MARCEL DUCHAMP William A. Camfield, 1989 Marcel Duchamp's Fountain Robert Kilroy, 2017-12-04 This book marks the centenary of Marcel Duchamp's Fountain by critically re-examining the established interpretation of the work It introduces a new methodological approach to art historical practice rooted in a revised understanding of Lacan Freud and Slavoj i ek In weaving an alternative narrative Kilroy shows us that not only has Fountain been fundamentally misunderstood but that this very misunderstanding is central to the work's significance. The author brings together Duchamp's own statements to argue Fountain's verdict was strategically stage managed by the artist in order to expose the underlying logic of its reception what he terms The Creative Act This book will be of interest to a broad range of readers including art historians psychoanalysts scholars and art enthusiasts interested in visual culture and ideological critique Some Aesthetic Decisions Bonnie Clearwater, 2017 Some Aesthetic Decisions is an exhibition featuring works by artists that explore issues of beauty value and judgment One hundred years ago Dada artist Marcel Duchamp forever changed the nature of art by anonymously submitting Fountain in 1917 a porcelain urinal signed R Mutt as an artwork to the exhibition of the Society of Independent Artists in New York The show organizers rejection of Fountain ignited a controversy that persists today about the definition of art and who gets to pass judgment The NSU Art Museum in Fort Lauderdale Florida marks this centenary by organizing Some Aesthetic Decisions a show of artworks by Cory Arcangel John Baldessari Bernd and Hilla Becher Sophie Calle Duchamp Judy Fiskin Claire Fontaine Mike Kelley Jeff Koons Joseph Kosuth Jorge Pardo Andy Warhol and others

Marcel Duchamp's Fountain in Context Lyn Merrington, 2020-11-14 Marcel Duchamp's Fountain has been cited as the most important art work of the Twentieth century It has considerable influence on contemporary Artists This book gives essential background to any understanding of Duchamp and his art Duchamp's French language literary precedents and historical context frame the Fountain and give new insights into it s meaning or lack thereof Marcel Duchamp Stefan Banz, 2019 The legacy of Marcel Duchamp's infamous sculpture explored in detail with new research In 1917 the newly formed Society of Independent Artists received an unusual submission for its inaugural exhibit in New York a porcelain urinal signed with the name R Mutt The Society's board members agreed to accept it into the exhibition but they decided at the last minute to omit the piece entitled Fountain from the final display It was later revealed that the artist Marcel Duchamp 1887 1968 had submitted the piece to the Society of which he himself was a member Today the Fountain remains a symbol of antiestablishment creativity questioning what does and does not constitute art and who has the authority to make that distinction This publication brings together an impressive amount of research as it considers the context of Duchamp's piece and its continued legacy while rejecting the recently mooted thesis that Baroness Elsa von Freytag Loringhoven had created the work Marcel Duchamp Bradley Bailey, 2017-04-01 The Fountain Drawings Mike Bidlo, 1998 Perhaps the most infamous object in the history of 20th century art is Duchamp's Fountain Rosetta stone to the avant garde Duchamp's 1917

urinal redefined in one bold conceptual stroke the possibilities of art forever after entering modern consciousness and signifying the start of a counter tradition of ready mades anti art and conceptualism that is 80 years old It is therefore appropriate that artist Mike Bidlo who has in the past made appropriations of legendary artworks by Picasso Man Ray Brancusi etc here focuses his attentive eye on Fountain This book catalogues the surprising results of Bidlo s homage and taken together these 300 drawings bring out both the totemic and painterly qualities of Fountain The book includes an extensive discussion between Bidlo and critics Arthur Danto and Francis Naumann The Duchamp Effect Martha Buskirk, Mignon Nixon, 1996-09-25 This expanded edition of the fall 1994 special issue of October includes new essays by Sarat Maharaj and by Molly Nesbit and Naomi Sawelson Gorse It also includes the transcript of an exchange between T J Clark and Benjamin Buchloh which presents new responses to the problems raised by this immediately popular and now out of print issue of the journal The Duchamp Effect is an investigation of the historical reception of the work of Marcel Duchamp from the 1950s to the present including interviews by Benjamin Buchloh with Claes Oldenburg Andy Warhol and Robert Morris Elizabeth Armstrong with Ed Ruscha and Bruce Conner and Martha Buskirk with Louise Lawler Sherrie Levine and Fred Wilson and a round table discussion of the Duchamp effect on conceptual art Contents Introduction Benjamin H D Buchloh What's Neo about the Neo Avant Garde Hal Foster Typotranslating the Green Box Sarat Maharaj Three Conversations in 1985 Claes Oldenburg Andy Warhol Robert Morris Benjamin H D Buchloh Interviews with Ed Ruscha and Bruce Conner Elizabeth Armstrong Echoes of the Readymade Critique of Pure Modernism Thierryde Duve Concept of Nothing New Notes by Marcel Duchamp and Walter Arensberg Molly Nesbit and Naomi Sawelson Gorse Interviews with Sherrie Levine Louis Lawler and Fred Wilson Martha Buskirk Thoroughly Modern Marcel Martha Buskirk Conceptual Art and the Reception of Duchamp October Round Table All the Things I Said about Duchamp A Response to Benjamin Buchloh T J Clark Response to T J Clark Benjamin Buchloh A World History of Art Hugh Honour, John Fleming, 2005 Over two decades this art historical tour de force has consistently proved the classic introduction to humanity s artistic heritage From our paleolithic past to our digitised present every continent and culture is covered in an articulate and well balanced discussion In this Seventh Edition the text has been revised to embrace developments in archaeology and art historical research while the renowned contemporary art historian Michael Archer has greatly expanded the discussion of the past twenty years providing a new perspective on the latest developments. The insight elegance and fluency that the authors bring to their text are complemented by 1458 superb illustrations half of which are now in colour These images together with the numerous maps and architectural plans have been chosen to represent the most significant chronological regional and individual styles of artistic expression Marcel Duchamp Rudolf E. Kuenzli, Francis M. Naumann, 1991 Artist of the Century These eleven illustrated essays explore the structure and meaning of Duchamp's work as part of an ongoing critical enterprise that has just begun Unpacking Duchamp Dalia Judovitz, 1998-04-28 Transit transitional transition Dalia Judovitz catches Marcel

