years since that publication his output has only increased His worldwide reputation continues to be celebrated In London he has been shown in a major retrospective at the Tate and more recently a number of his new paintings have been shown at the Wallace Collection This second volume contains the recent paintings both large and small together with a number of extraordinary new works on paper His work shows no sign of diminishing energy We are witnessing the work of one of the great artists of our time now in his eighties as he reaches still further with his scrutiny of human form and flesh **Lucian Freud** Lucian Freud, Anders Kold, 2017 Lucian Freud's artwork is both intimate and raw The viewer is confronted with corpulent figures nudity and glimpses into the psyches of those he portrayed The painter who died in 2011 was the grandchild of psychiatrist Sigmund Freud The UBS Art Collection contains the majority of etchings from Freud's last creative phase as well as one watercolor and two paintings a total of fifty four works of the highest quality that are simultaneously delicate and bold The fact that the exhibition is held in Berlin's Martin Gropius Bau is of particular significance as the city was Freud's birthplace from which he was forced to flee with his parents in 1933 With the help of the UBS Art Collection it is as if the artist now returns home Exhibition 22.7.22-10.2017 Martin Gropius Bau **Lucian Freud**, 2002 **Lucian Freud** Lucian Freud, 2008 *Lucian Freud* Lucian Freud, 1998 **Lucian Freud On Paper** Lucian Freud, Richard Calvocoressi, Sebastian Smee, 2009-02-03 Introduction Sebastian Smee The graphics of Lucian Freud Richard Calvocoressi *Lucian Freud : Paintings* Robert Hughes, 1987 *Lucian Freud - the Copper Paintings* Martin Gayford, David Scherf, 2021-09-28 Brings together for the first time Lucian Freud's oil on copper paintings including his lost portrait of Francis Bacon and two works that have never been reproduced before In the early 1950s Lucian Freud produced several works in oil paint on copper a technique favored by 17th century artists such as Rembrandt and Frans Hals but unusual for a 20th century painter Originally thought to be only a handful Freud in fact painted more than a dozen copper works all small scale enamel smooth and astonishingly intense Based on a decade of research this book for the first time brings together all of Freud's coppers including two works that have never been reproduced before Among these paintings is Freud's famous portrait of Francis Bacon labeled by Nicholas Serota as the most important portrait of the 20th century The work was stolen in 1988 its whereabouts still unknown but during research for the book a rare photograph was discovered that shows the work just minutes before the theft and it is published here for the first time **A Painter's Progress** David Dawson, 2014-10-07 For nearly twenty years David Dawson was Lucian Freud's assistant companion and model Freud moved in rarefied powerful circles and was tenacious about protecting his privacy He also carefully avoided distraction With few exceptions he wanted only those he knew well like the late Bruce Bernard to photograph him David Dawson however was in a unique position and as Freud became comfortable in the presence of Dawson's camera photographing became part of the daily ritual of the studio These photographs reveal in a most intimate way the subjects and the stages of paintings in progress Few artists if any have had their lives and their work recorded over such a length of time Despite Freud's sense of privacy his

circle was wide Among those who regularly visited Freud were figures from the art world including art historian John Richardson and painters David Hockney and Frank Auerbach along with model Kate Moss and friends such as the Duke of Beaufort The book begins in Freud s old studio in Holland Park and then records the artist in his eighteenth century house in Kensington the first floor of which was his final studio Dawson also photographed Freud on his visits to look at masterpieces in various museums in New York Amsterdam and Madrid The book ends with views of the rooms in which Freud s own extraordinary collection of paintings was hung It is the only record of the house itself before the dispersal of the art on his death but ultimately the photographs create an intimate portrait of the man The final images in this book are of the hanging of Freud s work in his posthumous London exhibition at the National Portrait Gallery Haunting and fascinating this is a revelatory document about one of our most important and influential painters
