## **Pointed Roofs:**

**Pointed Roofs** Dorothy Miller Richardson, 2020-10-20 **Pointed Roofs** published in 1915 is the first work she called it a chapter in Dorothy Richardson's 1873-1957 series of 13 semi-autobiographical novels titled *Pilgrimage* and the first complete stream of consciousness novel published in English. The novelist May Sinclair (1863-1946) first applied the term stream of consciousness. In a review of *Pointed Roofs* *The Egoist* April 1918 Miriam Henderson the central character in *Pilgrimage* is based on author's own life between 1891 and 1915.

**Pointed Roofs** Dorothy Miller Richardson, 1921 Miriam paid her first visit to a German church the next day her third Sunday Of the first Sunday now so far off she could remember nothing but sitting in a low backed chair in the saal trying to read *Les Travaillleurs de la Mer* seas and a sunburnt youth striding down a desolate lane in a storm and the beginning of tea time They had been kept indoors all day by the rain.

**Pointed Roofs** Richardson Dorothy M., 1901 **Pointed Roofs** Dorothy Richardson, 2017-09-14 From the INTRODUCTION by May Sinclair I HAVE been asked to write a criticism of the novels of Dorothy Richardson I do not know whether this essay is or is not going to be a criticism for so soon as I begin to think what I shall say I find myself criticising criticism wondering what is the matter with it and what if anything can be done to make it better to make it alive Only a live criticism can deal appropriately with a live art And it seems to me that the first step towards life is to throw off the philosophic cant of the nineteenth century I don't mean that there is no philosophy of Art or that if there has been there is to be no more of it I mean that it is absurd to go on talking about realism and idealism or objective and subjective art as if the philosophies were sticking where they stood in the eighties In those days the distinction between idealism and realism between subjective and objective was important and precise And so long as the ideas they stand for had importance and precision those words were lamps to the feet and lanterns to the path of the critic Even after they had begun to lose precision and importance they still served him as useful labels for the bewildering phenomena of the arts But now they are beginning to give trouble they obscure the issues Mr J D Beresford in his admirable introduction to the first American edition of *Pointed Roofs* confesses to having felt this trouble When he read it in manuscript he decided that it was realism was objective When he read it in typescript he thought this is the most subjective thing I have ever read It is evident that when first faced with the startling newness of Miss Richardson's method and her form the issues did seem a bit obscure to Mr Beresford It was as if up to one illuminating moment he had been obliged to think of methods and forms as definitely objective or definitely subjective His illuminating moment came with the third reading when *Pointed Roofs* was a printed book The book itself gave him the clue to his own trouble which is my trouble the first hint that criticism up till now has been content to think in clichés missing the new trend of the philosophies of the twentieth century All that we know of reality at first hand is given to us through contacts in which those interesting distinctions are lost Reality is thick and deep too thick and too deep and at the same time too fluid to be cut with any convenient carving knife The novelist who would be close to reality must confine himself to this knowledge at first hand He

must as Mr Beresford says simply plunge in Mr Beresford also says that Miss Richardson is the first novelist who has plunged in She has plunged so neatly and quietly that even admirers of her performance might remain unaware of what it is precisely that she has done She has disappeared while they are still waiting for the splash So that Mr Beresford s introduction was needed *Pointed Roofs*, 1982 **POINTED ROOFS** Dorothy Miller 1873-1957 Richardson, 2016-08-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Pointed Roofs** Dorothy M. Richardson, Gill Hauscombe, 1982 *Pointed Roofs* Dorothy Richardson, 2017-12-23 *Pointed Roofs* is the first volume of *Pilgrimage* a series of thirteen autobiographical novels by Dorothy Richardson considered to have pioneered the stream of consciousness technique of writing In a review of *Pointed Roofs* *The Egoist* April 1918 May Sinclair first applied the term stream of consciousness in her discussion of Richardson s stylistic innovations Richardson however preferred the term interior monologue Miriam Henderson the central character in *Pilgrimage* is based on the author s own life between 1891 and 1915 Richardson also important as a feminist writer because of the way her work assumes the validity and importance of female experiences as a subject for literature *Pointed Roofs* Dorothy Miller Richardson, 1919 *Pointed Roofs* is the first in the author s 12 part opus *Pilgrimage* **Walter de la Mare** Yui Kajita, Angela Leighton, A. J. Nickerson, 2022-08-12 This book aims to put Walter de la Mare back on the literary map A writer beloved by many he has nevertheless remained on the sidelines of literary history *Walter de la Mare Critical Appraisals* promises to restore his reputation as one of the most memorably haunting of poets as well as a peculiarly unnerving writer of ghost stories A collection of varied wide ranging essays on de la Mare s poetry stories novels reviews and lectures it puts his work beside that of many of his famous contemporaries including Thomas Hardy Robert Frost W H Auden T S Eliot and Katherine Mansfield It also contains an invaluable survey of his archive much of it unpublished and a number of newly commissioned poems reflecting on his legacy This multifaceted volume will be of interest to students working on twentieth century poetry the short story the nature and limits of modernism and British intellectual history as well as on de la Mare himself List of contributors Catherine Charlwood Guy Cuthbertson Peter Davidson Giles de la Mare Andrew Doyle Suzannah V Evans Adam Guy Robin Holloway Yui Kajita

*Pointed Roofs (Classic Reprint)* Dorothy M. Richardson, 2015-09-27 Excerpt from Pointed Roofs I Have read Pointed Roofs three times The first time it came to me with its original wardrobe a different dress for every mood and in some places the handwriting of the manuscript clothed the thought with the ragged urgency of haste and in others it wore an aspect incredibly delicate and neat as if the writer had caressed each word before setting it down I decided then that Pointed Roofs was realism was objective The influence of the varying moods I inferred from the vagaries of the holograph inclined me to believe that the book presented the picture of a conscious artist outside her material judging balancing selecting The second time the novel came to me in typescript in the formal respectable dress of the applicant for a clerkship It was there to answer questions willing to be examined but replying always in a single manner I changed my opinion after that interview About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
