Loved And Lost The Journey Through Dying Death And Bereavement:

Loved and Lost John Quinlan,1997 This is a simple prayerful and compassionate guidebook for those facing the trauma of the death of a loved one and the painful process of bereavement which follows it She Came to Live Out Loud Myra MacPherson,1999 A celebrated journalist gives helpful sensitive advice for dealing with the universality of grief Jesus Wept Gregory P. Wynot, Sr.,2006-11-22 One of the less formal but most important functions of parish ministry entails providing counseling to parishioners in need of sympathetic hearing and understanding advice from someone they personally know and trust Jesus Wept provides a theological psychological and doctrinal foundation of the Eastern Orthodox Christian view of death that counselors can pass along to help the bereaved place the decedent s passing into proper spiritual context It also discusses the psychological functional and spiritual aspects of the Eastern Orthodox funeral services Author Gregory P Wynot Sr focuses on the especially traumatic circumstances connected with the death of a family member or loved one and details the stages of dying and the grieving process He also discusses how to diagnose and categorize different kinds of grief as well as how best to approach specific situations Finally Wynot looks at the impact of bereavement counseling on the counselor who must find a delicate balance between being a spiritual father and psychological caregiver Also included are resource appendices and a bibliography for further reading Jesus Wept is an invaluable resource that can ease the burden of what is certainly one of the most challenging tasks any counselor is called upon to perform Death 101 Sandra Helene Straub,2016-12-05 Human beings experience many losses in a lifetime but the death of a loved one is among the most traumatic While grieving is a natural part of life it still challenges our daily existence The purpose of Death 101 A Workbook for Educating and Healing 2nd edition is to provide an understanding of dying death and bereavement that will assist individuals to cope better with and understand their own death and the death of others It enables us to examine cultural attitudes and assumptions about dying and death Death 101 2nd edition introduces the dying process grief work and ethical and legal issues while providing personal insight and sensitivity The workbook is meant as a supplement to textbooks on dying and death to accompany the academic material necessary to increase our knowledge about death education At the same time it is intended to be an independent method of working through loss a personal guide for the journey through grief Death 101 2nd edition includes activities that may be used in part or in whole sequentially or at random by individuals or a group Different professionals including counselors teachers clergy medical personnel and caregivers may utilize these activities The therapeutic exercises in Death 101 2nd edition will help the lay reader cope effectively with loss and death and allow a more effective life when faced with grief Scattered throughout the workbook are stories poems and comments from others who have traveled through the grieving process Journey Through Dying, Death and Bereavement John Quinlan,1989-01-01 Called to Grieve Rev.
