Manuscripts Of The Younger Romantic Volume 4:

Romanticism: Romanticism, belief, and philosophy Michael O'Neill, Mark Sandy, 2006 **Apocalypse and Millennium in English Romantic Poetry** Morton D. Paley, 1999-10-07 The interrelationship of the ideas of apocalypse and millennium is a dominant concern of British Romanticism The Book of Revelation provides a model of history in which apocalypse is followed by millennium but in their various ways the major Romantic poets Blake Wordsworth Coleridge Byron Keats and Shelley question and even at times undermine the possibility of a successful secularization of this model No matter how confidently the sequence of apocalypse and millennium seems to be affirmed in some of the major works of the period the issue is always in doubt the fear that millennium may not ensue emerges as a significant if often repressed theme in the great works of the period Related to it is the tension in Romantic poetry between conflicting models of history itself history as teleology developing towards end time and millennium and history as purposeless cycle This subject matter is traced through a selection of works by the major poets partly through an exposition of their underlying intellectual traditions and partly through a close examination of the poems themselves **Literature and Authenticity, 1780-1900** Michael Davies, 2016-05-06 Individually and collectively these essays establish a new direction for scholarship that examines the crucial activities of reading and writing about literature and how they relate to authenticity Though authenticity is a term deep in literary resonance and rich in philosophical complexity its connotations relative to the study of literature have rarely been explored or exploited through detailed critical examination of individual writers and their works Here the notion of the authentic is recognised first and foremost as central to a range of literary and philosophical ways of thinking particularly for nineteenth century poets and novelists Distinct from studies of literary fakes and forgeries this collection focuses on authenticity as a central paradigm for approaching literature and its formation that bears on issues of authority self reliance truth originality the valid and the real and the genuine and inauthentic whether applied to the self or others Topics and authors include the spiritual autobiographies of William Cowper and John Newton Ruskin and travel writing British Romantic women poets William Wordsworth and P B Shelley Robert Southey and Anna Seward John Keats Lord Byron Elizabeth Gaskell Henry David Thoreau Henry Irving and Joseph Conrad The volume also includes a note on Professor Vincent Newey with a bibliography of his critical writings **Literary Manuscript Culture in Romantic Britain** Levy Michelle Levy, 2020-02-14 A study of the production and circulation of literary manuscripts in Romantic era Britain Offers a detailed examination of the practices of literary manuscript culture particularly the production circulation and preservation of manuscripts based on extensive archival research Demonstrates how literary manuscript culture co evolved with print culture in a nuanced study of the interactions between the two media Examines the changing cultural attitudes towards literary manuscripts and how these changes affected practices and values Surveys the impact of digital media on our access to and understanding of historical manuscripts This book examines how manuscript practices interacted with an expanding print

marketplace to nurture and transform the period's literary culture. It unearths the alternative histories manuscripts tell us about British Romantic literary culture describing the practices by which handwritten documents were written, shared, altered and preserved and explores the functions they served as instruments of expression and sociability. By demonstrating how literary manuscript culture co-evolved with print culture, this study illuminates the complex entanglements between the media of script and print.

Shelley and the Romantic Imagination Thomas R. Frosch, 2007. Frosch offers a fuller psychoanalytic account of Shelley's poetry than previously available, discussing both oedipal and pre-oedipal conflict, the positive and negative attitudes toward both the father and the mother, and the subtle workings, defensive and creative, of the ego. Jacket.

Multiple Authorship and the Myth of Solitary Genius Jack Stillinger, 1991-08-15. This is a study of the collaborative creation behind literary works that are usually considered to be written by a single author. Although most theories of interpretation and editing depend on a concept of single authorship, many works are actually developed by more than one author. Stillinger examines case histories from Keats, Wordsworth, Coleridge, Mill, and T. S. Eliot, as well as from American fiction, plays, and films, demonstrating that multiple authorship is a widespread phenomenon. He shows that the reality of how an author produces a work is often more complex than is expressed in the romantic notion of the author as solitary genius. The cumulative evidence revealed in this engaging study indicates that collaboration deserves to be included in any account of authorial achievement.

