Poisoned Profits Philip Shabecoff,Alice Shabecoff,2008-08-12 In this shocking and sobering book two fearless journalists directly and definitively link industrial toxins to the current rise in childhood disease and death In the tradition of Silent Spring Poisoned Profits is a landmark investigation an eye opening account of a country that prizes money over children s health With indisputable data Philip Shabecoff and Alice Shabecoff reveal that the children of baby boomers the first to be raised in a truly toxified world have higher rates of birth defects asthma cancer autism and other serious illnesses than previous generations In piercing case histories the authors identify the culprit as corporate pollution Here are the stories of such places as Dickson Tennessee where babies were born with cleft lips and palates after landfill chemicals seeped into the water and Port Neches Texas where so many graduates of a high school near synthetic rubber and chemical plants contracted cancer that the school was nicknamed Leukemia High The danger to our children isn t just in the outside world though The Shabecoffs provide evidence that our homes are now infested with everything from dangerous flame retardants in crib mattresses to harmful plastic softeners in teething rings to antibiotics and arsenic in chicken additives that are absorbed by growing and physically vulnerable kids as well as by pregnant women Compounding the problem are chemical corporations that sabotage investigations and regulations a government that refuses to police these companies and corporate hired scientists who keep pertinent secrets massaged with skewed data of their own Poisoned Profits also demonstrates how people are fighting back whether through grassroots parents groups putting pressure on politicians the rise of ecotheology in the pulpits of formerly indifferent churches or the new green chemistry being practiced in labs to replace bad elements with good The Shabecoffs also include helpful tips on reducing risks to children in how they eat and play and in how parents clean and maintain their homes Powerful unflinching and eminently readable Poisoned Profits is a wake up call that is bound to inspire talk and force change

Green,1994-06-09 a wealth of information about harmful substances Los Angeles Times **Mind, Mood, and Emotion** Bassman,2001-09 ABBWA Journal ,1990 Surviving the 21st Century Julian Cribb,2016-09-20 The book explores the central question facing humanity today how can we best survive the ten great existential challenges that are now coming together to confront us Besides describing these challenges from the latest scientific perspectives it also outlines and integrates the solutions both at global and individual level and concludes optimistically This book brings together in one easy

to read work the principal issues facing humanity It is written for the two next generations who will have to deal with the compounding risks they inherit and which flow from overpopulation resource pressures and human nature The author examines ten intersecting areas of activity mass extinction resource depletion WMD climate change universal toxicity food crises population and urban expansion pandemic disease dangerous new technologies and self delusion which pose manifest risks to civilization and potentially to our species long term future This isn't a book just about problems It is also about solutions Every chapter concludes with clear conclusions and consensus advice on what needs to be done at global level but it also empowers individuals with what they can do for themselves to make a difference Unlike other books it offers integrated solutions across the areas of greatest risk It explains why Homo sapiens is no longer an appropriate name for our species and what should be done about it **E**,1992 **Living a Sustainable Lifestyle for Our Children's Children** R. Warren Flint,W. L. Houser,2001 Global population growth is putting our children and grandchildren at risk *Living a Sustainable Lifestyle for Our Children's Children* shows how sustainable development is a process of living that cuts across many of the major concerns facing society today and establishes how we can move beyond these present risks It presents an easy to understand description of sustainability where humans find the means to coexist in a manner that maintains biodiversity wildlands and decent environments while also achieving economic prosperity and equality present and future The book challenges people to transform their awareness of human nature interactions into a deeper commitment to both protecting and wisely using our global natural resources Going beyond science technology and politics this book discusses how we live and why we live the way we do while addressing the basics of life how to know what is in our water air food and land The good news is a shift to sustainable development is occurring Ordinary people living ordinary lives looking at how they live how that in turn affects nature and how fundamental nature is to our existence is the beginning And this book poses tough questions not for another debate but to initiate reader awareness understanding and motion We hope to advance understanding of what people can do differently to alter the surging tide of material inequity and declining resources by offering numerous alternatives for the individual considering their ability to make a difference **Poisoned for Profit** Philip Shabecoff,Alice Shabecoff,2010 Originally published by Random House in 2008 as *Poisoned profits* T p verso *Journal of Education for Social Work* ,1993 **On the Issues** ,1991 *The Healthy School Handbook* Norma L. Miller,1995 Discusses ways to determine if a school building is sick the causes of sick school building syndrome such as heating ventilating air conditioning air quality problems radon asbestos school floor coverings lead poisoning formaldehyde etc and its treatment and remedial steps that can be taken *Feng Shui for Children's Spaces* Nancilee Wydra,2001 From the bestselling American authority on feng shui comes a new guide to using the ancient Chinese discipline of feng shui to create spaces in which children will thrive Wydra focuses on what may be her most important topic yet designing nurseries bedrooms and playrooms that are healthy happy places for infants and young children 4 page color insert
