Lost Souls David Weissman,2012-02-01 *Lost Souls* examines the origins and consequences of the philosophic idea that mind and body are distinct The author traces mind body dualism from Plato Plotinus Augustine and Proclus through Descartes and Kant to Nietzsche Heidegger Carnap and Quine Mind s separation from body has dominated philosophic thinking for millennia yet most mental activities are now explained in physical terms What are the implications if mind is material and mortal Considering both philosophic and scientific ideas about mind David Weissman explores our options Rejecting the claim that the character and existence of other things are an effect of the ways we think about or perceive them he reexamines such topics as meaning and truth human significance self and society He argues that philosophers have the rare opportunity to renew inquiry by invoking the questions that once directed them What are we What is our place in the world What concerns are appropriate to being here

**Lost Souls** James Wright,2018-05-11 What is the state of contemporary American morality From their original conception in Christian scripture to their assimilation into Western culture the Seven Deadly Sins lust greed envy pride and all the rest have guided human morality steering human behavior and psychology away from evil and toward a full embrace of the good But their hold on modern life is increasingly tenuous Indeed one may observe that these days deadly sin is far more common and more commonly practiced than its virtuous counterparts humility charity kindness industriousness and chastity Without greed there is no economy without anger no politics and without pride and envy surely less motivation and competition would exist James D Wright carefully examines the complexities and ambiguities in modern society in the context of the seven deadly sins and their corresponding virtues Are we all lost souls condemned by our immoral deeds or are the trappings of older sin deteriorating Is it time finally to reconsider the classifications of evil and good Wright uses each chapter to consider how the social sciences have operationalized each sin how they have been studied and what lessons have been learned over time He reviews recent trends and contemplates the societal costs and benefits of the behaviors in question *Lost Souls* emerges then as a meditation on contemporary sin concluding that the line between guilt and innocence right and wrong is often very thin *The Redeemer's Tears Wept Over Lost Souls; and Two Discourses, on Self-dedication and on Yielding Ourselves to God* John Howe (of Magdalen College, Oxford.),1837
