Naxos Byzantine Art In Greece:

Byzantine Greece: Microcosm of Empire? Archibald Dunn, 2023-08-28 This volume offers a structured presentation of the progress of research into the internal history of a part of the Byzantine world Greece in the centuries before the multiple changes induced or accelerated by the Fourth Crusade Greece is a large area several Early and Middle Byzantine provinces with records archival literary archaeological architectural and art historical most of which are unequalled in terms of their density and range This creates opportunities for useful synthesis and for dialogue with those now engaged in the rewriting or writing of the inner history of Byzantium from Italy to the Caucasus who have been stimulated by or involved in the editing of archives and inscriptions including sigillographic and in the publication of monuments excavations and surveys for all of which the Greek space the elladik kh ra is a particular and fertile focus of activity as the conference showed Much of the material presented here can usually only be found in specialised publication and indeed much in Greek alone But properly contextualised this material about the Greek space deserves to be brought into the dialogues or debates at the heart of Byzantine Studies for instance about the Late Antique boom urban life the Dark Age economic change the nature of the Byzantine revival and of social socio economic and ethnic groups The studies here synthesise such research enabling the Greek space as a case study in the evolution of a significant region to the west of Constantinople to take its place more fully as a point of reference in such dialogues or debates Equally it provides frameworks for archaeologists dealing with Greece from Late Antiquity onwards and there are now many with which to engage and it makes available a rich source of comparative material for those studying the other regions of the Byzantine world whether historically or archaeologically in Southeastern Europe Italy or Turkey

Arms and Armour of the Warrior Saints Piotr Grotowski, 2010-09-24 The question of the independence of Byzantine iconography continues to draw attention Following extensive research on the persistence of Classical motifs in Byzantine art interest has recently turned to the originality of the latter and its reliability as a historical source This study examines whether military equipment armour weapons insignia and costume shown in images of the warrior saints reflects items actually used in the mid Byzantine Army or merely repeats Classical forms Such representations are compared with documentary evidence gathered chiefly from Byzantine military manuals The author demonstrates that military equipment being a vital branch of material culture subject to constant evolution provides a good indicator of iconographic innovation in the art of Byzantium

Art, Power, and Patronage in the Principality of Epirus, 1204-1318 Leonela Fundić, 2022-06-01 The Principality of Epirus was a medieval Greek state established in the western part of the Balkans after the fall of Constantinople to the forces of the Fourth Crusade in 1204 The Epirote rulers from the Komnenos Doukas family claimed to be legitimate successors to the Byzantine imperial throne and with the support of the high clergy and the aristocracy within their domain carefully maintained their Byzantine identity under the conditions of exile This book explores a corpus of Epirote architecture frescoes sculpture and inscriptions from the early thirteenth to the early

fourteenth century within a comparative and interdisciplinary framework focusing on the nexus of art patronage and political ideology Through an examination of a vast array of visual and textual sources many of them understudied or hitherto unpublished the book uncovers how the Epirote elite mobilised art and material culture to address the issues of succession and legitimacy construct memory reclaim Constantinople and mediate encounters and exchanges with the Latin West In doing so this study offers a new perspective on Byzantine political and cultural history in the aftermath of the Fourth Crusade

Byzantine Art and Archaeology Ormonde Maddock Dalton,1911 *Change and Resilience* Miguel Ángel Cau

Ontiveros,Catalina Mas Florit,2019-06-30 *Change and Resilience* offers a view of the main Mediterranean islands from West to East in Late Antiquity because Mediterranean islands can contribute in fundamental ways to our understanding not only of earlier colonizations but also later periods The volume explores specifically the time frame from the fall of the Roman empire to the Medieval period A first group of papers covers islands and island groups in the Central and Western Mediterranean including the Balearic Islands Corsica Sardinia Sicily and the Adriatic islands Together these five papers highlight several common themes across the region local or indigenous sites were often reoccupied in Late Antiquity the rural countryside typically played a significant role in the contributions of islands to wider Mediterranean economic networks and islands big and small often played significant roles in shifting political and religious power The second group focuses on the Eastern Mediterranean Three papers cover a range of islands including Crete the Cyclades and Cyprus Together they emphasize the impacts external shifts in political power and economic ties in the Eastern Mediterranean had on island landscapes as well as the connected relationship between sacred space and territorial occupation across many of these islands The final group of papers pivots on changing perceptions of island landscapes in Late Antiquity or island mindscapes Three papers focus on how communities adapted as they underwent Christianization in island contexts emphasizing the diverse and varied ways that island landscapes became Christianized as well as how other political and economic factors shaped the dynamics of change **Before/After: Transformation, Change, and Abandonment in the Roman and Late Antique**

Mediterranean Paolo Cimadomo,Rocco Palermo,Raffaella Pappalardo,Raffaella Pierobon Benoit,2020-04-16 The result of a workshop held at the Theoretical Roman Archaeology Conference 2016 this book explores various aspects related to transformation and change in the Roman and Late Antique world from the evolution of settlement patterns to spatial re configuration after abandonment processes **The Development of Middle Byzantine Fresco Painting in Greece** Karin
