Bacci, 2014-03-15 Thanks to current portrayals of Jesus of Nazareth we are apt to think of him as having long hair and a short beard But the holy scriptures do not describe Christ's physiognomy and his representations are inconsistent in early Christian and medieval arts How did this long haired archetype come to be accepted in the late ninth century as the standard iconography of the Son of God To answer this question *The Many Faces of Christ* examines the complex historical and cultural dynamics underlying the making and final establishment of Christ's image between late antiquity and the early Renaissance Taking into account a broad spectrum of iconographic and textual sources Michele Bacci describes the process of creating Christ's image against the backdrop of ancient and biblical conceptions of beauty and physicality as indicators of moral ascetic or messianic qualities He investigates the increasingly dominant role played by visual experience in Christian

religious practice which promoted belief in the existence of ancient documents depicting Christ's appearance and he shows how this resulted in the shaping of portrait like images that were said to be true to life With glances at analogous progressions in the Jewish Muslim Buddhist Hindu Jain and Taoist traditions this beautifully illustrated book will be of interest to specialists of Late Antique Byzantine and medieval studies as well as anyone interested in the shifting controversial conceptions of the historical figure of Jesus Christ *The Many Faces of Italy* Jean Valbonne,1973

Salsini, 2017-01-28 This volume investigates the ways in which Italian women writers filmmakers and performers have represented female identity across genres from the immediate post World War II period to the turn of the twenty first century Considering genres such as prose poetry drama and film these essays examine the vision of female agency and self actualization arising from women artists critique of female identity This dual approach reveals unique interpretations of womanhood in Italy spanning more than fifty years while also providing a deep investigation of the manipulation of canvases historically centered on the male subject With its unique coupling of generic and thematic concerns the volume contributes to the ever expanding female artistic legacy and to our understanding of postwar Italian women's evolving relationship to the narration of history gender roles and these artists use and revision of generic convention to communicate their vision *Made in Italy* Franco Fabbri, Goffredo Plastino, 2013-10-30 Provides comprehensive introduction to the history sociology and musicology of 20th century Italian popular music Essays written by authors from a variety of backgrounds offer broad portrait of modern popular musical culture for readers new to Italian music *Doubting Women in*

Early Modern Italy Marco Faini, 2025-10-01 This book explores early modern Italian women as agents of doubt. While women were often considered prone to doubt as a result of their natural weakness, the essays gathered here reverse this view, demonstrating how women were able to embrace doubt as a means to expand their agency. Using doubt to contest both official narratives as well as religious and civil practices, women were able to carve out a space of their own in contemporary culture and society. The volume covers a period from the late fifteenth to the mid-seventeenth centuries, offering critical insight into early modern doubt and investigating how doubt, like other categories of thought, could be gendered. Contributors address the topics of doubt and the Querelle des Femmes, religion, writing, and social networks. The volume offers a multidisciplinary approach to early modern doubt, combining gender studies with religious history, the history of literature, social history, and the history of science.
