Detailed information is presented on tutoring program objectives, lesson plans, and teaching strategies. The text is further enhanced with basic sentence structure, words, letters, the teaching of grammar, reference information with explanations, examples, and suggested homework. The Appendix contains material on teaching resources, phonics charts, alphabet flashcards, and alphabet practice sheets. **Smart! a Reading Tutor's Guide** Sylvia Keepers, 2014-07-22 SMART A Reading Tutor's Guide is a complete handbook for adults who want to help teens excel at reading and learning. SMART is also an indispensable aid in setting up a tutoring practice. It covers all aspects of individual reading instruction from word recognition through in depth understanding at the advanced high school level. With this guide, any educated person, even if one who has never taught before, can help teens read well, love reading, and become motivated, independent learners. While this book focuses on teaching teens, its use isn't confined to one age group. Teachers who work with younger children are using the ideas in SMART to help their students become more confident, enthusiastic readers. At the same time, instructors of college students and adults will find practices here to help their students master the demands of higher level academic reading. High quality tutoring transforms students' lives. As a tutor for more than three decades, Sylvia Keepers has had the opportunity and pleasure of playing a part in hundreds of such transformations. Teens and children, no one had been able to help before, now succeed regularly in school and in life as a result of her efforts. In SMART, Sylvia shares winning practices, attitudes, and tips that will allow other tutors to experience a new level of success with their own students. Target information
