Rex** Peter Gallagher, 2025-05-27 For many T Rex founder Marc Bolan remains forever frozen in time as the poster boy of glam the pop rock genre he effectively launched with his March 1971 Top of the Pops appearance to promote Hot Love the band's first number one single But this is to view him through too narrow a focus In John's Children he flirted with modernist art rock He sang folk songs of an otherworldly England in Tyrannosaurus Rex He became a teen idol while dominating the singles and album charts and he also experimented with his unique brand of interstellar soul Finally he proclaimed himself The Godfather Of Punk and became its patron touring with The Damned and giving several major new wave acts their first television exposure This book examines all aspects of Bolan's career from the genre defying My People Were Fair And Had Sky In Their Hair through the transitional A Beard Of Stars and T Rex albums the misunderstood Zinc Alloy and the Hidden Riders of Tomorrow and the should have been comeback Futuristic Dragon Along the way it discusses Unicorn the defining document of the Tyrannosaurus Rex years and the essential T Rex trilogy of Electric Warrior The Slider and Tanx During the day Peter Gallagher is a lecturer in Events Management but at night can be found scribbling away in his man cave Having talked about writing for decades it is only recently he decided to do something about it with 2020 seeing the publication of his first short story and the commissioning of his first book His favourite bands include T Rex The Ramones and The Sensational Alex Harvey Band none of whom he has seen in concert He Lives in Glasgow

Scotland *Marc Bolan: The Rise And Fall Of A 20th Century Superstar* Mark Paytress, 2009-11-05 Marc Bolan was the very first superstar of the 1970s As the seductive focus of T Rex he revelled in fame and fortune released a string of classic records before tragically losing his way The fatal car accident in 1977 cut short his planned comeback as a punk rocker but also served to fix Bolan as the definitive icon of the Glam years Bolan s music and chameleonic style were to influence a generation of future bands In his various guises he could be a beatnik a mod a punk a hippie and a Glam hero This biography of a pop obsessive draws from interviews with many friends and colleagues including broadcaster John Peel brother Harry and band members Mickey Finn and Bill Legend **Every Chart Topper Tells a Story** Sharon Davis, 2012-01-06 The seventies witnessed great changes not only in dress style but also in music The psychedelia of the late sixties had mutated into glam rock by the early seventies while the latter half of the decade is best remembered for the punk and disco explosions which gripped both Britain and America The number one singles of the decade are recalled in *Every Chart Topper Tells a Story* The Seventies from artists as diverse as Gary Glitter David Bowie Jimi Hendrix Diana Ross The Bee Gees T Rex Commodores Donny Osmond The Three Degrees and Abba It is the ideal volume both for those wanting a trip down memory lane and for serious music connoisseurs Popular Music Roman Iwaschkin, 2016-04-14 This is a comprehensive guide to popular music literature first published in 1986 Its main focus is on American and British works but it includes significant works from other countries making it truly international in scope **Various Artists' I'm Your Fan: The Songs of Leonard Cohen** Ray Padgett, 2020-09-03 When I m Your Fan The Songs of Leonard Cohen hit stores in 1991 Leonard Cohen s career had plummeted from its revered 1960s high Cohen s record label had refused to release his 1984 album *Various Positions* including the song *Hallelujah* in the United States Luckily Velvet Underground founder John Cale was one of the few who did hear *Hallelujah* and he covered it for I m Your Fan a collection of Cohen s songs produced by a French fanzine Jeff Buckley adored the tribute album and covered Cale s cover in 1994 never having heard Cohen s still obscure original version In 2016 Stereogum labeled the tribute album possibly the most universally derided format in pop music However without a tribute album you wouldn t know the song *Hallelujah* Through Buckley through Cale *Hallelujah* is now one of the most often performed songs in the world and it wouldn t be without this tribute album I m Your Fan thus offers a particularly notable example of a much broader truth Despite all the eye rolling they inspire tribute albums matter They can resuscitate legends fading careers or expose obscure artists who never had much of a career to begin with Stars of David Scott R. Benarde, 2003 A fascinating look into how Judaism has shaped and influenced the makers of rock music over the past fifty years The Routledge Handbook of Memory and Place Sarah De Nardi, Hilary Orange, Steven High, Eerika Koskinen-Koivisto, 2019-08-20 This Handbook explores the latest cross disciplinary research on the inter relationship between memory studies place and identity In the works of dynamic memory there is room for multiple stories versions of the past and place understandings and often resistance to mainstream narratives Places may live on long after their physical destruction

This collection provides insights into the significant and diverse role memory plays in our understanding of the world around us in a variety of spaces and temporalities and through a variety of disciplinary and professional lenses. Many of the chapters in this Handbook explore place making its significance in everyday lives and its loss. Processes of displacement where people's place attachments are violently torn asunder are also considered. Ranging from oral history to forensic anthropology from folklore studies to cultural geographies and beyond the chapters in this Handbook reveal multiple and often unexpected facets of the fascinating relationship between place and memory from the individual to the collective. This is a multi and intra disciplinary collection of the latest most influential approaches to the interwoven and dynamic issues of place and memory. It will be of great use to researchers and academics working across Geography Tourism Heritage Anthropology Memory Studies and Archaeology.

