The Prisoner of Genoa Miklós Rónaszegi, 2024-05-29

Marco Polo is one of the most fascinating and enigmatic figures in world history. At just 17 years of age, he set off for the Far East with his father and uncle. Long presumed dead, he returned from the distant land of the Tatars after 24 years, not only with a fortune in treasure but with a wealth of stories and adventures besides. The tales of his adventures might well have gone with him to the grave had not war broken out between the two great trading powers, Venice and Genoa. The decisive battle took place off the island of Curzola, reputed to be the home of the Polo family. Marco Polo's house is a popular tourist attraction on the island, which now belongs to Croatia. The naval battle was won by the Genoese fleet. Most of the Venetian galleys were destroyed, and the wealthiest citizens of Venice were taken prisoner. While in prison in Genoa, Marco Polo dictated the story of his adventures in the Far East to a fellow captive, Rusticiano da Pisa. For centuries, explorers and world travellers relied on the resulting account as their bible. In 1981, Rónaszegi's exciting educational novel won a Hungarian literary prize awarded to mark International Children's Year. www.ronaszegimiklos.com

Tear Down This Wall Romesh Ratnesar, 2009-11-03

On June 12, 1987, Ronald Reagan addressed a crowd of 20,000 people in West Berlin in the shadow of the Berlin Wall. The words he delivered that afternoon would become among the most famous in presidential history. Mr. Gorbachev, open this gate. Reagan said. Mr. Gorbachev, tear down this wall. In this riveting and fast-paced book, Romesh Ratnesar provides an account of how Reagan arrived at his defining moment and what followed from it. The book is based on interviews with numerous former Reagan administration officials and American and German eyewitnesses to the speech, as well as recently declassified State Department documents and East German records of the president's trip. Ratnesar provides new details about the origins of Reagan's speech and the debate within the administration about how to issue the fateful challenge to Gorbachev. *Tear Down This Wall* re-creates the charged atmosphere surrounding Reagan's visit to Berlin and explores the speech's role in bringing about the fall of the Berlin Wall less than two years later. At the heart of the story is the relationship between two giants of the late twentieth century, Ronald Reagan and Mikhail Gorbachev. Departing from the view that Reagan won the Cold War, Ratnesar demonstrates that both Reagan and Gorbachev played indispensable roles in bringing about the end of the U.S. Soviet rivalry. It was the trust that Reagan and Gorbachev built in each other that allowed them finally to overcome the

suspensions that had held their predecessors back Calling on Gorbachev to tear down the Wall in Reagan's mind might actually encourage him to do it Reagan's speech in Berlin was more than a good sound bite Twenty years after the fall of the Berlin Wall we can now see the speech as the event that marked the beginning of the end of the Cold War Elegant and dramatic Tear Down This Wall is the definitive account of one of the most memorable speeches in recent history and a reminder of the power of a president's words to change the world *Tearing Up the Silk Road* Tom Coote, 2022-07-01 Tearing up the Silk Road is an irreverent travelogue that details a journey along the ancient trade routes from China to Istanbul through Central Asia Iran and the Caucasus As Tom Coote struggles through the often arbitrary borders and bureaucracies of China Kazakhstan Uzbekistan Turkmenistan Iran Armenia Georgia and Turkey it becomes increasingly apparent that the next generations to rise to power will see themselves in a very different light to their predecessors in an increasingly interconnected world archaic conceptions of race ethnicity and nationalism will come to be seen as increasingly irrelevant Instead new forms of identity are emerging founded more upon shared cultural preferences and aspirations than on the remnants of tribal allegiance While rushing through from East to West Tom Coote meets befriends and argues with an epic range of characters from soldiers and monks to pilgrims travellers and modern day silk road traders All are striving for something more and most dream of being somewhere else By bus train and battered car through deserts open plains and mountain ranges we find ourselves again and again at the front line of a desperate war for hearts and minds Through rapidly expanding megacities to ancient ruins and far more recently created wastelands it is the West that is winning the souls while the East grows ever stronger The real clash of civilisations however seems set to be not between the East and the West but between the few who have so much and the masses now uniting to demand so much more *Messer Marco Polo* Donn Byrne, 1921 Novel concerning Marco Polo's trip to China **Mediocre** Julie McCulloch Burton, 2013-02-25 Drawing on a lifetime of experiences author Julie McCulloch Burton shares a compilation of short stories and vignettes that reflect her self deprecating sense of humor and her positive outlook on life turning ordinary moments into meaningful lessons Including personal photographs of a wide range of subjects food flowers animals people landscapes seasons studies in lines and studies in water movement *Mediocre* also presents a varied collection of writings many of which originated as e-mails to family and friends Burton offers narratives relaying the realities and absurdities of humorous everyday situations accounts of what it's like to live with multiple sclerosis favorite family recipes philosophical thoughts poetry and reflections on moments in life when you wish you had thought things through just a little bit more In *Mediocre* Burton provides enlightenment about an ailment that does not define her entertains with the humor that does and teaches that the object of this game is not only to do your best on your best day but also to do your best on your worst day **If I Don't Laugh, I'll Cry** Molly Stillman, 2024-03-26 In this laugh out loud and heartfelt memoir writer speaker and podcaster Molly Stillman shares her unforgettable story of losing her mother squandering an unexpected quarter of a million dollar inheritance in less than two

