Natural Therapies The Complete A Z Of Complementary Health:

A History of Australia's Early Cosmopolitan Naturopathic Osteopathy Shirley Murray Strachan, 2025-05-30
Revealing the forgotten ideas and philosophy behind early naturopathic osteopathy Shirley Murray Strachan presents a reoriented historical view of Thomas Ambrose Bowen and his work breaking from the prevailing twentieth century legitimization narrative of mainstream chiropractic and osteopathy and exploring the contributions and practices of Australia's early cosmopolitan naturopathic osteopathy pioneers FG Roberts and Maurice Blackmore Viewing Bowen's practice and symbolism through a historical lens the book examines the forgotten world of early cosmopolitan Australian osteopathy debunking popular posthumous commercialised claims about Bowen's work and asserts the importance of traditional approaches in naturopathic osteopathy Though an interrogation of conflicting origin stories and myths about Bowen's work it highlights the important contributions of naturopathic pioneers FG Roberts and Maurice Blackmore The background narrative is the struggle of mainstream chiropractic and osteopathy seeking professional recognition and forged from in fighting between overseas and Australian chiropractic and osteopathic political interests Counterposed is the posthumous popular interpretations that orphaned Bowen's work from its wellsprings in naturopathic osteopathy This is an accessible book for historians and practitioners of early osteopathy chiropractic and naturopathy especially to the large international community of accredited Bowen therapists

Haller, Jr.,2014-07-08

Can Evidence Based Medicine EBM and Complementary and Alternative Medicine CAM find common ground A distinguished historian of medicine John S Haller Jr explores the epistemological foundations of EBM and the challenges these conceptual tools present for both conventional and alternative therapies As he explores a possible reconciliation between their conflicting approaches Haller maintains a healthy scientific skepticism yet finds promise in select complementary and alternative CAM therapies Haller elucidates recent research on the placebo effect and shows how a new engagement between EBM and CAM might lead to a more productive medical practice that includes both the objectivity of evidence based medicine and the subjective truth of the physician patient relationship Haller s book tours key topics in the standoff between EBM and CAM how and why the double blinded randomized clinical trial RCT came to be considered the gold standard in

modern medicine the challenge of postmodern medicine as it counters the positivism of evidence based medicine and the politics of modern CAM and the rise of the National Center for Complementary and Alternative Medicine He conducts an in depth case study of homeopathy explaining why it has emerged as a poster child for CAM and assesses CAM s popularity despite its poor performance in clinical trials Haller concludes with hope showing how new experimental protocols might tease out the evidentiary basis for the placebo effect and establish a foundation for some reconciliation between EBM and CAM