Duchamp on the run with his art in a suitcase and his thought all boxed and ready to go She demonstrates how the theme of transition reappearing from work to work makes each piece reproduce some other piece while all continue to exemplify an original which can no longer be found and which has no creator Jean Fran ois Lyotard Duchamp Juan Ramírez, 2013-06-01 Marcel Duchamp's stature in the history of art has grown steadily since the 1950s as several artistic movements have embraced him as their founding father But although his influence is comparable only to Picasso's Duchamp continues to be relatively unknown outside his narrow circle of followers This book seeks to explain his oeuvre which has been shrouded with mystery Duchamp's two great preoccupations were the nature of scientific truth and a feeling for love with its natural limit death His works all speak of eroticism in a way that pushes the socially acceptable to its outer limits Juan Antonio Ramirez addresses such guestions as the meaning of the artist's ground breaking ready mades and his famous installation Etant donn s his passionate essay reproduces all of Duchamp s important works in addition to numerous previously unpublished visual sources Duchamp Love and Death even is a seminal monograph for understanding this crucial figure of modern art Potential Images Dario Gamboni, 2002 In Potential Images Dario Gamboni explores ambiguity in modern art considering images that rely to a great degree on a projected or imaginative response from viewers to achieve their effect Ambiguity became increasingly important in late 19th and early 20th century aesthetics as is evidenced in works by such artists as Redon Cezanne Gauguin Ensor and the Nabis Similarly the Cubists subverted traditional representational conventions requiring their viewers to decipher images to extract their full meanings The same device was taken up in the various experiments leading to abstraction For example it was Kandinsky's intention that his work could be interpreted in both figurative and non figurative ways and Duchamp's Readymades suggested the radical conclusion that it is the beholder who makes the picture These invitations to viewers to participate in the process of artistic communication had social and political implications as they accorded artist and beholder symmetrical almost interchangeable roles **Mock Ritual in the** Modern Era Reginald McGinnis, John Vignaux Smyth, 2022 Mock Ritual in the Modern Era explores the complex interrelations between ritual and mockery McGinnis and Smyth trace the evolution of mock ritual in various forms throughout the modern era as found in literary historical and anthropological texts as well as encyclopedias newspapers and films The Destruction of Art Dario Gamboni, 2013-06-01 Last winter a man tried to break Marcel Duchamp's Fountain sculpture The sculpted foot of Michelangelo's David was damaged in 1991 by a purportedly mentally ill artist With each incident intellectuals must confront the unsettling dynamic between destruction and art Renowned art historian Dario Gamboni is the first to tackle this weighty issue in depth exploring specters of censorship iconoclasm and vandalism that surround such acts Gamboni uncovers here a disquieting phenomenon that still thrives today worldwide As he demonstrates through analyses of incidents occurring in nineteenth and twentieth century America and Europe a complex relationship exists among the evolution of modern art destruction of artworks and the long history of iconoclasm From the controversial

removal of Richard Serra s Tilted Arc from New York City s Federal Plaza to suffragette protests at London s National Gallery Gamboni probes the concept of artist s rights the power of political protest and how iconoclasm sheds light on society s relationship to art and material culture Compelling and thought provoking The Destruction of Art forces us to rethink the ways that we interact with art and react to its power to shock or subdue
