Personal Recollections and Observations of General Nelson a Miles Embracing a Brief View of the Civil War, Or from New England to the Golden Gate (Classic Reprint) Nelson Appleton Miles, 2015-07-11 Excerpt from Personal Recollections and Observations of General Nelson a Miles Embracing a Brief View of the Civil War or From New England to the Golden Gate This Book is largely the result of a desire to comply with the wishes of friends who have expressed the opinion that such a work would find a goodly number of interested readers It was no part of my purpose to write my memoirs or a history but rather to retrace with such readers as shall choose to accompany me some portions of the journey of life that now lie in the past It is impossible in a single volume to do justice to all my companions who were engaged in the great cause of the Civil War or those who engaged in the war for civilization along our western frontier yet it has been my endeavor to do injustice to none I have by no means exhausted the important features that marked the original journey but have aimed to point out briefly as far as practicable the more interesting and instructive events so that the time of the reader may be spent not only agreeably but with some degree of profit In presenting these thoughts and observations I have hoped to meet the favor of the intelligent generous American who I know to be most considerate and I trust I may rely upon his liberal consideration especially when it is remembered that I have been obliged to gather and prepare much of the material at spare hours during the time largely taken up with the cares or exacting official duties and responsibilities In this I have had the earnest assistance of Mr N E Dawson and for his faithful and zealous labor I desire to express my appreciation If this narrative shall inspire thought or promote a taste for further research and study along the diversified lines of development in our great and growing country my efforts will not have been in vain I have also endeavored to illustrate the difficulties and dangers to which my companions in arms were exposed in order that if possible their services and achievements might be more fully appreciated by the beneficiaries who are now enjoying the fruits of their heroism and sacrifices About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
