Cartwright, 2010-03-29 This is the first comprehensive biography of Schopenhauer written in English Placing him in his historical and philosophical contexts David E Cartwright tells the story of Schopenhauer s life to convey the full range of his philosophy He offers a fully documented portrait in which he explores Schopenhauer s fractured family life his early formative influences his critical loyalty to Kant his personal interactions with Fichte and Goethe his ambivalent relationship to Schelling his contempt for Hegel his struggle to make his philosophy known and his reaction to his late arriving fame

New Approaches to Theodor Fontane Marion Villmar-Doebeling, 2000 While Fontane scholarship has primarily focused on the objective portrayal of nineteenth century German Prussian culture and on the authenticity with which his work supposedly mirrors social reality this collection investigates rhetorical and communicative patterns in his works that call this mirroring effect into question emphasizing the difficulty and ultimate impossibility of realist representation BOOK JACKET

The Discipline of Philosophy and the Invention of Modern Jewish Thought Willi Goetschel, 2015-06-01 Exploring the subject of Jewish philosophy as a controversial construction site of the project of modernity this book examines the implications of the different and often conflicting notions that drive the debate on the question of what Jewish philosophy is or could be The idea of Jewish philosophy begs the question of philosophy as such But Jewish philosophy does not just reflect what philosophy lacks Rather it challenges the project of philosophy itself Examining the thought of Spinoza Moses Mendelssohn Heinrich Heine Hermann Cohen Franz Rosenzweig Martin Buber Margarete Susman Hermann Levin Goldschmidt and others the book highlights how the most philosophic moments of their works are those in which specific concerns of their Jewish questions inform the rethinking of philosophy s disciplinarity in principal terms The long overdue recognition of the modernity that informs the critical trajectories of Jewish philosophers from Spinoza and Mendelssohn to the present emancipates not just Jewish philosophy from an infelicitous pigeonhole these philosophers so pointedly sought to reject but more important emancipates philosophy from its false claims to universalism The British Library General Catalogue of Printed Books 1976 to 1982 British Library, 1983 Le idee politiche e sociali di G.
