Process Theology as Political Theology John B. Cobb, 2016-07-21 The movement of process theology is brought into creative interaction with political theology in this exciting new work by distinguished author John B Cobb Jr Confronted with the critical problems facing the global environment the author seeks to overcome the abstractness that has kept process thought from achieving practical influence Cobb reviews contemporary political theology in the works of major European theologians Johann Baptist Metz Jürgen Moltmann and Dorothee Sölle then surveys the movement in recent German theology He examines the challenge of political theology in the tradition of the Chicago school and advocates broadening the horizons of political theology into the formulation of an ecological rather than a sociological theology Process Theology as Political Theology responds to the challenge of providing a theological base for the Christian activist Pastors seminarians and students will find it to be a stimulating evolutionary work derived from the author's concern for the planet earth *The Cambridge Companion to Christian Political Theology* Craig Hovey, Elizabeth Phillips, 2015-11-20 This volume explores contemporary Christian political theology discussing its traditional sources its emergence as a discipline and its key issues

Theology and Praxis Clodovis Boff, 2009-10-01 In this book Clodovis Boff rigorously and passionately erects the methodological scaffolding that is necessary to construct a true theology of the political a true theology of liberation Much of the book is devoted to clarifying and articulating the boundaries of the relationships among theology the political the social sciences hermeneutics and praxis As an element of that constructive work Boff carefully points out the past and present theoretical shortcomings of political theology and the theology of liberation Thus the book fills a methodological void that has hampered the full development of a theology of the political and it blazes a path beyond what the author calls the first phase of liberation theology Max Stirner and the Political Theology of Fanaticism Jorn Janssen, 2024-08-07 This book provides a rigorous and insightful exploration of political fanaticism guided by a nuanced interpretation of the works of Max Stirner a philosopher often overlooked in contemporary discourse Based on a comprehensive analysis of Stirner's perspectives the book sheds light on the phenomenon of political fanaticism and its implications for modern society Defined as an intense and irrational emotional investment in political convictions political fanaticism permeates both North American and European contexts presenting a significant area of study within political theory The aim of this work is not to advocate for any particular ideological position but rather to critically examine the phenomenon itself Central to the investigation is Stirner's distinctive idea that political fanaticism mirrors the fervor of religious zealotry transposed onto the political stage By delving into Stirner's philosophical insights the book aims to elucidate the underlying mechanisms driving political fanaticism and its relationship to broader societal shifts Contributing to the field of political theology by exploring the intersections between politics and religious belief systems the aim is to achieve a deeper understanding of the complex dynamics at play in contemporary political discourse Ultimately the goal is to provide scholars and researchers with a comprehensive framework

for analyzing and contextualizing political fanaticism within the broader landscape of modern politics By engaging with Stirner's works and interrogating their relevance to contemporary challenges the book seeks to enrich scholarly discourse and foster critical reflection on this pressing issue **Calendar** McMaster University,1906 **Political Theology: A Guide for the Perplexed** Elizabeth Phillips,2012-06-07 There is an increasingly intense interest in political theology amongst contemporary scholars and students Yet while there are many authors engaging in political theology there are very few resources about political theology which aim to orient students and other recent new comers to the field This is a concise and accessible advanced introduction which distinguishes various approaches to political theology and which explores several of the central issues addressed in political theologies Theological students will be able to approach courses and readings in political theology with a renewed confidence with this overview in hand *The Political Theory of Liberation Theology* John R. Pottenger,1989-09-14 This is the first in depth look at the political theoretical structure of liberation theology Pottenger shows how liberation theologians writing from the perspective of the poor and oppressed denounce modernity and especially capitalism for having caused poverty and military dictatorships He evaluates the liberation theologians methodological approach to political theory and the crucial role of Marxism He also analyzes liberation theologians assessment of Latin American political economy and their moral arguments for political activism in response to these assessments Pottenger addresses the general question of to what extent liberation theology has achieved its ultimate objective of a just society of the convergence of traditional social values and modern political science The Literary Reader George Rhett Cathcart,2024-08-02 Reprint of the original first published in 1877 **A Political Theology of Climate Change** Michael S.
