**National Security** Carl Bradley,William Hoverd,Nick Nelson,2020-04-19 In an interrelated and increasingly complex dynamic and globalised security environment New Zealand faces a range of complex and multifaceted non traditional threats They range from trade insecurity to terrorism and transnational crime disputes over the control and exploitation of resources and tensions linked to ideological cultural and religious differences The volume s contributors include local and international academics alongside experts who have extensive New Zealand security sector expertise in defence diplomacy national security coordination intelligence policing trade security and bordermanagement New Zealand National Security Challenges Trends and Issues situates New Zealand within its broader political and regional security context and the various great and minor power tensions occurring within the Asia Pacific and South Pacific regions It looks at how to protect New Zealand s border and the zones where its interests meet the world it examines alternative ways of thinking and doing New Zealand s national security and it looks at looming national security questions It aims to provide New Zealanders with a critical awareness of the various salient security trends challenges and opportunities to initiate a whole of society discussion of security

**The Secret History of UK Security Vetting from 1909 to the Present** Daniel Lomas,2025-05-15 Using newly available government records private papers and documents obtained through Freedom of Information this book tells the secret story of UK security vetting from 1909 to the present Although Britain avoided American style red baiting and McCarthy like witch hunts successive UK governments have like their Five Eyes allies implemented security procedures to protect government defence and industry from so called subversives and fellow travellers Officially from 1948 the British government applied political tests to civil servants a process extended to character defects in the early 1950s with the introduction of positive vetting However an unofficial purge had taken place for much longer facing political backlashes as an infringement of civil liberties and suppression of free speech Although it s been argued that Britain s secret purge had little impact this study looks at the experiences of those removed from the secret state those LGBT and BAME individuals discriminated against by government and the impact of government policy generally while studying the responses of Ministers and civil servants to spy scandals and international events Drawing from newly released archival material Freedom of Information releases and interviews this book offers new insights into the scope of government security checks on civil

servants defence contractors and armed forces personnel from Edwardian spy scares and the inter war period to the Cold War and present day *The Cumulative Book Index* ,1978 A world list of books in the English language **Hearings** United States. Congress. House. Committee on Post Office and Civil Service,1959 **National Security, Democracy, & Good Governance in Post-Military Rule Nigeria, Volume One** Dr. Dan Mou,2016-12-30 This book shows that the security economic political and social problems challenging national security democracy and good governance currently in Nigeria would get better or worse depending on what happens to the seventy one percent 71% of Nigerias population still living below poverty line This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness the worst civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in future It concludes however that under such intense pressures the Government of Nigeria even if it is simply for its self preservation will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria These are the ones who have for long captured and hijacked state power and the resources of the country for their exclusive use **Hybridisation of Political Order and Contemporary Revisionism** Nik Hynek,Vít Štrítecký,2022-08-01 This volume argues that contemporary political and security revisionism should not be considered a homogenous attack against the international order but rather a bag of tailor made strategies to exploit opportunities found in various highly localised contexts Scholars with backgrounds in Security Studies Area Studies International Relations and Political Theory are brought to examine revisionist tendencies in Central Eastern Europe Post Soviet Space China and the Transatlantic Space In doing so they try to remedy the existing disciplinary separatism or policing which has obfuscated any theorisation of the connections between international and domestic politics for many decades Part of the analytical focus is on novel phenomena especially the utilization of cyberspace and new social media and technological innovation One of the conclusions of this volume is that the rise in contemporary revisionism shows the oft forgotten importance of the first image of international politics political leaders in other words do indeed matter The fact that they matter is only reinforced when they represent regional or even great powers and especially revisionist regimes and states with the propensity to produce complex effects The chapters in this book were originally published as a special issue of the journal Europe Asia Studies

Emotions and Social Movements Helena Flam,Debra King,2007-04-11 Most research on social movements has ignored the significance of emotions This edited volume seeks to redress this oversight and introduces new research themes and tools to the field of emotions and social movements Sociologists and political activists around the world will find this volume to be of great interest due to its wide ranging approach and its unique emphasis on the role of emotion in protest dissent and

social movements      Democracy Betrayed William W. Keller,2017-01-01 A vital and important look at the rise of a security state that is transforming the nature of our democracy In the aftermath of 9 11 in lockstep with booming technological advancements a new and more authoritarian form of governance is upplanting liberal democracy The creation of the Security Industrial Complex an internal security state within the state fueled by tech companies private security firms and the Intelligence Community to the tune of 120 billion a year is intruding on civil liberties to an unprecedented extent Politicians tolerate it some citizens welcome it thinking it may be the way to keep America safe in a time of uncertainty and terrorism But how real is this threat and is it worth the loss of our individual privacy As a society we have yet to comprehend the meaning of universal digital interconnection its impact on our psychology and its transformation of our government and society America is at a crossroads in contending with a security goliath allowing the beginnings of a police state and the conversion of our liberal democracy to a secure democracy one where government overreaches tramples on civil liberties and harnesses great advancements in technology to spy on the populace Keller walks us through what these changes can mean to our society and more importantly what we can do to halt our march toward intrusive and widespread surveillance An urgent wakeup call for a country in crisis Democracy Betrayed is a timely and deeply important book about the future of America      **Choice** ,1981      The State of Islam Saadia Toor,2011-07-08 This book tells the story of Pakistan through the lens of the Cold War and more recently the War on Terror to shed light on the domestic and international processes behind the global rise of militant Islam Unlike existing scholarship on nationalism Islam and the state in Pakistan which tends to privilege events in a narrowly defined political realm Saadia Toor highlights the significance of cultural politics in Pakistan from its origins to the contemporary period This extra dimension allows Toor to explain how the struggle between Marxists and liberal nationalists was influenced and eventually engulfed by the agenda of the religious right
