

Poland's Security Policy

The West, Russia, and the Changing International Order

Justyna Zając

Poland S Security Policy

**Alojzy Nowak, Konstanty Adam
Wojtaszczyk, Łukasz Zamecki**

Poland's Security Policy:

Poland's Security Policy Justyna Zając, 2016-11-02 This book examines how the changing post Cold War order affected Poland's security policy and particularly how the West's weakening position and Russia's revisionist policy reinforced the traditional view of security in Poland. It addresses the reasons why Poland, a middle power in Central Europe, adopted a bridging strategy in the early 1990s, how this strategy changed along with the redistribution of power in the international system, why after the 2008 Georgian-Russian War Poland took steps to support NATO, consolidate, strengthen relations with the USA and expand its own military capabilities, and how the Ukraine crisis affected Poland's security. This overview is an invaluable resource for students of international and European studies, security studies, political science, as well as for decision makers, politicians, EU staff and anyone interested in international politics in Central Europe. **Poland's Foreign**

and Security Policy Ryszard Zięba, 2019-11-06 This book analyses determinants and the evolution of Poland's foreign and security policy in the changing international order. By studying historical geopolitical and domestic factors, the author offers a better understanding of Poland's national interests and sheds new light on its foreign relations with the USA, Russia and the European Union. Furthermore, the author also discusses Poland's cooperation within international organisations such as NATO and the EU.

Poland's Security Policy 1989-2000 Roman Kuźniar, 2001 *Germany, Poland and the Common Security and Defence Policy* L. Chappell, 2012-08-29 A comparative analysis of an old and new EU Member State's perceptions of and contributions to EU security and defence. This book focuses on change and continuity in both countries' defence policies and where convergence and divergence has occurred. This has important implications for the EU's effectiveness as an international security actor. **Cybersecurity in Poland** Katarzyna Chałubińska-Jętkiewicz, Filip Radoniewicz, Tadeusz Zieliński, 2021-10-27 This open access book explores the legal aspects of cybersecurity in Poland. The authors are not limited to the framework created by the NCSA National Cybersecurity System Act; this act was the first attempt to create a legal regulation of cybersecurity and in addition has implemented the provisions of the NIS Directive but may discuss a number of other issues. The book presents international and EU regulations in the field of cybersecurity and issues pertinent to combating cybercrime and cyberterrorism. Moreover, regulations concerning cybercrime in a few select European countries are presented in addition to the problem of collision of state actions in ensuring cybersecurity and human rights. The advantages of the book include a comprehensive and synthetic approach to the issues related to the cybersecurity system of the Republic of Poland, a research perspective that takes as the basic level of analysis issues related to the security of the state and citizens and the analysis of additional issues related to cybersecurity such as cybercrime, cyberterrorism and the problem of collision between states ensuring security, cybernetics and human rights. The book targets a wide range of readers, especially scientists and researchers, members of legislative bodies, practitioners, especially judges, prosecutors, lawyers, law enforcement officials, experts in the field of IT security and officials of public authorities. Most authors are

