mountaineer from countries with long climbing traditions and home ranges that make Australia's highest summit look like a suburban hill. This book tells the story of Australian mountaineering in the great ranges of Asia from the exploits of a brash young colonial with an early British Himalayan expedition in the 1920s to the coming of age of Australian climbers in the 1980s. The story goes beyond the two remarkable Australian ascents of Mt Everest in 1984 and 1988 to explore the exploits of Australian climbers in the far flung corners of the high Himalaya. Above all the book presents a glimpse into the lives, the successes, failures, tragedies, motivations, fears, conflicts, humor and compassion themselves to the ultimate limits of survival in the most spectacular and demanding mountain arena of all.

Escape from the Happy Cannibal Ron Miller, 2006. When Ron Miller decided to exchange his life of comfort and security for an extended global journey he never imagined the cultural trials he would face or the spiritual lessons he would learn. Immersing himself deeply into a potpourri of international cultures, Miller felt compelled to ask himself: If I had been born into a society of cannibals, would I question that society's behaviors and values or would I simply be a happy cannibal? Miller searched the entire world for the guidance that supersedes culture and he found that wisdom in the last and most obvious place he looked: Back cover.

*Nanga Parbat - The Ultimate Chronicle* Robert Ransauer, 2024-09-13. The story of Nanga Parbat is long and multifaceted. It was often personified as implacable and unapproachable. Attempts to climb it were made as early as the 19th century. Between the First and Second World Wars it was named the mountain of destiny for the Germans and abused by National Socialist propaganda. The best mountaineers lost their lives in large numbers. In the 1950s, the decade of the first ascents of 8,000m peaks, Nanga also fell. Its first climber, the unforgettable Hermann Buhl, would have celebrated his 100th birthday in 2024. This story from a long forgotten time up to the days of modern mountaineering is dedicated to him.
