Serial Killers and Mass Murderers Nigel Cawthorne, 2007-01-25 The best of the best The most interesting serial killer cases of all time presented chapter by chapter

Discovering Australia's Historical Milemarkers and Boundary Stones Robert and Sandra Crofts, 2013-05-31 The best way to understand and enjoy the richness of Australia's historic heritage is to go out and experience it This firsthand experience provides families with a sense of continuity to Australia's colonial past and to experience nostalgic feelings of belongingness by following the footsteps left by earlier generations Johnson 1980 This book was written to inform interested community members of the silent Australian history inherent in the milestones that still exists around us The book catalogues many of the sandstone and concrete milestones that line the five major roads leading out of Sydney Some milestones in rural NSW Victoria and Tasmania are added to inform others of these precious historical monuments who are unable to view the stones in the Sydney metropolitan area Later chapters identify the location of the remaining boundary stones in Sydney and Parramatta as well as old road alignment markers in the City of Ryde The final chapter describes milestones that have a commemorative function This information may be seen as only relevant to a specialist market but with the increased popularity of Australian colonial history this book will have appeal to many Australians The book has been written in an academic format however the language is aimed towards families who can use each chapter to locate the remaining milestones in sequence on family outings Other attractions near the milestone are identified which families may choose to enjoy at the same time as visiting the selected milestone Pieces of our history are being lost but by considering these monuments in the midst of our hectic lives we can imagine the type of life

the colonial settlers experienced As well visiting the milestones raises community awareness of the priceless value of these historic monuments so that important remnants of our colonial past can be preserved for our future generations As new roads were being constructed in the colony milestones were originally at one mile intervals In rural areas milestones were not usually placed for the entire distance between towns They were usually placed a few miles on the approach and then again for a few miles after the stagecoaches left the town Due to the loss of many original milestones the distance between each remaining milestone can be more than one mile An attempt has been made to make an as accurate as possible catalogue where these milestones were originally positioned with a description and photograph of those that still remain either in their original or new locations The survey taken for this book has attempted to be thorough but we acknowledge that our survey is not complete There are still milestones and milemarkers to be discovered Although the milestones indicate two directions for ease of cataloguing the milemarkers in this book are identified by the location that they lead to away from Sydney and incorporates sandstone concrete and timber milestones along the major roads leading out of Sydney Photographs in this book are taken on one face only Mileages on those remaining in their original locations have been checked for accuracy to the final destination and are still correct The GPS for some milestones has been recorded for those who are familiar with this technology Unless otherwise indicated all the milestones can be found on the left hand side of the road leading towards the destination inscribed on the milestone Safe community access to the milestones is not always possible as many existing milestones remain in their original locations on major arterial roads with limited or no safe car parking nearby Milestones that do not have safe community access are identified Although the milestones have been retained for community enjoyment and many have safe footpath access extreme vigilance and caution should be exercised as there is a high risk of injury to children or pets near major arterial roads with

They Call Me Jake - 2
Jakob Smith,2024-10-11 WE ARE ALL WANDERERS ON THIS EARTH OUR HEARTS ARE FULL OF WONDER AND OUR SOULS DEEP WITH DREAMS ROMANY GYPSY SAYING Jakob Smith was a sometimes wild and reckless youth whose passion in life was to travel to new countries Wherever he went he was interested in the local history daily life and culture of the people During the daylight hours he enjoyed visiting museums religious sites zoos and national parks At night contrary to his daytime wanderings he would enjoy drinking beer and mixing with the local people in neighbourhood bars or restaurants He

would attempt to talk with anyone despite sometimes language difficulties Frequently these conversations took place in places of ill repute where hookers and petty criminals made up the numbers They conned him relentlessly but their stories true or otherwise were often amusing and worth the few drinks they cost Now somewhat more mature he looks back on such times with fond memories So many people met only once for just a few sometimes drunken moments but never forgotten Despite the odd black eye and a couple of nights spent in lock up was it worth it I must say yes as if I had my youth over I would probably go down the same path The few bad times fade into obscurity and the many good times prone to exaggeration just seem to get better with age

Pollard,2024-12-30 This book analyses the 150 year history of continuous contact between Aboriginal people and non Aboriginal people in the Darwin region of the Northern Territory of Australia after the European invasion in 1869 to the present day It explores the role Aboriginal fringe camps served and still do as places of interface between Aboriginal people

and non Aboriginal people in the context of ongoing colonialism after colonisation The book argues that Aboriginal fringe camps provide much potential for elucidating aspects of Aboriginal responses to the European invasion and in a contemporary context bear distinct evidence of a cultural nature that associates their origins use purpose and functions predominantly with Aboriginal people It contributes a new and innovative theoretical model that will enable readers to conceive how insights about Aboriginal behaviour in the context of Aboriginal fringe camps were achieved The model is informed by the frameworks of colonialism and innovatively philosophy Contributing new theoretical knowledge to contact histories and relations between Europeans and Indigenous peoples the book will be important to researchers in the archaeology of Australia and those concerned with Indigenous Studies Problem Solved Andy Chambers,2022-10-05
