Congress Subject Headings Library of Congress. Cataloging Policy and Support Office, 2007. **Beyond Multicultural Art Education** Rachel Mason, Doug Boughton, 1999. Multiculturalism is a term that has been much used in educational texts in recent years. Its usage is frequently taken for granted in the rhetoric of curriculum literature. However, it has recently become clear that there are significant variations of interpretations of multiculturalism in different world regions. This book takes a new and deeper look at the notion of multiculturalism through the lens of art education. In educational terms, art is a unique tool for the investigation of cultural values because it transcends the barrier of language and provides visceral and tacit insights into cultural change. In order to address the educational interpretations and methods of implementing multiculturalism in different regions of the world, this book contains discussion and analysis of perspectives on art education theory and practice from thirteen countries. The authors of each chapter are respected multicultural experts in their geographic locations who are well equipped to provide unique insights into the particular issues of multiculturalism viewed from the perspective of art in educational contexts. The book as a whole provides tools for the conceptual analysis of contemporary notions linked with multiculturalism, such as interculturalism, internationalism, and globalisation. It also provides strategies for art teaching in relation to these ideas. While the term multicultural education is problematic, this book presents conceptual frameworks that should assist educators to examine their own teaching on issues of equity and diversity that are central to the multicultural education debate. **Pacific Art** Anita Herle, 2002-01-01. Contributors explore the complex relations among Pacific artists, patrons, collectors, and museums over time, as well as the different meanings given to art objects by each. [Cultural Heritage Issues](#) James A.R. Nafziger, Ann M. Nicgorski, 2009-12-07. The global community

dependent as always on the cooperation of nation states is gradually learning to address the serious threats to the cultural heritage of our disparate but shared civilizations The legacy of conquest colonialization and commerce looms large in defining and explaining these threats The essays contained in this challenging volume are based on papers presented at an international conference on cultural heritage issues that took place at Willamette University The conference sought to generate fresh ideas about these cultural heritage issues offer a good sense of their nuances and complexities and reveal how culture law and ethics can interact complement diverge and contradict one another This book seeks to accomplish these purposes What it explores is the fact that allong with an emerging blend of adversarial and collaborative processes to address cultural heritage issues has come a substantial broadening of the normative framework in recent years This framework now spans a welter of issues ranging from the creation of cultural safety zones during armed conflict to the ongoing rectification of genocidal conquest during the European Holocaust and World War II to the treatment of shipwrecks and their cargo to the protection of folklore and other intangibles to the promotion of traditional knowledge in the interest of biological diversity All of these topics are controversial as are the legal instruments that incorporate them but the issues they embrace are vital to us all whether our viewpoint is in the global arena a national legislature a courtroom a classroom an archaeological site or a museum

Tikanga Māori Sidney M. Mead, Hirini Moko Mead, 2003 Relationships between and among people need to be managed and guarded by some rules Professor Hirini Moko Mead s comprehensive survey of tikanga Maori Maori custom is the most substantial of its kind every published Ranging over topics from the everyday to the esoteric it provides a breadth of perspectives and authoritative commentary on the principles and practice of tikanga Maori past and present
