## **Police And Citizen Perceptions Of Police Power:**

**Police and Citizen Perceptions of Police Power** Gina Pisano-Robertiello, 2000      **Police and Citizen Perceptions of Police Power** Gina Robertiello, 2004 This book explores the perceptions of police power by citizens and by the police officers themselves Using a multi variant survey on police citizen interactions in the urban environment of New Jersey the author brings into focus the difficulties involved in police citizen encounters where the application of police discretion and power is often cognitively and behaviorally misunderstood within larger community understandings      **Police Powers and Citizens' Rights** Layla Skinns, 2019-01-31 Police detention is the place where suspects are taken whilst their case is investigated and a case disposal decision is reached It is also a largely hidden but vital part of police work and an under explored aspect of police studies This book provides a much needed comparative perspective on police detention It examines variations in the relationship between police powers and citizens rights inside police detention in cities in four jurisdictions in Australia England Ireland and the US exploring in particular the relative influence of discretion the law and other rule structures on police practices as well as seeking to explain why these variations arise and what they reveal about state citizen relations in neoliberal democracies This book draws on data collected in a multi method study in five cities in Australia England Ireland and the US This entailed 480 hours of observation as well as 71 semi structured interviews with police officers and detainees Aside from filling in the gaps in the existing research this book makes a significant contribution to debates about the links between police practices and neoliberalism In particular it examines the police not just the prison as a site of neoliberal governance By combining the empirical with the theoretical the main themes of the book are likely to be of utmost importance to contemporary discussions about police work in increasingly unequal societies As a result it will also have a wide appeal to scholars and students particularly in criminology and criminal justice      **Evidence-Based Practice Manual** Albert R. Roberts, Kenneth R. Yeager, 2004-01-15 The Evidence Based Practice Manual was developed as an all inclusive and comprehensive practical desktop resource It includes 104 original chapters each specially written by the most prominent and experienced medical public health psychology social work criminal justice and public policy practitioners researchers and professors in the United States and Canada This book is specifically designed with practitioners in mind providing at a glance overviews and direct application chapters This is the only interdisciplinary volume available for locating and applying evidence based assessment measures treatment plans and interventions Particular attention has been given to providing practice guidelines and exemplars of evidence based practice and practice based research The Evidence Based Practice Manual emphasizes and summarizes key elements issues concepts and how to approaches in the development and application of evidence based practice Discussions include program evaluation quality and operational improvement strategies research grant applications validating measurement tools and utilizing statistical procedures Concise summaries of the substantive evidence gained from methodologically rigorous quantitative and qualitative research provide make this is

an accessible resource for a broad range of practitioners facing the mandate of evidence based practice in the health and human services     Routledge Handbook of Evidence-Based Criminal Justice Practices Edelyn Verona, Bryanna

Fox, 2023-10-31 Now more than ever the criminal justice system and the programs policies and practices within it are subject to increased public scrutiny due to well founded concerns over effectiveness fairness and potential unintended consequences One of the best means to address these concerns is to draw upon evidence based approaches demonstrated to be effective through empirical research rather than through anecdote standard practice or professional experience alone National Institute of Justice 2011 The goal of this book is to describe the most useful actionable and evidence based solutions to many of the most pressing questions in the criminal justice system today Specifically this edited volume contains brief and accessible summaries of the best available research alongside detailed descriptions of evidence based practices across different areas of the criminal justice system It is written so that practitioners and researchers alike can use the text as reference tool in their work and in training the new generation of individuals working to improve the system Researchers and practitioners in many areas of criminal justice crime prevention policing courts prosecution defendants judges corrections sanctions and sentencing can reference specific chapters in this book to guide their policy and practice decisions Although theory is a guide for the practices described the chapters will address practical issues in implementation and action This book overcomes the limitations of previous criminal justice practice books in that it is written as a practice resource and reference guide and spans practices and policies across different sectors of the criminal justice system from prevention to policing to sanctions and corrections Each chapter contains a list of action items based upon the best available scientific research that can be implemented in practice to address key issues and long standing challenges in the criminal justice system     **Measuring Police Subcultural Perceptions** Zheng Chen, 2015-11-21 Using survey data collected from 382

