addresses all systems of the body and their related common conditions with clear accessible directions outlining how a practitioner can understand health from a naturopathic perspective and apply naturopathic medicines to treat patients individually. These treatments include herbal medicine, nutritional medicine, and lifestyle recommendations. All chapters are structured by system and then by condition so readers are easily able to navigate the content by chapter and heading structure. The content is designed for naturopathic practitioners and students both undergraduate and postgraduate levels and for medical and allied health professionals with an interest in integrative naturopathic medicine. Detailed coverage of naturopathic treatments provides readers with a solid understanding of the major therapeutic modalities used within naturopathic medicine. Each system is reviewed from both naturopathic and mainstream medical perspectives to correlate the variations and synergies of treatment. Only clinically efficacious and evidence-based treatments have been included. Information is rigorously researched, over 7500 references from both traditional texts and recent research papers. The content skilfully bridges traditional practice and EBM to support confident practitioners within the current health care system.

Textbook of Natural Medicine Joseph E. Pizzorno, Jr. ND, Michael T. Murray, ND, 2012-09-14. Covering preventive, non-invasive, and natural treatments. Textbook of Natural Medicine 4th Edition offers more than just alternative medicine. It promotes an integrated practice that can utilize natural medicine, traditional Western medicine, or a combination of both in a comprehensive scientific treatment plan. Based on a combination of philosophy and clinical studies, Textbook of Natural Medicine helps you provide health care that identifies and controls the underlying causes of disease, is supportive of the body's own healing processes, and is considerate of each patient's unique biochemistry. Internationally known authors Joseph Pizzorno and Michael Murray include detailed pharmacologic information on herbs and supplements, plus evidence-based coverage of diseases and conditions to help you make accurate diagnoses and provide effective therapy. Comprehensive, unique coverage makes this book the gold standard in natural medicine. A scientific presentation includes the science behind concepts and treatments and discusses Western medical treatments and how they can work with natural medicine in a comprehensive treatment plan. If natural medicine is not effective, this book recommends the Western treatment. Coverage of pharmacology of natural medicines includes the uses and potential dangers of nearly 80 herbal medicines, special nutrients, and other natural agents. Addressing topics such as general information, chemical composition, history, pharmacology, clinical applications, dosage, and toxicology. In-depth, evidence-based coverage of 73 diseases and conditions includes key diagnostic criteria, pathophysiology of diseases, and therapeutic rationales. Coverage of potential interactions between drugs, herbs, and supplements ensures the safest possible use for each of 79 herbs and supplements. Diagnostic procedures include practical, easy-to-follow descriptions of evidence-based techniques, plus discussions of clinical application of diet analysis, food allergy testing, immune function assessment, fatty acid profiling, hair mineral analysis, and other diagnostic approaches. Common therapeutic modalities are described and reviewed, including botanical medicine, nutritional therapy, therapeutic fasting,

exercise therapy hydrotherapy counseling acupuncture homeopathy and soft tissue manipulation Coverage of syndromes and therapies helps in understanding the underlying causes of diseases by discussing topics such as food reactions functional toxicology sports nutrition stress management and breathing pattern disorders Coverage of the philosophy of natural medicine includes its history and background with discussions of toxicity detoxification and scientific documentation of the healing actions of nature and natural substances Internationally known authors Joseph Pizzorno and Michael Murray and more than 90 expert contributors provide material that is up to date accurate and informed More than 10 000 research literature citations show that the content is based on science rather than opinions or anecdotes 13 useful appendices offer quick lookup of frequently used charts handouts and information New chapters are included on hot topics such as female infertility medicinal mushrooms natural products and quality control pregnancy health and primary prevention and Vitamin K new appendices include a supplier certification questionnaire and cervical escharotics treatment Thorough updates ensure that you use only the most current research and provide the most effective treatment of patients Tabs in Specific Health Problems section separate more than 70 alphabetized diseases conditions One convenient volume replaces the cumbersome two volume set for easy convenient reference Electronic access is available via Pageburst making it easy to search topics drugs herbs and supplements and diseases and conditions Sold separately **Burns' Pediatric Primary Care E-Book**
