Lost Steersman:

The Lost Steersman Rosemary Kirstein, 2003 At last here is the eagerly anticipated new novel by Rosemary Kirstein critically acclaimed author of *The Steerswoman* and *The Outskirter's Secret* This though provoking story calls to mind the writing of Ursula K LeGuin and Sheri Tepper How do you find a person you have never seen or have never heard described And what if the consequences of not finding him are too terrible to imagine The steerswoman Rowan has learned that Slado a mysterious wizard has secretly been working spells of incredible power Both the Inner Lands and the Outskirts are now threatened by his magic and before the destruction becomes too great to reverse Rowan must find Slado so that he can be stopped But how does one stop the most powerful man in the world In the seaside town of Alemeth the Annex holds centuries of steerswomen's journals They may contain clues to Slado's location but combing through them would take more time than Rowan has to spend Then she encounters a lost friend Janus one of the few rare Steersmen But Janus quit the order without explanation Now the bright beloved companion of Rowan's student days has become a man dominated by dark moods and even darker secrets When sleepy Alemeth transforms into a place of chaos terror and sudden death Rowan wonders if all the secrets are connected The shocking answer will change the steerswoman and her world forever *Lost Steersman*

Rosemary Kirstein, 2003-08 Classical Myths and Legends in the Middle Ages and Renaissance H. David Brumble, 1998-02 While numerous classical dictionaries identify the figures and tales of Greek and Roman mythology this reference book explains the allegorical significance attached to the myths by Medieval and Renaissance authors Included are several hundred alphabetically arranged entries for the gods goddesses heroes heroines and places of classical myth and legend Each entry includes a brief account of the myth with reference to the Greek and Latin sources The entry then discusses how Medieval and Renaissance commentators interpreted the myth and how poets dramatists and artists employed the allegory in their art Each entry includes a bibliography and the volume concludes with appendices and an extensive bibliography of primary and secondary sources *Morality and Expediency* F.G. Bailey, 2017-07-12 This book is about micro politics that kind of manoeuvre to control or avoid being controlled to claim friendship or proclaim enmity which takes place between people who know one another and who must temper and adjust their actions towards one another because they share other activities They are members of the one community and of the same organization and this not only moderates their actions but also provides them with themes for use in the political arena These justificatory themes and the irresolvable contradictions between them and what is to be done when decisions cannot be made through rational procedures is one subject of the book The setting is the university world of committees and dons and administrators but the inquiry is into general questions about organizational life How are value contradictions resolved Why are some matters discussed openly and others only before restricted audiences Could we dispense with confidentiality and secrecy What masks are used to make a person or a point of view persuasive It is impossible and therefore wholly unwise to try to attempt to run such organizations in a wholly open and

wholly rational fashion without an appropriate measure of pretence and secrecy even of hypocrisy they cannot be made to work At a basic level organizations require secrecy and confidentiality to run effectively Loyal to the Land Billy Bergin,2003-05-14 Loyal to the Land is a sweeping history of one of the United States largest working ranches the Big Island of Hawaii s Parker Ranch Dr Bergin chronicles the ranch from its establishment on two acres purchased for ten dollars by John Palmer Parker to the years following World War II and the beginning of a new era of family ranch management under Parker s grandson Richard Smart In this wide ranging and insightful book illustrated with more than 250 historical photos Dr Bergin first discusses the important Hispanic vaquero roots of ranching in Hawaii He then relates the histories of the five foundation families providing rich and detailed information on key members who contributed to the Ranch s success The balance of the book examines every aspect of Parker Ranch development management labor improvements and diversification of livestock veterinary and animal care programs and the Ranch s role and influence on the Big Island and the state

Bos, 2003-01-01 Aristotle's definition of the soul should be interpreted as the soul is the entelechy of a natural body that serves as its instrument The theory of a fine corporeal body makes it much easier to understand Aristotle's position between Plato and the Stoics This correction puts paid to all theories about a development in Aristotle's thought Reading Lucan's Civil War Paul Roche, 2021-09-09 Born in 39 C E the Roman poet Lucan lived during the turbulent reign of the emperor Nero Prior to his death in 65 C E Lucan wrote prolifically yet beyond some fragments only his epic poem the Civil War has survived Acclaimed by critics as one of the greatest literary achievements of the Roman Empire the Civil War is a stirring account of the war between Julius Caesar and the forces of the republican senate led by Pompey the Great Reading Lucan's Civil War is the first comprehensive guide to this important poem Accessible to all readers it is especially well suited for students encountering the work for the first time As the editor Paul Roche explains in his introduction the Civil War alternatively known in Latin as Bellum Civile De Bello Civili or Pharsalia is most likely an unfinished work Roche places the poem in historical and literary contexts that will be helpful to first time readers The volume presents chapter by chapter essays that cover each of the Civil War's ten extant books Five further chapters address topics and issues pertaining to the entire work including religion and ritual philosophy gender dynamics and Lucan's relationships to Vergil and Julius Caesar The

contributors to this volume are all expert scholars who have published widely on Lucan's work and Roman imperial literature. Their essays provide readers with a detailed understanding of and appreciation for the poem's unique features. The contributors take special care to include translations of all original Latin passages and explain unfamiliar Latin and Greek terms. The volume is enhanced by a map of Lucan's Roman world and a glossary of key terms. **The Cape Monthly Magazine**, 1873 The Missionary repository for youth, and Sunday school missionary magazine, 1847
