to complicated discourses about race the social and moral requirements of American citizenship and the very nature of American identity Drawing on such textual sources as studio production files censorship records and discussions and debates about religion and film in the black press as well as providing close readings of films this richly illustrated and meticulously researched book brings religious studies and film history together in innovative ways Romance and Rights Alex Lubin, 2009-09-18 Romance and Rights The Politics of Interracial Intimacy 1945-1954 studies the meaning of interracial romance love and sex in the ten years after World War II How was interracial romance treated in popular culture by civil rights leaders African American soldiers and white segregationists Previous studies focus on the period beginning in 1967 when the Supreme Court overturned the last state anti miscegenation law *Loving v Virginia* Lubin's study however suggests that we cannot fully understand contemporary debates about hybridity or mixed race identity without first comprehending how WWII changed the terrain The book focuses on the years immediately after the war when ideologies of race gender and sexuality were being reformulated and solidified in both the academy and the public Lubin shows that interracial romance particularly between blacks and whites was a testing ground for both the general American public and the American government The government wanted interracial relationships to be treated primarily as private affairs to keep attention off contradictions between its outward aura of cultural freedom and the realities of Jim Crow politics and anti miscegenation laws Activists however wanted interracial intimacy treated as a public act one that could be used symbolically to promote equal rights and expanded opportunities These contradictory impulses helped shape our current perceptions about interracial romances and their broader significance in American culture Romance and Rights ends in 1954 the year of the *Brown v Board of Education* decision before the civil rights movement became well organized By closely examining postwar popular culture African American literature NAACP manuscripts miscegenation laws and segregationist protest letters among other resources the author analyzes postwar attitudes towards interracial romance showing how complex and often contradictory those attitudes could be *The Encyclopedia of Racism in American Films* Salvador Jiménez Murguía, 2018-04-12 Winner RUSA 2019 Outstanding Reference Source Winner and named a Library Journal Best Reference Book of the Year 2018 From D W Griffith's *Birth of a Nation* in 1915 to the recent *Get Out* audiences and critics alike have responded to racism in motion pictures for more than a century Whether subtle or blatant racially biased images and narratives erase minorities perpetuate stereotypes and keep alive practices of discrimination and marginalization Even in the 21st century the American film industry is not color blind evidenced by films such as *Babel* 2006 *A Better Life* 2011 and *12 Years a Slave* 2013 *The Encyclopedia of Racism in American Film* documents one facet of racism in the film industry wherein historically underrepresented peoples are misrepresented through a lack of roles for actors of color stereotyping negative associations and an absence of rich nuanced characters Offering insights and analysis from over seventy scholars critics and activists the volume highlights issues such as Hollywood's diversity crisis White Savior films Magic Negro tropes The

Film Censorship in America Jeremy Geltzer,2017-11-28 Since the first films played in nickelodeons controversial movies have been cut or banned across the United States Far from Hollywood regional productions such as Oscar Micheaux s provocative race films and Nell Shipman s wildlife adventures were censored by men like Major M L C Funkhouser the terror of Chicago s cinemas and Myrtelle Snell the Alabama administrator who made the slogan Banned in Birmingham famous Censorship continues today with Utah s case against *Deadpool* 2016 pending in federal court and Robert Rodriguez s *Machete Kills* 2013 versus the Texas Film Commission This authoritative state by state account covers the history of film censorship and the battle for free speech in America **Militarization and Democracy in West Germany's Border Police, 1951-2005** David M. Livingstone,2024 A social history of West Germany s Bundesgrenzschutz BGS Federal Border Police that complicates the telling of the country s history as a straightforward success story The 2020 murder of George Floyd by Minneapolis police officers shows that police violence is still a problem in Western democracies Floyd s murder prompted some critics to hail the German police as a model of democratic policing that should be emulated After 1945 Germany s police forces had supposedly shed the militarization and authoritarian impulses still prevalent in other nations forces These uncritical appraisals however deserve closer analysis This book is a social history of West Germany s Bundesgrenzschutz BGS a federal border guard established in 1951 that became re unified Germany s first national police force It argues that the BGS revived authoritarian traditions of militarized policing and kept them alive long into the postwar era even though the country was supposedly consigning these problematic legacies to its past The BGS was staffed and led by Wehrmacht and SS veterans until the late 1970s and while West Germany was democratizing BGS commanders were still planning to fight wars and were teaching its officers street fighting tactics While the end outcome was positive the study contributes to the growing body of recent research that complicates the writing of the Federal Republic s history as a success story Dealing explicitly with post fascist West Germany s struggle to establish a democratic police force the book enters a conversation with studies concerned with democratization security and Germany s effort to overcome its Nazi past DAVID M LIVINGSTONE holds a PhD in History from the University of California San Diego He is retired as Chief of Police of Simi Valley California and is an adjunct professor at California Lutheran University **Flesh and Blood** Susan E. Lederer,2008-04-24 Organ transplantation is one of the most dramatic interventions in modern medicine Since the 1950s thousands of people have lived with new hearts kidneys lungs corneas and other organs and tissues transplanted into their bodies From the beginning though there was simply a problem surgeons often encountered shortages of people willing and able to give their organs and

tissues To overcome this problem they often brokered financial arrangements Yet an ethic of gift exchange coexisted with the commodification of the body The same duality characterized the field of blood transfusion which was essential to the development of modern surgery This book will be the first to bring together the histories of blood transfusion and organ transplantation It will show how these two fields redrew the lines between self and non self the living and the dead and humans and animals Drawing on newspapers magazines legal cases films and the papers and correspondence of physicians and surgeons Lederer will challenge the assumptions of some bioethicists and policymakers that popular fears about organ transplantation necessarily reflect timeless human concerns and preoccupations with the body She will show how notions of the body intact in parts living and dead are shaped by the particular culture in which they are embedded **Jet** ,1953-06-25
