**Book Review Digest**, 2002 The British National Bibliography Arthur James Wells, 2003 **The Chosen Body** Meira Weiss, 2004-11-15 This book examines how the social and cultural paradigms of contemporary Israel are articulated through the body To construct a panoramic view of how the Israeli body is chosen regulated cared for and ultimately made perfect the author draws upon some twenty years of ethnographic research in Israel in a range of subjects These include premarital and prenatal screening the regulation of the body and its imagery among appearance impaired children and their families the screening and sanctifying of the body as part of the bereavement and commemoration of fallen soldiers and the discourse of the chosen body as it surfaces during terrorist attacks military socialization war and the peace process *The Politics of Canonicity* Michael Gluzman, 2002-12-30 This book explores the complex relations among the hegemonic triad of territory nation and national literature that have characterized the modern European nation state In the case of Hebrew literature this triad was unattainable and its components fiercely contested hence the literary field itself was responsible for shaping the nation preceding the nation state itself The Labor of Life Hanoch Levin, Barbara Harshav, 2003 Israeli playwright and director Hanoch Levin was one of the most original and innovative writers of his generation Although Levin is familiar within the Israeli cultural context and despite the steadily growing stream of literary and theatrical research of his oeuvre there are few resources on his work available outside of Israel The present volume containing a selection of ten of his plays is the first comprehensive effort to present this unique playwright and director to a broad readership Levin's artistic credo was based on a constant urge to criticize Israeli society and its mainstream ideology while simultaneously confronting the basic human and existential issues of life and death A whole generation of Israeli theater audiences has grown up on Levin's performances with all their paradoxical complexities At this point just a few years after his death from cancer in 1999 at the age of 56 it may not be possible to evaluate the full impact of his work But this volume will contribute significantly to scholarship in this direction and to the appreciation of Levin's unique style
