Loves Sweet Return The Harlequin Story:

An Imperialist Love Story Amira Jarmakani, 2015-07-31 A curious figure stalks the pages of a distinct subset of mass market romance novels aptly called desert romances Animalistic yet sensitive dark and attractive the desert prince or sheikh emanates manliness and raw sexual power In the years since September 11 2001 the sheikh character has steadily risen in popularity in romance novels even while depictions of Arab masculinity as backward and violent in nature have dominated the cultural landscape An Imperialist Love Story contributes to the broader conversation about the legacy of orientalist representations of Arabs in Western popular culture Combining close readings of novels discursive analysis of blogs and forums and interviews with authors Jarmakani explores popular investments in the war on terror by examining the collisions between fantasy and reality in desert romances Focusing on issues of security freedom and liberal multiculturalism she foregrounds the role that desire plays in contemporary formations of U S imperialism Drawing on transnational feminist theory and cultural studies An Imperialist Love Story offers a radical reinterpretation of the war on terror demonstrating romance to be a powerful framework for understanding how it works and how it perseveres Love and the Novel G. Paizis, 1998-09-07 The popularity of romance fiction is such that it constitutes nearly one quarter of new paperback fiction printed in the world Its success depends on its ability to reflect and articulate the reader s aspirations for a better life and stands at the same time as a testament to her alienation This fresh look at the romantic fiction seeks to discover the reason for its appeal by combining analysis of the poetics of the genre with a study of the real reader s intervention

Transformation of Love Elif Güvendi Yalçın, 2022-11-03 Romances date back to the creation of stories Although the definition of the genre has changed in time from the Ancient Greeks to the Bildungsromans to the 19th century and today s courtship novels both scholarship and widely held attitudes towards romance has remained fixedly and prioritized only the universality unoriginality and continuity of romance fiction instead of its sociocultural effect of promoting positive ideals like female empowerment The portrayal of women in social roles has been in a state of constant change including their relationship with and relation to men This book explores only medieval historical romance fictions and their changes through the course of the time I examine three medieval romances content Walter Scott s Ivanhoe 1920 Kathleen Woodowiss The Wolf and the Dove 1974 and Amanda Quick s Mystique 1995 written in different time periods based on content analysis using Anthony Giddens s 1992 theories of intimacy In addition it will address romance novels views about sex gender and love roles

(Re)Interpretations Lisa Dresdner, Laurel S. Peterson, 2009-01-14 Patriarchal institutions govern all aspects of women s lives their minds their bodies and their souls Additionally they govern the ways in which women are perceived by others and the ways in which women perceive themselves Re Interpretations The Shapes of Justice in Women s Experience is a collection of essays on language religion war sex trafficking and medicine the patriarchal structures that form the basis of western society and thus are in many ways inherently unjust The essays illustrate the multitude of ways that women have

found to work within and without these structures to create justice Traditional theories of justice cast it as a cardinal virtue unbiased and impartial The essays in this book however remove justice from the abstract and return it to the specific most of the essays use personal narratives to highlight the connections all people share The women discussed here are challenging the authority of existing patriarchal narratives by telling their versions and thus calling attention to and challenging their own political and social realities Reflecting a focus on global connectedness and interdisciplinarity the writers of these essays aim not only to raise questions but also to show ways in which women are creating new pathways for themselves Only by exploring solutions will women reclaim justice From L A to Zimbabwe women have stories to tell about their experiences of justice in the inherently patriarchal institutions of Language Religion War Sex Trafficking and Medicine This relevant and thought provoking collection captures the trials that women across the world face and the hope they create through their courageous actions Through both personal narrative and factual overview these essays emphasize that as people committed to justice women must not simply raise the questions but they must also explore solutions in order to reclaim justice for themselves their daughters their sisters and their mothers Contributors Yifat Bitton Stephany Ryan Cate Jo Scott Coe Susan Dewey Carmela Epright Carmen Faymonville Adam Gaynor Pauline Greenhill Denise Handlarski Alison Jobe Marc J W de Jong Jodie M Lawston Jody Lisberger Kristy Maher Susan Maloney Mickias Musiyiwa Ruben Murillo Annemarie Profanter Natalie Wilson and J Carter Wood Showing the usefulness and power of storytelling to change women s lives this book is a welcome contribution to a new type of feminist scholarship that engages insightfully with the questions and concerns rooted on women s practices of change Mar a Pilar Aquino Professor of Theology and Religious Studies University of San Diego and 2008 09 Visiting Professor of Theology Harvard Divinity School As Chair of Women s Studies many anthologies come across my desk for review Only one or two include the more contemporary legal issues related to war and sex trafficking Re Interpretations fills this gap and the complexities of how and by whom behavior is defined are thoughtfully examined and clearly illuminated Nancy S Harris Ph D Department of Anthropology and Sociology and Chair Women s Studies at Manhattanville College this impressive far reaching collection of essays illuminates the gendered nature of global political institutions The collection refreshingly presents women as empowered activists not victims struggling against the patriarchal systems that continue to obstruct social justice and equality It is an important contribution to feminist jurisprudence Cara Tuttle Bell J D Center for Women s Gender Studies at USC Upstate

