our understanding of membership and participation within and beyond the nation state Allegiance can be used to define a singular national identity and common connection to a nation state In a global context however we need more dynamic conceptions to understand the importance of maintaining diversity and building allegiance with others outside borders Understanding how allegiance and identity are being reconfigured today provides valuable insights into important contemporary debates around citizenship This book reveals how public and international law understand allegiance and identity Each involves viewing the nation state as fundamental to concepts of allegiance and identity but they also see the world slightly differently With contributions from philosophers political scientists and social psychologists the result is a thorough appraisal of allegiance and identity in a range of socio legal contexts **Monetary**

Redress for Abuse in State Care Stephen Winter,2022-12-01 Investigating a fast developing field of public policy Stephen Winter examines how states redress injuries suffered by young people in state care Considering ten illustrative exemplar programmes from Australia Canada Ireland and Aotearoa New Zealand Winter explores how redress programmes attempt to resolve the anguish injustice and legacies of trauma that survivors experience Drawing from interviews with key stakeholders and a rich trove of documentary research this book analyses how policymakers should navigate the trade offs that survivors face between having their injuries acknowledged and the difficult often retraumatising experience of attaining redress A timely critical engagement with this contentious policy domain Winter presents empirically driven recommendations and a compelling argument for participatory flexible and survivor focussed programmes This title is also available as Open Access on Cambridge Core [Examining the Past and Shaping the Future](#) Katie Wright,Shurlee Swain,Kathleen

written by leading experts in their respective fields and bring together established scholars with a new generation of migration and transnational historians Their work weaves together the new imperial and the new migration histories and is essential reading for scholars and students interested in the interplay of migration within and between the local regional imperial and transnational arenas Furthermore these essays set an important analytical benchmark for more integrated and comparative analyses of the range of migratory processes free and coerced which together impacted on the dynamics of power forms of cultural circulation and making of ethnicities across a British imperial world

Witnessing Australian Stories Kelly Jean Butler, 2017-07-28 This book is about how Australians have responded to stories about suffering and injustice in Australia presented in a range of public media including literature history films and television Those who have responded are both ordinary and prominent Australians politicians writers and scholars All have sought to come to terms with Australia's history by responding empathetically to stories of its marginalized citizens Drawing upon international scholarship on collective memory public history testimony and witnessing this book represents a cultural history of contemporary Australia It examines the forms of witnessing that dominated Australian public culture at the turn of the millennium Since the late 1980s witnessing has developed in Australia in response to the increasingly audible voices of indigenous peoples migrants and more recently asylum seekers As these voices became public they posed a challenge not only to scholars and politicians but also most importantly to ordinary citizens When former Prime Minister Kevin Rudd delivered his historic apology to Australia's indigenous peoples in February 2008 he performed an act of collective witnessing that affirmed the testimony and experiences of Aboriginal Australians The phenomenon of witnessing became crucial not only to the recognition and reparation of past injustices but to efforts to create a more cosmopolitan Australia in the present This is a vital addition to Transaction's critically acclaimed Memory and Narrative series

Adoption and Multiculturalism Jenny Heijun Wills, Tobias Hubinette, Indigo Willing, 2020-09-11 *Adoption and Multiculturalism* features the voices of international scholars reflecting transnational and transracial adoption and its relationship to notions of multiculturalism The essays trouble common understandings about who is being adopted who is adopting and where these acts are taking place challenging in fascinating ways the tidy master narrative of saviorhood and the concept of a monolithic Western receiving nation Too often the presumption is that the adoptive and receiving country is one that celebrates racial and ethnic diversity thus making it superior to the conservative and insular places from which adoptees arrive The volume's contributors subvert the often simplistic ways that multiculturalism is linked to transnational and transracial adoption and reveal how troubling multiculturalism in fact can be The contributors represent a wide range of disciplines cultures and connections in relation to the adoption constellation bringing perspectives from Europe including Scandinavia Canada the United States and Australia The book brings together the various methodologies of literary criticism history anthropology sociology and cultural theory to demonstrate the multifarious and robust ways that adoption and multiculturalism might be studied and considered Edited by three transnational and transracial adoptees *Adoption and Multiculturalism* Europe the Americas and the Pacific offers bold new scholarship that revises popular notions of transracial and transnational adoption as practice and phenomenon Governing Child Abuse Voices and Victimisation Jodi

Death, 2017-10-25 Child sexual abuse by clergy within the Roman Catholic Church has emerged as a social and political discourse over the last three decades. The analysis here specifically focuses on the establishment conduct and outcomes of the extensive public inquiries of Australia, although inquiries in other jurisdictions are also discussed. Unlike criminal or civil processes, although they may be inquisitory in nature, public inquiries emerge from a specifically political context and are a tool of governance embedded in a larger context of governmentality. Understanding the broader political and cultural contexts of public inquiries is important then in understanding their value and effectiveness as justice processes, especially for victims of CSA by clergy. What is interesting about public inquiry is that it situates victims of CSA by clergy outside of criminal and civil justice processes and recognises a different politicised relationship between victims as citizens, the state and Catholic institutions where abuse has occurred. At the cutting edge of disciplinary and methodological understandings of the interconnections between the church, state and families, his book explores the dynamics of the emergence and politicisation of victims of CSA by clergy, their expressions of resistance and the legitimisation of their voice in public and political spheres.

Screening the Dark Side of Love Karen A. Ritzenhoff, Karen Randell, 2012-10-15 How can love be understood globally as a problematic transgression rather than the narrative of happy endings that Hollywood has offered? The contributors utilize varying methodologies of textual analysis, psychoanalytic models and cultural critique and engage with a broad range of films to explore issues of gender identity and spectatorship.

Transitional Justice and the Historical Abuses of Church and State James Gallen, 2023-03-30 In this book James Gallen provides an in-depth evaluation of the responses of Western States and churches to their historical abuses from a transitional justice perspective. Using a comparative lens, this book examines the application of transitional justice to address and redress the past in Ireland, Australia, Canada, the United States and United Kingdom. It evaluates the use of public inquiries and truth commissions, litigation, reparations, apologies and reconciliation in each context to address these abuses. Significantly, this novel analysis considers how power and public emotions influence and often impede transitional justice's ability to address historical structural injustices. In addressing historical abuses, power fails to be redistributed and national and religious myths are not reconsidered, leading Gallen to conclude that the existing transitional justice efforts of states and churches remain an unrepentant form of justice.