Chinese police officers training in a Chinese police university this research is the first empirical study to describe Chinese police perceptions of subcultural topics including the role of crime fighting and community service cynicism isolation solidarity receptivity to change and traditionalism This book describes the research method adopted in this study and the findings together with comparisons with Western police cultural studies In addition it covers an extensive review of Chinese policing history and evolution of policing strategies and a review of police subcultural themes and their potential determinants on the basis of Western studies making it both beneficial and of interest for researchers and practitioners who would like to know more about contemporary policing in China This book provides readers with insights into a little investigated area of policing the perceptions of Chinese frontline police It also makes it easy to compare the similarities and differences between police perceptions in China and the West     **Police Corruption in Comparative Perspective** George Chak Man Lee, 2019-08-08 How has rapid economic modernization in China and India impacted upon policing To what extent are the two police forces trusted by its citizens Do the police carry out their duties in a fair and unbiased fashion What does

police corruption look like and why does it persist And what are the influencing factors in decision making at the moments of truth Filling the lacuna of research into the police in China and India this book offers a unique comparative study of the prevalence nature and organization of police corruption in these countries This book provides key insights into the relationships between rapid economic modernisation urbanisation and crime and its effects on police organisational culture and behaviour as well as on ethical decision making Moreover this book performs an audit on which country is better placed to tackle corruption and professionalise their police service It offers a major contribution to comparative research on criminal justice It is essential reading for all policing scholars and will be of interest to students of criminology social and political sciences development studies Asian studies and post colonial studies

*Police-Citizen Relations Across the World* Dietrich Oberwittler,Sebastian Roché,2017-10-02 Police citizen relations are in the public spotlight following outbursts of anger and violence Such clashes often happen as a response to fatal police shootings racial or ethnic discrimination or the mishandling of mass protests But even in such cases citizens assessment of the police differs considerably across social groups This raises the question of the sources and impediments of citizens trust and support for police Why are police citizen relations much better in some countries than in others Are police minority relations doomed to be strained And which police practices and policing policies generate trust and legitimacy Research on police legitimacy has been centred on US experiences and relied on procedural justice as the main theoretical approach This book questions whether this approach is suitable and sufficient to understand public attitudes towards the police across different countries and regions of the world This volume shows that the impact of macro level conditions of societal cleavages and of state and political institutions on police citizen relations has too often been neglected in contemporary research Building on empirical studies from around the world as well as cross national comparisons this volume considerably expands current perspectives on the sources of police legitimacy and citizens trust in the police Combining the analysis of micro level interactions with a perspective on the contextual framework and varying national conditions the contributions to this book illustrate the strength of a broadened perspective and lead us to ask how specific national frameworks shape the experiences of policing

**Handbook of Scales for Research in Crime and Delinquency** Stanley L. Brodsky,H. O'Neal Smitherman,2013-06-29 In contrast to the great diversity of other crime and delinquency research measures those drawn from the CPI and the MMPI have much in common They are taken from standardized instruments administered under controlled conditions with known stimulus properties and validity indicators The CPI and MMPI measures will frequently be instruments of choice in research on personality and psychodynamics of

offenders

**CHAPTER 6 Law Enforcement and Police** This chapter encompasses a variety of scales that refer to law enforcement or police agencies Unfortunately in the case of many scales these terms are used simply with the assumption that the respondents understand the concepts and use them in the same way as researchers In other cases however specific policing functions are identified and described As noted in Chapter 3 a standard order of scale presentation is followed First the attitudes scales are presented followed by the behavior ratings per sonality measures milieu ratings prediction measures and finally the very broad category of description After the reviews are completed within each subcategory other scales in that category are listed See Chapter 2 for a description of the criteria that were used in deciding upon whether a scale would be reviewed or simply listed Listed scales are presented by title and bibliographic reference followed by a very brief description

**Hands Up, Don't Shoot** Jennifer E. Cobbina, 2019-07-30 Understanding the explosive protests over police killings and the legacy of racism Following the high profile deaths of eighteen year old Michael Brown in Ferguson Missouri and twenty five year old Freddie Gray in Baltimore Maryland both cities erupted in protest over the unjustified homicides of unarmed black males at the hands of police officers These local tragedies and the protests surrounding them assumed national significance igniting fierce debate about the fairness and efficacy of the American criminal justice system Yet outside the gaze of mainstream attention how do local residents and protestors in Ferguson and Baltimore understand their own experiences with race place and policing In *Hands Up Don t Shoot* Jennifer Cobbina draws on in depth interviews with nearly two hundred residents of Ferguson and Baltimore conducted within two months of the deaths of Brown and Gray She examines how protestors in both cities understood their experiences with the police how those experiences influenced their perceptions of policing what galvanized Black Lives Matter as a social movement and how policing tactics during demonstrations influenced subsequent mobilization decisions among protesters Ultimately she humanizes people s deep and abiding anger underscoring how a movement emerged to denounce both racial biases by police and the broader economic and social system that has stacked the deck against young black civilians *Hands Up Don t Shoot* is a remarkably current on the ground assessment of the powerful protestor driven movement around race justice and policing in America

