Tournament Poker for Advanced Players David Sklansky, 2007 Tournament poker is very different from standard ring game poker. While they might appear the same from a distance, there are many differences in proper strategy that are often unknown to many experienced cash game players. Some people excel at tournament poker. This is not luck. These are players who have an advanced understanding of what the proper strategy adjustments are and when they come into play. It is no coincidence that the same competitors make it to final tables far more than their fair share. This book explains tournament strategies that only a small number of players have mastered. It assumes you already know how to play poker well but aren't knowledgeable of tournament specific concepts and when and where to use them. Some of the ideas discussed include the effect of going broke, the Gap Concept, how chips change value, adjusting strategy to rising stakes, all in strategy, final table play, making deals, the System, focusing on weaker opponents, unusual plays with aces and kings moving in against the blind, and much more. This newly expanded version contains over 100 new pages of updated material dedicated almost entirely to today's most popular form of tournament poker, no limit hold'em.

Lessons From The Felt: Advanced Strategies And Tactics For No-limit Hold'em Tournaments David Apostolico, 2006-11-01 Outperform The Competition At Any Level. In *Lessons from the Pro Poker Tour*, David Apostolico explored the tournament strategies that have taken professionals like Doyle Brunson, T.J. Cloutier, and Billy Baxter to the very top. Now he shows you how to apply those advanced techniques and tactics to all kinds of no limit hold'em tournaments: multi table, single table, online, satellites, sit and go, so that you can win at every level in every arena, from freerolls to big money events. *Think Like A Pro*, Apostolico provides in depth analysis of hands he's encountered in real life games, plus key sample hands that cover crucial poker concepts. He reveals the thought processes that go into making the smartest decision, no matter what cards you're dealt or what environment you're playing in. In learning to think like a pro, you'll also learn to anticipate your opponents' moves and you'll acquire strategies that can be used to throw even the most experienced players off their game. Apostolico recounts notable hands he's played with some of the best in the business, including Barry Greenstein and John Phan, and also offers insights gleaned from his many years on the circuit, as well as advice on adapting and evolving your strategy to suit each game. *Improve Your Odds*. Whether you're aiming to dominate your neighborhood game or make your first inroads into the big money tournaments, *Lessons from the Felt* provides the expertise and analysis you need to improve your skills, your odds, and your enjoyment. David Apostolico is the author of *Lessons from the Pro Poker Tour*, *Tournament Poker*, and *The Art of War and Machiavellian Poker Strategy*.
