My Roots, My Love, My Destiny Beatrice Akpu Inyang Eleje, 2012-07. *My Roots, My Love, My Destiny* is the story of two strong women told across an epic and rich canvas painted by two wars and two unique destinies. In her ninety-six years, Ogeri author Beatrice Akpu Inyang Eleje's mother experienced danger, heartbreak, and great love. Her journey spanned most of the twentieth century and was dictated by the societal norms, values, and traditions of the Nigeria of her time. Lovingly reconstructed, these are a few of Eleje's most beloved and revered memories of her mother. For the daughter, her journey was spent attempting to navigate rapidly changing waters. Caught between two colliding civilizations, the Western civilization and African culture, and Nigeria, two cultures and two world views, her path was less certain. While one world encouraged

independence the other demanded absolute filial obedience Rebellion was inevitable As Eleje listened to her mother speak of her life the similarities emerged Both women survived their husbands and both knew the heartache of illness loss and uncertainty as well as the joys of love in the most unexpected places But through it all rings a life sustaining truth worth celebrating no matter how dark the tunnel there is always light just around the corner if you can just lift your head to look Designed to inspire younger women to persevere in the face of seemingly insurmountable odds the story of these two women proves that no matter what you just need to take the next step to ward hope *The 5 Love Languages of Children/The 5 Love Languages of Teenagers Set* Gary Chapman,Ross Campbell,2010-04-21 This set includes The 5 Love Languages of Children and The 5 Love Languages of Teenagers In The 5 Love Languages of Children the author examines the different languages your children speak Sometimes they waver for your attention and other times they ignore you completely Sometimes they are filled with gratitude and affection and other times they seem totally indifferent Attitude Behavior Development Everything depends on the love relationship between you and your child When children feel loved they do their best But how can you make sure your child feels loved Since 1992 Dr Gary Chapman s best selling book The Five Love Languages has helped more than 300 000 couples develop stronger more fulfilling relationships by teaching them to speak each others love language Each child too expresses and receives love through one of five different communication styles And your love language may be totally different from that of your child While you are doing all you can to show your child love he may be hearing it as something completely opposite Discover your child s primary language and learn what you can do to effectively convey unconditional feelings of respect affection and commitment that will resonate in your child s emotions and behavior In The 5 Love Languages of Teenagers Dr Gary Chapman explores the world in which teenagers live explains the developmental changes and give tools to help you identify and appropriately communicate in your teens love language Socially mentally and spiritually teenagers face a variety of pressures and stresses each day Despite these peer pressures it is still parents who can influence teens the most Are you equipped to love your teenager effectively Get practical tips on loving your teen effectively and explore key issues in your teen s life including anger and independence Finally learn how to set boundaries that are enforced with discipline and consequences and discover useful ways for the difficult task of loving when your teen fails Get ready to discover how the principles of the five love languages can really work in the lives of your teens and family Over 400 000 copies sold **The force of love: being a memoir of M.H.
