Many More Mountains: Silverton's roots Allen Nossaman, 1989 **Poems in a Line** Iosefina Schirger, The Light Color and Sound of Words Iosefina Schirger writes and dreams touching the light color and sound of words with her fingers Entire poems seem to come from a universe where beauty floats in the air Wherever you start reading poetry extends a hand you pass through the labyrinth of love together then linger in meditation and contemplation The painting is created with the heart You dream Before writing Iosefina contemplates the world and resonates with things Once penetrated into us her poetry takes on other dimensions horizons we would never have suspected transcendence demiurgic discourse symbol Iosefina's poetry is a continuous flame it doesn't extinguish only illuminates dispels shadows sadness unfulfillment The flame that burns with an open fire or smolders within us is love itself a continuous oscillation between the inner self and the surrounding world it is Ana herself from the immortal legend built with faith and tears in a poem and now emerging from the wall like a mirage of infinity Poetry is indeed the art of baring your soul of coexisting in love Marin Rada Transcending the Ordinary In the intricate universe of Poems in a Line by Iosefina Schirger a poet of love togetherness and longing we embark on a lyrical journey that transcends the ordinary and invites us into the realm of dreams symbolism and introspection This poetry volume woven with words that dance between reality and imagination unveils the enigmatic landscapes of the poet's mind The Kite Collection sets the stage where words become kites soaring through the vast expanse of emotions Schirger crafts verses that are more than mere linguistic expressions they are ethereal messages carried by the wind of creativity Each poem a delicate string tethered to the soul paints a vivid picture of dreams longing and the pursuit of meaning As we delve into Whirligigs we are swept into a whirlwind of thoughts and reflections The poet invites us to question the nature of existence to contemplate the whimsical whirligigs of life and to navigate the complexities of the human experience The verses echo with a timeless rhythm mirroring the cyclical nature of our journey through joy and sorrow Talks on the Limit invites contemplation on boundaries both tangible and intangible Schirger explores the edges of reality pushing against the limits of perception and understanding The poems become a conversation with the universe challenging the constraints that bind our thoughts and aspirations Exercises against Falling introduces a delicate balance between vulnerability and resilience The poet guides us through exercises of the soul teaching us to navigate the precarious landscapes of love loss and self discovery The verses become a testament to the strength found in embracing our vulnerabilities and learning to stand tall even in the face of adversity In Green Horses the poet takes us on a surreal journey through landscapes painted with shades of nature and imagination The green horses gallop through the verses symbolizing the untamed spirit of creativity Schirger encourages us to ride alongside these mythical creatures embracing the wild and untethered aspects of our own artistic endeavors The Garden from a Test Tube blossoms with metaphors and allegories inviting us into a garden of possibilities Here the poet explores the genesis of ideas the cultivation of imagination and the artistry involved in nurturing

creativity Each sentence becomes a seed planted in the fertile soil of the mind promising a harvest of profound insights and poetic beauty Spring Happiness celebrates the rejuvenating spirit of spring both in the natural world and within the human heart Schirger's verses bloom with the vibrancy of the season inviting us to revel in the joy of renewal growth and the eternal cycle of rebirth The poem becomes a lyrical ode to the ever changing canvas of life Noise in My Head delves into the cacophony of thoughts emotions and memories that inhabit the poet's mind Through a symphony of words Schirger invites us to listen to the internal noise to decipher the melodies and dissonances that shape our inner worlds The poems become a reflection of the chaotic beauty found within the depths of the human psyche Simulating the Concentration challenges us to confront the distractions that vie for our attention in a world filled with constant stimuli Schirger invites us to engage in the delicate dance of concentration to simulate the focus required to navigate the complexities of modern existence The verses become a meditation on the delicate balance between presence and distraction The Poems Drawer opens a portal to the poet's repository of verses a drawer filled with the treasures of language and emotion Each passage carefully folded and placed within becomes a testament to the power of words to capture moments emotions and the essence of the human experience Schirger's poetic drawer becomes a sanctuary for the soul a place where the echoes of the heart find a home As we navigate the poetic landscapes of Poems in a Line we discover a wealth of emotion imagination and profound introspection Iosefina Schirger invites us to embark on a journey where each poem is a step into the vast terrain of the human experience The collection becomes not only a series of verses but also a lyrical odyssey that transcends the boundaries of language inviting readers to immerse themselves in the poetic magic crafted by the author May these poems resonate with your own experiences stir your emotions and invite you to explore the boundless possibilities that poetry offers Vasile Poenaru
