The Radicalization of European Jews in the US Metropolis

Frank Jacob, 2024-08-19 During the late 19th and early 20th centuries many Jews from Central and Eastern Europe arrived in New York City where they did not only find a new home but far away from their shtetl origin the new members of the American society also began to politically radicalize There has been a discussion in the literature related to the field where how and why the Jewish population radicalized This study analyses two waves of radicalization one related to the American environment that is responsible for the described process at the end of the 19th century one related to the developments in Eastern Europe during the early decades of the 20th century For both radicalization processes this book compares the reasons elements and aims of those who join radical movements to show that there is a transatlantic perspective that links both processes to each other

Generations of Jewish Directors and the Struggle for America's Soul Sam B. Girgus,2021-08-11 From generation to generation three outstanding American Jewish directors William Wyler Sidney Lumet and Steven Spielberg advance a tradition of Jewish writers artists and leaders who propagate the ethical basis of the American Idea and Creed They strive to renew the American spirit by insisting that America must live up to its values and ideals These directors accentuate the ethical responsibility for the other as a basis of the American soul and a source for

strengthening American liberal democracy In the manner of the jeremiad their films challenge America to achieve a liberal democratic culture for all people by becoming more inclusive and by modernizing the American Idea Following an introduction that relates aspects of modern ethical thought to the search for America's soul the book divides into three sections The Wyler section focuses on the director's social vision of a changing America The Lumet section views his films as dramatizing Lumet's dynamic and aggressive social and ethical conscience The Spielberg section tracks his films as a movement toward American redemption and renewal that aspires to realize Lincoln's vision of America as the hope of the world The directors among many others perpetuate a New Covenant that advocates change and renewal in the American experience

Great War While residing in strong insular communities both groups faced a barrage of demands to participate in a conflict that had been raging in their home countries for nearly three years Italians and Jews did their bit in relief recruitment conservation and war bond campaigns while immigrants and second generation ethnic soldiers fought on the Western front Within a year of the Armistice they found themselves redefined as foreigners and perceived as a major threat to American life rather than remembered as participants in its defense Wartime experiences Christopher Sterba argues served to deeply politicize first and second generation immigrants greatly accelerating their transformation from relatively powerless newcomers to a major political force in the United States during the New Deal and beyond

Urban Origins of American Judaism Deborah Dash Moore, 2014-10-15 The urban origins of American Judaism began with daily experiences of Jews their responses to opportunities for social and physical mobility as well as constraints of discrimination and prejudice Deborah Dash Moore explores Jewish participation in American cities and considers the implications of urban living for American Jews across three centuries Looking at synagogues streets and snapshots she contends that key features of American Judaism can be understood as an imaginative product grounded in urban potentials Jews signaled their collective urban presence through synagogue construction which represented Judaism on the civic stage Synagogues housed Judaism in action its rituals liturgies and community while simultaneously demonstrating how Jews Judaized other aspects of their collective life including study education recreation sociability and politics Synagogues expressed aesthetic aspirations and translated Jewish spiritual desires into brick and mortar Their changing architecture reflects shifting values among American Jews Concentrations of Jews in cities also allowed for development of public religious practices that ranged from weekly shopping for the Sabbath to exuberant dancing in the streets with Torah scrolls on the holiday of Simhat Torah Jewish engagement with city streets also reflected Jewish responses to Catholic religious practices that temporarily transformed streets into sacred spaces This activity amplified an urban Jewish presence and provided vital contexts for synagogue life as seen in the captivating photographs Moore analyzes