Schock,2003-07-08 Criticism has largely emphasised the private meaning of Romantic Satanism treating it as the celebration of subjectivity through allusions to Paradise Lost that voice Satan s solitary defiance The first full length treatment of its subject Romantic Satanism explores this literary phenomenon as a socially produced myth exhibiting the response of writers to their milieu Through contextualized readings of the major works of Blake Shelley and Byron this book demonstrates that Satanism enabled Romantic writers to interpret their tempestuous age it provided them a mythic medium for articulating the hopes and fears their age aroused for prophesying and inducing change *English Romantic Writers and the West Country* N. Roe,2010-05-28 Long confounded with a monolithic British entity or misrepresented as Lakers and Cockneys the diverse regional forms of English Romanticism are ripe for reassessment Ranging west of a line between the Wye at Tintern and Jane Austen s Chawton this book offers a first reconfiguration of Romantic culture in terms of English regional identity

Shelley's Poetics of Reticence Merrilees Roberts,2020-04-22 Exploring the rhetorical and phenomenological links between shame and reticence this book examines the psychology of Shelley s anguished poet Subject Shelley s struggles with the fragility of the self have largely been seen as the result of thinking which connects emotional hyperstimulation to moral and political undermining of the individual will This work takes a different approach suggesting that Shelley s insecurities stemmed from anxieties about the nature of aesthetic self representation Shame is an appropriate affective marker of such anxiety because it occurs at the cusp between internal and external self evaluation Shelley s reticent poetics transfers an affective sense of shame to the reader and provokes interpretive responsibility Paying attention to the affective contours of texts this book presents new readings of Shelley s major works These interpretations show that awakening the reader s ethical discretion creates a constructive dynamic which challenges influential deconstructive readings of the unfinished nature of Shelley s work and thought The Defence of Poetry Fair Copies Percy Bysshe Shelley,1994 The Library of

James VI, 1573-1583, from a Manuscript in the Hand of Peter Young, His Tutor Sir Peter Young, 1893 Shelleyan Reimaginings and Influence Michael O'Neill, 2019-02-20 Through attuned close readings this volume brings out the imaginative and formal brilliance of Percy Bysshe Shelley's writing as it explores his involvement in processes of dialogue and influence. Shelley recognizes that poetic individuality is the reward of connectedness with other writers and cultural influences. A great Poem is a fountain forever overflowing with the waters of wisdom and delight he writes and after one person and one age has exhausted all its divine effluence which their peculiar relations enable them to share another and yet another succeeds and new relations are ever developed the source of an unforeseen and an unconceived delight. A Defence of Poetry. He is among the major Romantic poetic exponents and theorists of influence because of his passionately intelligent commitment to the onward dissemination of ideas and feelings and to the unpredictable ways in which poets position themselves and are culturally positioned between past and future. The book has a tripartite structure. The first three chapters seek to illuminate his response to representative texts, figures and themes that constitute the triple pillars of his cultural inheritance: the classical world, Plato, Renaissance poetry, Spenser and Milton, Christianity and in particular the concept of deity and the Bible. The second and major section of the book explores Shelley's relations and affinities with as well as differences from his immediate predecessors and contemporaries: Hazlitt and Lamb, Wordsworth, Coleridge, Southey, Byron, Keats, including the influence of Dante on Shelley's elegy for his fellow Romantic and the great painter J. M. W. Turner with whom he is often linked. The third section considers Shelley's reception by later nineteenth-century writers, figures influenced by and responding to Shelley, including Beddoes, Hemans, Landon, Tennyson and Swinburne. A coda discusses the body of critical work on Shelley produced by A. C. Bradley, a figure who stands at the threshold of twentieth-century thinking about Shelley. **Bibliotheca Lindesiana ...** James Ludovic Lindsay, Earl of Crawford, 1910
