The Nāṭyaśāstra Bharata Muni, 1959 *The Natyasastra* Bharata-Muni, 1967 **The Natyasastra A Treatise on Hindu Dramaturgy and Histrionies Ascriben to Bharata-Muxi** Manomohan Chosh, *Sonic Liturgy* Guy L. Beck, 2012-12-12 *Sonic Liturgy* Ritual and Music in Hindu Tradition builds on the foundation of Guy L Beck s earlier work which described the theoretical role of sound in Hindu thought *Sonic Liturgy* continues the discussion of sound into the realm of Hindu ritual and musical traditions of worship Beginning with the chanting of the Sama Veda alongside the fire sacrifices of the ancient Indo Aryans and with the classical Gandharva music as outlined in the musicological texts of Bharata

and Dattila Beck establishes a historical foundation for an in depth understanding of the role of music in the early Puja rituals and Indian theater in the vernacular poetry of the Bhakti movements in medieval temple worship of Siva and Vishnu in southern India and later in the worship of Krishna in the northern Braj region By surveying a multitude of worship traditions Beck reveals a continuous template of interwoven ritual and music in Hindu tradition that he terms sonic liturgy a structure of religious worship and experience that incorporates sound and music on many levels In developing the concept and methods for understanding the phenomenon of sonic liturgy Beck draws from liturgical studies and ritual studies broadening the dimensions of each as well as from recent work in the fields of Indian religion and music As he maps the evolution of sonic liturgy in Hindu culture Beck shows how parallel to the development of religious ritual from ancient times to the present there is a less understood progression of musical form beginning with Vedic chants of two to three notes to complicated genres of devotional temple music employing ragas with up to a dozen notes Sonic liturgy in its maturity is manifest as a complex interactive worship experience of the Vaishnava sects presented here in Beck s final chapters

Understanding New Perspectives of Spirituality Edie Lanphar, Agata Wilczek, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 This book deals with the rapidly developing field of spirituality Although having a singularity of focus the chapters have been written by a cross cultural and international set of researchers who discuss critical issues from an interdisciplinary perspective Thus while a broad range of critical aspects emerge the chapters are threaded together by the concept of spirituality as a lone walk While alone the spiritual journey is also deeply connected to others As a deeply human experience the chapters in this book therefore reflect the prismatic viewpoints that form the understandings and experiences of the spiritual walk This book challenges the reader to start to understand the apparent ambiguity this appears to bring to researchers and practitioners Rather than a roadblock to understanding the multiple frames and facets this brings it is instead a rich field for the exploration of the human condition **Indian Aesthetics and**

research in this field by drawing on the experiences of painters who are considered as a valid source of knowledge for our understanding of the citrasutras and provides a new conceptual framework for understanding the interlinkages between textual sources and the practice of Indian painting Filling a significant gap in Indian scholarship Nardi's study will appeal to those studying Indian painting and Indian art in general **Sound Changes** Daniel Fischlin, Eric Porter, 2021-05-17 Extends the field of improvisation studies in a more global transcultural direction Performance and Performativity in Contemporary Indian Fiction in English Maria-Sabina Draga Alexandru, 2015-02-04 This book starts with a consideration of a 1997 issue of the New Yorker that celebrated fifty years of Indian independence and goes on to explore the development of a pattern of performance and performativity in contemporary Indian fiction in English Salman Rushdie Arundhati Roy and Vikram Chandra Such fiction which constructs identity through performative acts is built around a nomadic understanding of the self and implies an evolution of narrative language towards performativity whereby the text itself becomes nomadic A comparison with theatrical performance Peter Brook's Mahabharata and Girish Karnad's theatre of roots serves to support the argument that in both theatre and fiction the concepts of performance and performativity transform classical Indian mythic poetics In the mythic symbiosis of performance and storytelling in Indian tradition within a cyclical pattern of estrangement from and return to the motherland and/or its traditions myth becomes a liberating space of consciousness where rigid categories and boundaries are transcended Cultural and Civilisational Links between India and Southeast Asia Shyam Saran, 2018-07-20 The book presents the study undertaken by the ASEAN India Centre AIC at Research and Information System for Developing Countries RIS on India's cultural links with Southeast Asia with particular reference to historical and contemporary dimensions The book traces ancient trade and maritime links Chola Empire and Southeast Asia religious exchanges the Hindu Buddhist and Islamic heritage language scripts and folklore performing arts painting and sculpture architecture role of the Indian Diaspora contemporary cultural interaction etc **Indian and Western Aesthetics in Sri Aurobindo's Criticism, A Comparative Study** Dr. Ujjwala Kakarla, 2017-07-21 The book Indian and Western Aesthetics in Sri Aurobindo's Criticism is a comparative study of Indian and western aesthetics It depicts the beauty of evolution of multiplicity of theories to vastness of concepts postulated by different literary theoreticians Moreover it gives a keen insight into Sri Aurobindo's aesthetics His criticism has given the complete synthesis of Indian poetic theories which have striking parallels to modern Western literary theories He is one of the greatest literary critics who recovered the salient principles of ancient Indian aesthetics and their potentialities His aesthetics accommodated many modern trends on the foundation of Indian culture that is going to be the mantra of new civilization