End of empire and the English novel since 1945
Rachael Gilmour, Bill Schwarz, 2015-07-01 Available in paperback for the first time this first book length study explores the history of postwar England during the end of empire through a reading of novels which appeared at the time moving from George Orwell and William Golding to Penelope Lively Alan Hollinghurst and Ian McEwan Particular genres are also discussed including the family saga travel writing detective fiction and popular romances All included reflect on the predicament of an England which no longer lies at the centre of imperial power arriving at a fascinating diversity of

conclusions about the meaning and consequences of the end of empire and the privileged location of the novel for discussing what decolonization meant for the domestic English population of the metropole The book is written in an easy style unburdened by large sections of abstract reflection It endeavours to bring alive in a new way the traditions of the English novel *American Crime Fiction* Peter Swirski, 2016-07-15 Peter Swirski looks at American crime fiction as an artform that expresses and reflects the social and aesthetic values of its authors and readers As such he documents the manifold ways in which such authorship and readership are a matter of informed literary choice and not of cultural brainwashing or declining literary standards Asking in effect a series of questions about the nature of genre fiction as art successive chapters look at American crime writers whose careers throw light on the hazards and rewards of nobrow traffic between popular forms and highbrow aesthetics Dashiell Hammett John Grisham William Faulkner Ernest Hemingway Raymond Chandler Ed McBain Nelson DeMille and F Scott Fitzgerald **The Picara** Anne K. Kaler, 1991 Courtesan and criminal thief and trollop warrior and wanderer the picara embodies the continuing archetypal pattern of a woman's autonomy She is the sly sharpster in Defoe's heroines such as Roxana and Moll Flanders With an ancestress like Becky Sharp the picara evolves into Scarlett O'Hara before finding a comfortable niche as the female hero in fantasy written by women The Picara traces the development of this character from an autonomous woman in a harsh patriarchal society to the female hero of the modern fantasy novel

Bedside Matters Kathryn McPherson, 2003-12-15 Nursing embodies the seemingly timeless characteristics of feminine healing caring and nurturing yet this archetypally female vocation also boasts a distinctive and complex history Bedside Matters traces four generations of Canadian nurses to explore changes in who became nurses what work they performed and how they organized to defend their occupational interests Whether in the apprenticeship method of the early twentieth century or in the present day restructuring of hospital work the position of nurses within the health care system has been structured by class gender and ethnic and racial relations Located between the doctors and untrained or subsidiary patient care attendants nurses have struggled to define the boundaries of their occupation vis vis other members of the health care hierarchy even as tensions between bedside and administrative nurses created divisions within nursing itself Focusing on the daily labours of ordinary nurses McPherson argues that the persisting sex typing of nursing as women's work has meant that gender consistently complicated nursing's easy categorization as either professional or proletariat Combining archival records and oral histories the author shows how nurses in their work activities and social and sexual attitudes sought recognition as skilled workers in the health care system Previously published by Oxford University Press Edging Women Out Gaye Tuchman, 2012-08-21 Before about 1840 there was little prestige attached to the writing of novels and most English novelists were women By the turn of the twentieth century men of letters acclaimed novels as a form of great literature and most critically successful novelists were men In the book sociologist Gaye Tuchman examines how men succeeded in redefining a form of culture and in invading a white collar occupation previously practiced mostly by women Tuchman

