## Loves Many Faces:

*The Many Faces of Love*, 2006      **Rabindranath Tagore's The Home and the World** Pradip Kumar Datta, 2005

Designed as a companion to Rabindranath Tagore's Ghare Baire *The Home and the World* the ten essays of this volume cover the novel in terms of the complexity of colonial modernity The book will be of great value and interest to those studying Indian literature post coloniality gender representations and nationalism      *The Many Faces of Germany* John A.

McCarthy, Walter Grünzweig, Thomas Koebner, 2004-04-01 With the fall of the Berlin Wall and the shifting of American foreign policy away from old Europe long established patterns of interaction between Germany and the U S have come under review Although seemingly disconnected from the cultural and intellectual world political developments were not without their influence on the humanities and their curricula during the past century In retrospect we can speak of the many different roles Germany has played in American eyes *The Many Faces of Germany* seeks to acknowledge the importance of those incarnations for the study of German culture and history on both sides of the Atlantic One of the major questions raised by the contributors is whether the transformations in the transatlantic dynamics and in the importance of Germany for the U S have had a major influence on the study of things German in the U S internally The volume gathers together leading voices of the older and younger generations of social historians literary scholars film critics and cultural historians      THE
