appearance but the Lord looks on the heart 1 Samuel 16:7 In this book *Heal Your Life: Awakening to the Power of Faith, Hope, Love, Prayer* Dr. Maalouf masterly invites us to reject the double lifestyle we are living and to genuinely consider living by the truth of the permeation and integration of theology and politics. Politics, Pope Paul VI declared, is the highest form of charity. And we can add that charity is the highest form of political sanity as well. Indeed, real politics takes action and contemplation. All our crises are rooted in our spiritual crisis: first, for our sanity and survival, God is needed; for our sanity and survival, the politics of the earth should match the politics of the kingdom of God, as this book explains.

Honoring the Medicine Kenneth S. Cohen, 2018-12-04 For thousands of years, Native medicine was the only medicine on the North American continent. It is America's original holistic medicine, a powerful means of healing the body, balancing the emotions, and renewing the spirit. Medicine men and women prescribe prayers, dances, songs, herbal mixtures, counseling, and many other remedies that help not only the individual but the family and the community as well. The goal of healing is both wellness and wisdom. Written by a master of alternative healing practices, *Honoring the Medicine* gathers together an unparalleled abundance of information about every aspect of Native American medicine and a healing philosophy that connects each of us with the whole web of life: people, plants, animals, the earth. Inside, you will discover the power of the Four Winds, the psychological and spiritual qualities that contribute to harmony and health, Native American values including wisdom from the Wolf, and the importance of commitment and cooperation. The Vision Quest, searching for the Great Spirit's guidance and life's true purpose, Moontime rituals, traditional practices that may be observed by women during menstruation, Massage techniques, energy therapies, and the need for touch. The benefits of ancient purification ceremonies such as the Sweat Lodge. Tips on finding and gathering healing plants, the wonders of herbs. The purpose of smudging, fasting, and chanting, and how science confirms their effectiveness. Complete with true stories of miraculous healing, this unique book will benefit everyone who is committed to improving his or her quality of life. If you have the courage to look within and without, Kenneth Cohen tells us, you may find that you also have an indigenous soul.

Caritas Coaching Sara Horton-Deutsch, Jan Anderson, 2018-03-15 Historically, nurses have been the source of heart and healing in the healthcare system. But today's care providers have little opportunity to make sense of their own experiences and let alone be fully present for others. Nurses and other care providers are often ill-prepared for the heavy toll of their day-to-day workload and find themselves at a crossroads: accept things the way they are or search for a different way. Through stories of caring moments, transpersonal journeys, and ongoing evolution, *Caritas Coaching* provides nurses and other caregivers a deep, intimate look at how to integrate Caring Science into their practice. Caring Science offers a scientific and philosophical context to explore, describe, and research human healing, ultimately providing a path for bringing care back into healthcare. By integrating Caring Science into their practice, nurses can balance information and technology with the human side of healthcare.
