Mundell Moniez Baptiste,2017-08-21 This study explores the work of Frank Mundell a late Victorian author for the Sunday School Union Mundell focused on heroism and represented various kinds of heroic deeds and figures regardless of gender in his books Writing for educative as well as entertaining purposes he avoided the use of didacticism and he endeavoured to combine the traditional and the modern in the stories he chose to tell Mundell s favourite format was that of the prosopography putting together several heroic lives or incidents He was careful to dedicate each of his volumes to one topic in particular thus distinguishing the different types of heroic deeds from one another His writings belong to four series or collections each highlighting a specific version of heroism from instances of the mundane performed in a familial context to extraordinary deeds He wrote about such bold acts as those featuring in the stories of brave firemen fighting devouring flames fearless sailors in tempestuous seas determined miners risking their lives to save their comrades or intrepid explorers facing perils in the wide world This book analyses each of his publications highlighting the elements belonging to his representation of heroism as a whole
