Luca Bandirali, Enrico Terrone, 2021-11-08 What is a television series A widespread answer takes it to be a totality of episodes and seasons Luca Bandirali and Enrico Terrone argue against this characterization In *Concept TV An Aesthetics of Television Series* they contend that television series are concepts that manifest themselves through episodes and seasons just as works of conceptual art can manifest themselves through installations or performances In this sense a television series is a conceptual narrative a principle of construction of similar narratives While the film viewer directly appreciates a narrative made of images and sounds the TV viewer relies on images and sounds to grasp the conceptual narrative that they express Here lies the key difference between television and film Reflecting on this difference paves the way for an aesthetics of television series that makes room for their alleged prolixity their tendency to repetition and their lack of narrative closure Bandirali and Terrone shed light on the specific ways in which television series are evaluated arguing that some apparent flaws of them are indeed aesthetic merits when considered from a conceptual perspective Hence to maximize the aesthetic value of television series one should not assess them in the same framework in which films are assessed but rather in a distinct conceptual framework *The Complete Novels of R. These narratives are characterized by their rich imagery and rhythmic prose which beautifully echo the oral storytelling tradition of the Arctic. Through themes of respect for the natural world and the relationships between humans and animals, Riggs not only preserves these vital tales but also illuminates the sociocultural context of the Inuit people, highlighting their deep connection to their environment and the wisdom embedded in their traditions. Renée Coudert Riggs, an anthropologist and writer, dedicated much of her life to the exploration and understanding of Indigenous cultures. Her immersion into Inuit communities provided her with firsthand insights; these experiences significantly influenced her storytelling. Riggs's commitment to cultural preservation resonates throughout her work, making her a significant figure in the documentation of Indigenous narratives. Her academic background combined with her passion for the art of storytelling uniquely positions her to convey the essence of Inuit folklore. I highly recommend *Animal Stories from Eskimo Land* to anyone interested in folklore, anthropology, or Indigenous Studies. Riggs's engaging prose invites readers to step into a world where animals embody wisdom and where stories provide a vital connection to identity and culture, making it a profound read for both academics and casual readers alike.

Electra d'Aplise is a top model who seems to have it all: beauty, fame, and wealth. But beneath the glittery veneer, she's cracking under all the pressure. When her father dies, she turns to alcohol and drugs to ease the pain. As friends and colleagues fear for her health, Electra receives a shocking letter from a stranger who claims to be her grandmother. In 1939, New Yorker Cecily Huntley Morgan arrives in Kenya's Lake Naivasha region for the exciting chance to stay with her godmother, the famous socialite Kiki Preston. But after a sheltered upbringing, she's astounded by the hedonistic antics of the other expats in the infamous Happy Valley set. Cecily soon grows to love her stunning but complicated new home, and she even accepts a proposal of marriage from an enigmatic older cattle farmer. After a shocking discovery and with war looming, Cecily feels isolated and alone. Until she meets a young woman in the woods and makes her a promise that will change the course of her life forever. Featuring Lucinda Riley's engaging and mesmerizing Library Journal starred review storytelling and filled with unforgettable and moving characters, *The Sun Sister* explores how love can cross seemingly impossible boundaries.