documents how men gradually supplanted women as novelists once novel writing was perceived as potentially profitable in part because of changes in the system of publishing and rewarding authors Drawing on unusual data ranging from the archives of Macmillan and company London to an analysis of the lives and accomplishments of authors listed in the Dictionary of National Biography she shows that rising literacy and the centralization of the publishing industry in London after 1840 increased literary opportunities and fostered men's success as novelists Men redefined the nature of a good novel and applied a double standard in critically evaluating literary works by men and by women They also received better contracts than women for novels of equivalent quality and sales They were able to accomplish this says Tuchman because they were to a large extent the culture brokers the publishers publishers readers and reviewers of an elite art form Both a sociological study of occupational gender transformation and a historical study of writing and publishing this book will be a rich resource for students of the sociology of culture literary criticism and women's studies The Handbook of Gender, Sex, and Media Karen Ross, 2013-12-04 The Handbook of Gender Sex and Media offers original insights into the complex set of relations which exist between gender sex sexualities and the media and in doing so showcases new research at the forefront of media and communication practice and theory Brings together a collection of new cutting edge research exploring a number of different facets of the broad relationship between gender and media Moves beyond associating gender with man woman and instead considers the relationship between the construction of gender norms biological sex and the mediation of sex and sexuality Offers genuinely new insights into the complicated and complex set of relations which exist between gender sex sexualities and the media Essay topics range from the continuing sexism of TV advertising to ways in which the internet is facilitating the re-invention of our sexual selves **Rewriting Capitalism** Beth Holmgren, 2017-03-13 Holmgren examines how capitalism in turn of the century Russia and the Kingdom of Poland affected the elitist culture of literature publishing book markets and readership Holmgren also draws parallels with and assesses recent literary and publishing developments in Russia and Poland shedding light on the current book market and the literature of Eastern Europe as a whole In this ground breaking book Beth Holmgren examines how in turn of the century Russia and its subject the Kingdom of Poland capitalism affected the elitist culture of literature publishing book markets and readership Rewriting Capitalism considers how both serious writers and producers of consumer culture coped with the drastic power shift from serious literature to market driven literature Murder Sara Louise Knox, 1998 An analysis of American murder narratives across a number of genres including novels sociological texts and true crime accounts Margaret Atwood and the Female Bildungsroman Ellen McWilliams, 2017-03-02 Examining Margaret Atwood's work in the context of the complex history of the Bildungsroman Ellen McWilliams explores how the genre has been appropriated by women writers in the second half of the twentieth century She demonstrates that Atwood's early work her own coming of age fiction including unpublished works as well as The Edible Woman Surfacing and Lady Oracle both engages with and works against the paradigms of identity which

are traditionally associated with the genre Making extensive use of unpublished manuscripts in the Atwood Collection at the University of Toronto McWilliams uncovers influences that shaped Atwood's fashioning of identity in her early novels paying particular attention to Atwood's preoccupation with survival as a key symbol of Canadian literature culture and identity She also considers the genre's afterlife on display in *Cat's Eye* *The Robber Bride* *Alias Grace* *The Blind Assassin* and *Moral Disorder* in which the formulations of selfhood and identity in Atwood's early fiction are revisited and developed Atwood emerges as a writer who self-consciously invokes and then undercuts the traditions of the Bildungsroman a turn that may be read as a means of at once interrogating and perpetuating the form McWilliams's book furthers our understanding of subjectivity in Atwood's fiction and contributes to ongoing conversations about the role gender and cultural contexts play in reframing generic boundaries

Rapt in Plaid Elizabeth Waterston, 2003-12-01 Illustrate a long lasting connection between Scottish and Canadian literary traditions and illuminates the way Scottish ideas and values still wield surprising power in Canadian politics education theology economics and social mores

For Love and Money: the Literary Art of the Harlequin Mills and Boon Romance Laura Vivanco, 2011-01-01 Laura Vivanco's study challenges the idea that Harlequin Mills Boon romances are merely mass produced commodities churned out in accordance with a strict and unchanging formula She argues that many are well written skilfully crafted works and that some are small masterpieces *For Love and Money* demonstrates the variety that exists beneath the covers of Harlequin Mills Boon romances They range from paranormal romances to novels resembling chick lit and many have addressed serious issues including the plight of post Second World War refugees threats to marine mammals and HIV AIDS The genre draws inspiration from Shakespearean comedies and Austen's novels as well as from other forms of popular culture Laura Vivanco's *For Love and Money* is an impressive study of the popular fiction of Harlequin Mills and Boon that is a must read for any student of popular fiction and for those who write and love the genre Liz Fielding

Publishing Romance John Markert, 2016-03-15 Romance novels have attracted considerable attention since their mass market debut in 1939 yet seldom has the industry itself been analyzed Founded in 1949 Harlequin quickly gained market domination with their contemporary romances Other publishers countered with historical romances leading to the rise of bodice ripper romances in the 1970s The liberation of the romance novel's content during the 1980s brought a vitality to the market that was dubbed a revolution but the real romance revolution began in the 1990s with developments in the mainstream publishing industry and continues today This book traces the history and evolution of the romance industry covering successful and not so successful trends and describing changes in romance publishing that paved the way for the many popular subgenres flooding the market in the 21st century