scholars and researchers at the War Studies University in Warsaw Some of them work at the Academic Centre for Cybersecurity Policy a thinktank created by the Ministry of National Defence of the Republic of Poland *Poland in European Union* Alojzy Nowak, Konstanty Adam Wojtaszczyk, Łukasz Zamecki, 2016-01-22 **Foreign Policy Change in Europe Since 1991** Jeroen K. Joly, Tim Haesebrouck, 2021-08-27 In the past three decades the world has witnessed many rapid and invasive changes and seems to be changing countries have adapted their foreign policies to these changes Building on a clear typology of foreign policy change and a consistent theoretical framework this book offers a comparative analysis of foreign policy change in Europe throughout the post Cold War period Along the lines of our analytical framework country experts discuss how and why the further ever more rapidly in ways that seemed only imaginable in movies This book investigates how European foreign policies of eleven European countries have changed over the past thirty years This book hereby advances our understanding of the phenomenon of foreign policy change and identifies the most important drivers and inhibitors of change *Civil-Military Relations in Post-Communist Europe* Timothy Edmunds, Andrew Cottey, Anthony Forster, 2013-10-18 Fifteen years after the fall of communism we are able to appraise the results of the multi faceted postcommunist transition in Central and Eastern Europe with authority This volume specifically addresses the fascinating area of Civil Military relations throughout this transitional period The countries of the region inherited a onerous legacy in this area their armed forces were part of the communist party state system and most were oriented towards Cold War missions they were large in size and supported by high levels of defence spending and they were based on universal male conscription Central and eastern European states have thus faced a three fold civil military reform challenge establishing democratic and civilian control over their armed forces implementing organisational reform to meet the security and foreign policy demands of the new era and redefining military bases for legitimacy in society This volume assesses the experiences of Poland Hungary Latvia Romania Croatia Serbia Montenegro Ukraine and Russia in these areas Collectively these countries illustrate the way in which the interaction of broadly similar postcommunist challenges and distinct national contexts have combined to produce a wide variety of different patterns of civil military relations This book was previously published as a special issue of *European Security* *Poland and Germany in the European Union* Elżbieta Opiłowska, Monika Sus, 2021-03-19 This book explores the political and social dynamics of the bilateral relations between Germany and Poland at the national and subnational levels taking into account the supranational dynamics across such different policy areas as trade foreign and security policy energy fiscal issues health and social policy migration and local governance By studying the impact of the three explanatory categories the historical legacy interdependence and asymmetry on the bilateral relationship the book explores the patterns of cooperation and identifies the driving forces and hindering factors of the bilateral relationship Covering the Polish German relationship since 2004 it demonstrates in a systematic way that it does not qualify as embedded bilateralism The relationship remains historically burdened and asymmetric and thus it is not resilient to crises

This book will be of key interest to scholars and students of European and EU Politics German politics East Central European Politics borderlands studies and more broadly for international relations history and sociology Historical Memory and Foreign Policy Lina Klymenko, Marco Siddi, 2022-10-13 This book explores the uses of the past in foreign policy making It outlines why and how political leaders refer to historical events in contemporary foreign policy discourses the goals they hope to achieve and the sometimes unintended foreign policy consequences of their use of historical memory Furthermore it looks at how political leaders shape domestic collective memories in pursuit of their international agendas and highlight historical events leaders forget reinterpret or obscure through selective narratives The chapters explore a variety of theoretical concepts that shed light on how memory and foreign policy are linked in a complex and reciprocal way The following mechanisms are discussed the application of historical analogies the construction of historical narratives the creation of memory sites the marginalisation and forgetting of the past and the securitisation of historical memory Through the use of a number of methodological approaches such as discourse analysis narrative analysis and content analysis of securitising moves and a broad range of qualitative and quantitative data newspaper articles policy documents commemorative speeches interviews with policymakers and the observation of memory sites the contributions highlight the interdependence of the international national regional and local dimensions of memory practices and history writing Although they mostly focus on national case studies of foreign policy making they also reveal how representations of historical events evolve through interaction between political actors at the international level of analysis The collection originated in the section entitled Exploring the Link between Historical Memory and Foreign Policy at the annual Pan European Conference of the European International Studies Association EISA 2018 held in Prague the Czech Republic

