Chagall Jackie Wullschläger, 2008-10-21 When Matisse dies Pablo Picasso remarked in the 1950s Chagall will be the only painter left who understands what color really is As a pioneer of modernism and one of the greatest figurative artists of the twentieth century Marc Chagall achieved fame and fortune and over the course of a long career created some of the best known and most loved paintings of our time Yet behind this triumph lay struggle heartbreak bitterness frustration lost love exile and above all the miracle of survival Born into near poverty in Russia in 1887 the son of a Jewish herring merchant Chagall fled the repressive potato colored tsarist empire in 1911 for Paris There he worked alongside Modigliani and Léger in the tumbledown tenement called La Ruche where one either died or came out famous But turmoil lay ahead war and revolution a period as an improbable artistic commissar in the young Soviet Union a difficult existence in Weimar Germany occupied France and eventually the United States Throughout as Jackie Wullschläger makes plain in this groundbreaking biography he never ceased giving form on canvas to his dreams longings and memories His subject more often than not was the shtetl life of his childhood the wooden huts and synagogues the goatherds rabbis and violinists the whole lost world of Eastern European Jewry Wullschläger brilliantly describes this world and evokes the characters who peopled it Chagall's passionate energetic mother Feiga Ita his eccentric fellow painter and teacher Bakst his clever intense first wife Bella their glamorous daughter Ida his tough minded final companion and wife Vava and the colorful tragic array of artist actor and

writer friends who perished under the Stalinist regime Wulfschläger explores in detail Chagall's complex relationship with Russia and makes clear the Russian dimension he brought to Western modernism She shows how as André Breton put it under his sole impulse metaphor made its triumphal entry into modern painting and helped shape the new surrealist movement As art critic of the Financial Times she provides a breadth of knowledge on Chagall's work and at the same time as an experienced biographer she brings Chagall the man fully to life ambitious charming suspicious funny contradictory dependent but above all obsessively determined to produce art of singular beauty and emotional depth Drawing upon hitherto unseen archival material including numerous letters from the family collection in Paris and illustrated with nearly two hundred paintings drawings and photographs Chagall is a landmark biography to rank with Hilary Spurling's Matisse and John Richardson's Picasso

The Complete Fables of La Fontaine Jean de la Fontaine, 2011-11 Despite la Fontaine's claim that all he intended was to put the moral tales of Aesop and other ancient fabulists into poetry for the pleasure of Louis XIV's young son his real accomplishment as later generations have understood was holding a mirror up to the society of his day and in the process fashioning a work that has become a classic Borrowing from a variety of sources la Fontaine gave the hitherto mute animals in ancient fables the power of speech Backstabbing politicians brainless nincompoops charlatans clueless heads of state egomaniacs empty headed celebrities foolish investors gluttons liars penny pinchers self important blowhards and wastrels these are the targets of la Fontaine's pen

Fables in Frames Kirsten Powell, 1997 Fables in Frames argues that the increased interest in the fables of La Fontaine during the nineteenth century resulted largely from the activities of artists who offered the seventeenth century fables new contexts for a post Revolution age First in caricature and book illustration and later in Salon painting artists transformed the fables to comment on contemporary issues The goal of this study is to tackle the general issue of why La Fontaine's fables appeared in art at all during the nineteenth century and to explore the specific questions of how certain artists made those texts culturally normative