years attempting to launch a career in comedy but ending up on a farm instead and finding faith hope and joy in the middle of it all Molly Stillman has lived the type of life that when shared people stop in their tracks and ask Wait what happened Molly's mother Lynda Van Devanter Buckley served as an Army nurse during the Vietnam War and wrote the bestselling memoir *Home Before Morning* When Molly was seventeen Lynda passed away after an eight year battle with an autoimmune disorder due to her exposure to Agent Orange Four years later Molly turned twenty one and unexpectedly inherited a quarter of a million dollars from her mother's estranged family's estate Through retail therapy and a long series of grossly irresponsible financial decisions Molly found herself broke with over 36 000 in credit card debt less than two years later Shame guilt and embarrassment set in With aspirations of a career in comedy Molly used humor to mask the pain and brokenness she felt believing that if she looked joyful and put together on the outside it would eventually be true on the inside Instead she spent the next few years depressed lonely and feeling alienated from those closest to her But an unlikely call with a compassionate credit counselor meeting the spreadsheet loving man who eventually became her husband and a surprising visit to a church started her on a path that changed everything *If I Don't Laugh I'll Cry* will bring readers into the tension of feeling both joy and grief and show them that every broken messed up story has a purpose and it's possible to gain everything if they're willing to surrender it all to Jesus **Shouting Down the Silence** David C Dougherty, 2010-10-01

Shouting Down the Silence presents the first complete biography of Stanley Elkin a preeminent novelist who consistently won high marks from critics but whose complexities of style seemed destined to elude the popular acclaim he hoped to attain From the publication of his second novel *A Bad Man* in 1967 to his death in 1995 Elkin was tormented by the desire for both material and artistic success Elkin's novels were taught in colleges and universities his fiction received high praise from critics and reviewers two of his novels won National Book Critics Circle Awards and his short stories were widely anthologized and yet he was unable to achieve renown beyond the avant garde or to escape the stigma of being an academic writer He wanted to be Faulkner but he had trouble being Elkin Drawing on personal interviews and an intimate knowledge of Elkin's life and works David C Dougherty captures Elkin's early life as the son of a charismatic intimidating and remarkably successful Jewish immigrant from Russia as well as his later career at Washington University in St Louis A frequent participant at the annual Bread Loaf Writers conference he was the friend and sometime antagonist of other important writers particularly Saul Bellow William Gass Howard Nemerov and Robert Coover Despite failed attempts to bridge the gap from his academic post to wide popular success Elkin continued to write essays stories and novels that garnered unerring praise His was a classic dilemma of an intellectual aesthete loath to make use of the common devices of popular appeal The book details the ambition the success the friction and the foibles of a writer who won fame but not the fame he wanted **Boom Chicago Presents the 30 Most Important Years in Dutch History** Andrew Moskos, Pep

Reload Mary Flanagan, Austin Booth, 2002-05-03 An anthology of feminist cyberfiction and theoretical and critical writings on gender and technoculture Most writing on cyberculture is dominated by two almost mutually exclusive visions the heroic image of the male outlaw hacker and the utopian myth of a gender free cyberworld Reload offers an alternative picture of cyberspace as a complex and contradictory place where there is oppression as well as liberation It shows how cyberpunk's revolutionary claims conceal its ultimate conservatism on matters of class gender and race The cyberfeminists writing here view cyberculture as a social experiment with an as yet unfulfilled potential to create new identities relationships and cultures The book brings together women's cyberfiction fiction that explores the relationship between people and virtual technologies and feminist theoretical and critical investigations of gender and technoculture From a variety of viewpoints the writers consider the effects of rapid and profound technological change on culture in particular both the revolutionary and reactionary effects of cyberculture on

women's lives They also explore the feminist implications of the cyborg a human machine hybrid The writers challenge the conceptual and institutional rifts between high and low culture which are embedded in the texts and artifacts of cyberculture
