Vandyke-Brown Poems Marc Cook,Harold Frederic,Edward North,2025-08-27 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Enchanting Minds** Gaura Gupta, *Enchanting Minds* is an anthology compiled by Gaura Gupta This anthology has some of the most beautiful and heartfelt compositions from 50 different writers and poets from all around the world *Enchanting Minds* is a collection if poems quotes micro tales articles short stories raps and abstracts about various topics namely love positivity self love motivation heartbreak and a lot more This book will give you a memorable experience a journey across many emotions and situations **The Poetry of Victorian Scientists** Daniel Brown,2013-01-31 A surprising number of Victorian scientists wrote poetry Many came to science as children through such games as the spinning top soap bubbles and mathematical puzzles and this playfulness carried through to both their professional work and writing of lyrical and satirical verse This is the first study of an oddly neglected body of work that offers a unique record of the nature and cultures of Victorian science Such figures as the physicist James Clerk Maxwell toy with ideas of nonsense as through their poetry they strive to delineate

the boundaries of the new professional science and discover the nature of scientific creativity Also considering Edward Lear Daniel Brown finds the Victorian renaissances in research science and nonsense literature to be curiously interrelated Whereas science and literature studies have mostly focused upon canonical literary figures this original and important book conversely explores the uses literature was put to by eminent Victorian scientists **Ten Circles Upon the Pond** Virginia Tranel,2007-12-18 A beautifully written collection of essays for anyone who s ever lived in that unwieldy group called family a story that takes us from Iowa to the high country of Wyoming and Montana as a woman and her husband search for the perfect place to raise their five daughters and five sons Rooted in real life experience this unique essay collection of passion intimacy work religion puberty love and loss and the struggle to be steadfast in times of enormous social change reads like a novel full of lively characters spirited dialogue and a landscape that takes you from Iowa to the high country of Wyoming and Montana As the chapters unfold one focused on each child Virginia Tranel and her husband search for the ideal place to raise the five daughters and five sons born to them between 1957 and 1978 Tranel artfully weaves daily moments with world events as she reflects on how our culture affects our decisions She offers candid observations on everything from her reproductive choices and feminism s influence on her thinking to sibling rivalries and her family s emotional response when an architect son emails firsthand reports of the horrors of September 11 Whether considering the issues intrinsic to marriage and child raising or questioning her own common sense her insights are always provocative and deeply moving