Global Glam and Popular Music Ian Chapman, Henry Johnson, 2016-02-12 This book is the first to explore style and spectacle in glam popular music performance from the 1970s to the present day and from an international perspective. Focus is given to a number of representative artists bands and movements as well as national regional and cultural contexts from around the globe. Approaching glam music performance and style broadly and using the glam glitter rock genre of the early 1970s as a foundation for case studies and comparisons the volume engages with subjects that help in defining the glam phenomenon in its many manifestations and contexts. Glam rock in its original term defining inception had its birth in the UK in 1970-71 and featured at its forefront acts such as David Bowie T Rex Slade and Roxy Music. Termed glitter rock in the US stateside artists included Alice Cooper Suzi Quatro The New York Dolls and Kiss. In a global context glam is represented in many other cultures where the influences of early glam rock can be seen clearly. In this book glam exists at the intersections of glam rock and other styles e.g. punk metal disco goth. Its performers are characterized by their flamboyant and theatrical appearance clothes costumes makeup hairstyles they often challenge gender stereotypes and sexuality androgyny and they create spectacle in popular music performance fandom and fashion. The essays in this collection comprise theoretically informed contributions that address the diversity of the world's popular music via artists bands and movements with special attention given to the ways glam has been influential not only as a music genre but also in fashion design and other visual culture.

Buzzcocks - The Complete History Tony McGartland, 2017-05-04 BUZZCOCKS THE COMPLETE HISTORY is the bible for fans of the legendary Manchester band who gave birth to the independent record movement and released some of the greatest punk records of all time. By distinctively combining sardonic wit romanticism and timeless tunes they produced such classics as Orgasm Addict What Do I Get and Ever Fallen in Love. Their split in 1981 only heightened their reputation as one of the brashest and most melodic bands ever and the widespread acclaim that has greeted their reformation and subsequent new material has solidified their reputation as perhaps the most relevant punk band of today. THE COMPLETE HISTORY draws on years of research and numerous interviews with the band and associates and contains meticulous detail of every gig record release rehearsal recording session bootleg and line up including an entire

history of the band members many and varied solo projects In addition a complete discography of Buzzcocks material as well as photographs of every line up including many previously unseen shots complete the ultimate collectable for any fan This revised and updated edition picks up where the last left off in 1995 and gives Buzzcocks fans a unique in depth and complete piece history of the British punk icons **The Bishop** Emgee,2019-09-23 The Bishop is based loosely around the game of chess but essentially it deals with the people involved in this particular microcosm of society and the clash that occurs when three different cultures collide the American the British and the Australian Madison Chatfield a New York journalist whose career has stalled after a regrettable incident in the office when she is sent off on a graveyard assignment to England Thanks to her unwavering ambition and her eye for a scoop she meets up with Tobias Byron the reigning champion a reclusive but very opinionated Englishman and Gary Bridgewater a young laid back Australian who flaunts all the establishment rules but who is in fact the future of the game The story follows these three characters through the relationships they strike up with each other thanks primarily to the game which takes them from England to Boston and New York and then back again to the UK and is sprinkled with a healthy dose of pertinent political and social commentary as it makes its way via the inevitable betrayal of trust towards its rather unexpected conclusion **Sacred Britain** Martin Symington,2012-02 Sacred places and journeys in Britain from mysterious ancient mounds to Diana s burial site **Prince: The Making of a Pop Music Phenomenon** Stan Hawkins,Sarah Niblock,2016-04-08 The career of the prolific pop artist Prince has become inextricably intertwined with the history of popular music since the late 1970s This multi instrumental icon who remains one of the highest grossing live performers in America has been called a genius for his musicianship composition and incredible performances But Prince holds iconic status for more than his music Best known for his racial blurring and extravagant sexual persona Prince s music and visual iconography has always chimed with the ambiguity of subjectivity at any given moment Prince the sign offers a space for fans to evaluate and reconfigure their attitudes towards their own identities and towards their position as subjects within the socio cultural sphere This much needed interdisciplinary analysis is the first of its kind to examine critically Prince s popular music performances sounds lyrics and the plethora of accompanying visual material such as album covers posters fashions promotional videos and feature films Specifically the book explores how and why he has played such a profoundly meaningful and significant role in his fans lives **Punk Diary** George Gimarc,2005-07 The Ultimate Trainspotter s Guide to Underground Rock 1970 1982 **The Encyclopedia of Dead Rock Stars** Jeremy Simmonds,2012-11-01 The bible of music s deceased idols Jeff Buckley Sid Vicious Jimi Hendrix Tupac Elvis this is the ultimate record of all those who arrived rocked and checked out over the last 40 odd years of fast cars private jets hard drugs and reckless living The truths behind thousands of fascinating stories such as how Buddy Holly only decided to fly so he d have time to finish his laundry are coupled with perennial questions including Which band boasts the most dead members and Who had the bright idea of changing a light bulb while standing in the shower as well as a few tales of lesser

known rock tragedies Updated to include all the rock deaths since the previous edition including Ike Turner Dan Fogelberg Bo Diddley Isaac Hayes Eartha Kitt Michael Jackson Clarence Clemons Amy Winehouse and many many more this new edition has been comprehensively revised throughout An indispensable reference full of useful and useless information with hundreds of photos of the good the bad and the silly this collection is guaranteed to rock the world of trivia buffs and diehards alike