EU Energy Relations With Russia Umut Turksen, 2018-02-19 This book provides a detailed analysis of the legal framework in which the energy trade between the European Union and the Russian Federation has been conducted Using case studies of eight member states it critically examines the EU's ability and the duty of its Member States to conduct their external energy trade in accordance with the principle of solidarity Providing a comprehensive analysis of the principle of solidarity as provided in the *acquis communautaire* of the EU the book critically analyses the legal framework pertaining to EU Russia energy trade to ascertain whether and to what extent it satisfies the requirements of the rule of law *Regional and International Relations of Central Europe* Zlatko Sabic, P. Drulák, 2012-09-18 Focused on the role of Central Europe in international politics at the turn of the 20th century the authors take stock of the knowledge about the discipline of IR enhance the visibility of scholars from Central Europe and fill the void which has emerged after several researches on Central Europe were completed in the 1990s **The Intermarium as the Polish-Ukrainian Linchpin of Baltic-Black Sea Cooperation** Ostap Kushnir, 2019-03-01 The term Intermarium has a long historical tradition and was commonly used to define the area between the Baltic and Black Seas With its regular reappearances in contemporary academic and political

discourses this book explores and assesses a variety of its connotations In order to do this it applies a multi dimensional approach to the Intermarium Six researchers specializing in Central and Eastern European history geopolitics security economics and cultural studies are brought together here to share their expert knowledge As a result the book discusses various unique aspects of the Intermarium At the very end a conclusion is drawn as to whether the cognominal framework possesses any feasible potential for emergence and development in the contemporary international architecture

Parameters ,1996 **White Book on National Security of the Republic of Poland** Stanisław Koziej,2013

Poland Within the European Union Aleks Szczerbiak,2012 Provides a detailed empirical case study of the impact of the EU on Poland and Poland s impact on the EU in the first three years of membership from 2004 2007 **International**

Bibliography of the Social Sciences ,1994 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **Poland, Germany and State Power in Post-Cold War Europe** Stefan Szwed,2018-09-29 This book examines the post Cold War Polish German relationship and the puzzling rise of foreign and security policy differences between the two states during the 2000s Through an investigation of four policy issues NATO s out of area mandate European Constitution and the division of voting power in the Council relations with Russia and the eastern neighbours as well as EU energy policy the author identifies the roots of their conflict in a structure of material spatial and temporal asymmetries Rather than treat them as currency however he explores the less conspicuous ways in which power is exercised and structure matters inside a community governed by shared rules and norms In pursuing its research question theoretical work historical reconstructions and empirical analyses the book combines security studies transatlantic relations European integration and Polish and German politics with general theorizing and conceptual grounding in international relations and political science *Republic of Poland* International Monetary Fund,2012-07-05 This 2012 Article IV Consultation discusses that the economy of Poland fared well throughout the crisis The growth was robust and well balanced in 2011 The banking sector remained profitable and well capitalized Declining provisioning boosted profitability and the average capital adequacy ratio remained high at about 13 percent Executive Directors have commended the authorities for sound macroeconomic management which has underpinned the good performance of the Polish economy in a challenging environment Directors have broadly supported the ongoing fiscal adjustment which is necessary to rebuild fiscal buffers **Poland and Spain in Contemporary World** Malgorzata Mizerska-Wrotkowska,José Luis Orella Martínez,2014-08-01 In the present collection individual authors address both the question of relations between Poland and Spain and issues related to the role of both countries in international relations especially in European politics This initiative is a valuable one particularly since the literature on this subject both Polish and international especially pays little attention to these two countries and in particular relations between them This is all the more surprising as both are among the six largest countries of Europe A further major

strength of this publication is its pairing of several texts that though on similar subjects view those subjects from different perspectives This pairing approach is taken on the topics of security policy economic crisis Polish refugees in Spain and Spanish refugees in Poland and the foreign policies of both countries The articles themselves are concise factual devoid of digression and edited in accordance with the principles of academic literature This book should be an interesting read for political scientists scholars of European studies international relations analysts as well as students of Iberian studies

As recognized, adventure as skillfully as experience not quite lesson, amusement, as without difficulty as accord can be gotten by just checking out a books **Poland S Security Policy** moreover it is not directly done, you could resign yourself to even more roughly this life, in the region of the world.

We have the funds for you this proper as capably as easy mannerism to get those all. We allow Poland S Security Policy and numerous ebook collections from fictions to scientific research in any way. in the midst of them is this Poland S Security Policy that can be your partner.