**Policing for Peace** Matthew Nanes, 2021-11-18 In communities plagued by conflict along ethnic racial and religious lines how does the representation of previously marginalized groups in the police affect crime and security Drawing on new evidence from policing in Iraq and Israel *Policing for Peace* shows that an inclusive police force provides better services and reduces conflict but not in the ways we might assume Including members of marginalized groups in the police improves civilians expectations of how the police and government will treat them both now and in the future These expectations are enhanced when officers are organized into mixed rather than homogeneous patrols Iraqis indicate feeling most secure when policed by mixed officers even more secure

than they feel when policed by members of their own group In Israel increases in police officer diversity are associated with lower crime victimization for both Arab and Jewish citizens In many cases inclusive policing benefits all citizens not just those from marginalized groups      *Community Policing Today* Deborah A. Parsons,Janine Kremling,2020-09-20 Framing community policing not as a program but as a transformation from traditional policing that involves sweeping changes in the way police view their role and relationships with the community the authors demonstrate how law enforcement officers can partner with the community to help facilitate problem solving of public safety issues      **Policing** Carol A. Archbold,Carol M. Huynh,Thomas Mrozla,2021-09-16 One of the most diverse and inclusive books for the policing course Policing The Essentials focuses on core concepts and contemporary research to provide a foundational understanding of policing in the current climate of criminal justice      Exploring Contemporary Police Challenges Sanja Kutnjak Ivković,Jon Maskály,Christopher M. Donner,Irena Cajner Mraović,Dilip K. Das,2022-12-30 Policing in the 21st century is becoming increasingly complicated as economic political social and legal circumstances continue to compel police organizations to evolve To illustrate the complexity of policing in the 21st century and cover themes common to police organizations around the world Exploring Contemporary Police Challenges A Global Perspective is organized into six sections which cover the key policing challenges across the globe Based on US President Barack Obama s 2015 Task Force s organization into six broad pillars this volume contains contributions from policing experts focusing on Building Trust and Legitimacy Providing Policy and Oversight Utilizing Technology and Social Media Developing Community Policing and Crime Reduction Providing Police Training and Education and Facilitating Officer Wellness and Safety Scholarly analyses and discussions of these issues in 16 countries on 6 continents offer a global perspective on policing in the 21st century This volume simultaneously enhances the scope of policing scholarship and demonstrates that no country can sidestep the need to adjust to these rapid and profound changes      Safety, Societal Problems and Citizens' Perceptions Marc Cools,Brice De Ruyver,Marleen Easton,2010 In nowadays globalised society an international exchange of ideas and views is indispensable within the field of social sciences including criminology and criminal justice studies      *Community Policing* Victor E. Kappeler,Larry K. Gaines,Brian P. Schaefer,2025-05-14 This book provides comprehensive coverage of community policing the philosophy and organizational strategy that expands the traditional police mandate of fighting crime to include forming partnerships with citizenry that endorse mutual support and participation The first textbook of its kind Community Policing delineates this progressive approach combining the accrued wisdom and experience of its established authors with the latest research based insights to help students apply what is on the page to the world beyond The book extends the road map presented by Robert Trojanowicz the father of community policing and brings it into contemporary focus The text has been revised throughout to include the most current developments in the field including discussions of the 2020 protests and subsequent calls for police reform and the rapid development of alternative responses for behavioral health and other non criminal 911 calls Spotlight

on Community Policing Practice features throughout the text focus on real life community policing programs in various cities as well as problem solving case studies Also assisting the reader in understanding the material are Learning Objectives Key Terms and Discussion Questions in addition to numerous links to resources outside the text An excellent resource for any undergraduate policing or law enforcement curriculum this textbook is also suitable for introducing graduate students to the principles of community policing
