## **Natures Dairy:**

*Nature's Perfect Food* E. Melanie Dupuis, 2002-02 The story of how Americans came to drink milk For over a century America's nutrition authorities have heralded milk as nature's perfect food as indispensable and the most complete food These milk boosters have ranged from consumer activists to government nutritionists to the American Dairy Council and its ubiquitous milk moustache ads The image of milk as wholesome and body building has a long history but is it accurate Recently within the newest social movements around food milk has lost favor Vegan anti milk rhetoric portrays the dairy industry as cruel to animals and milk as bad for humans Recently books with titles like *Milk The Deadly Poison* and *Don't Drink Your Milk* have portrayed milk as toxic and unhealthy Controversies over genetically engineered cows and questions about antibiotic residue have also prompted consumers to question whether the milk they drink each day is truly good for them In *Nature's Perfect Food* Melanie Dupuis illuminates these questions by telling the story of how Americans came to drink milk We learn how cow's milk which was associated with bacteria and disease became a staple of the American diet Along the way we encounter 19th century evangelists who were convinced that cow's milk was the perfect food with divine properties brewers whose tainted cow feed poisoned the milk supply and informal wetnursing networks that were destroyed with the onset of urbanization and industrialization Informative and entertaining *Nature's Perfect Food* will be the standard work on the history of milk

**Nature's Cancer-Fighting Foods** Verne Varona, 2014-05-06 Based on a solid foundation of the healing properties of good nutrition this book empowers readers with the information they need to make the best choices and to gain control over their total health and well being physical emotional and spiritual While addressing the specific needs of those with a diagnosis of cancer Varona explores the key factors that science and experience have shown to influence the path of prevention and recovery Grounded in documented research from leading medical institutions along with studies of the world's healthiest populations nutrition educator Verne Varona has developed a breakthrough nutritional and lifestyle programme for immunity building and cancer prevention and recovery This book provides detailed diet and lifestyle modifications that will reinforce the body's immunity and reduce cell damage to an absolute minimum While the bulk of this book is devoted to physical nutrition eating the right foods is not the whole picture No matter what course of treatment a patient may choose clinical research and anecdotal testimony have shown that those who have embraced a range of self healing choices not only see a positive impact on their physical and psychological well being but inevitably enhance their chances of survival The most influential of these choices are life purpose positive attitude managing stress sense of humor love and social support emotional expression and faith Along with good nutrition a healthy lifestyle and physical exercise these choices contribute to a more comprehensive and complete healing

*Cow Milk - Nature's Most Perfect Food* Dr. Sahadeva Das, 2018-01-01 Cow milk is one of our most ancient foods It is also one of the most controversial ones This controversy is a recent phenomenon It stems from our disregard for animal rights and the impact of processed milk on
