Century Martin I. Kurke, Ellen M. Scrivner, 2013-04-15 As we approach the 21st century there is a discernable shift in policing from an incident driven perspective to a proactive problem solving stance often described as community policing In this volume a panel of 21 psychologists examine the changing directions in policing and how such changes impact on psychological service delivery and operational support to law enforcement agencies The book describes existing and emerging means of providing psychological support to the law enforcement community in response to police needs to

accommodate new technology community oriented problem solving technology crime prevention and sensitivity to community social changes Senior psychologists who are sworn officers federal agents and civilian employees of federal state and local law enforcement agencies comprise the team of chapter authors Their perspectives encompass their collective experience in the trenches and in law enforcement management and administrative support roles They discuss traditional applications of psychology to police selection training and promotion processes and in trauma stress management and evaluation of fitness for duty Concerns related to police diversity and police family issues are also addressed as are unique aspects of police stress management Additional chapters are dedicated to establishing psychological service functions that currently are less familiar to police agencies than they are to other government and private sector service recipients These chapters are devoted to police psychologists as human resource professionals as human factors experts in accommodating to new technology and to new legal requirements as organizational behavioral experts and as strategic planners This text is recommended reading for two groups police and public safety administrators whose work takes them or should take them into contact with police psychologists practicing and would be police psychologists concerned with the emerging trends in the application of psychology to police and other public safety programs

21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06 Criminology has experienced tremendous growth over the last few decades evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U S and internationally Evolutionary paradigmatic shift has accompanied this surge in definitional disciplinary and pragmatic terms Though long identified as a leading sociological specialty area criminology has emerged as a stand alone discipline in its own right one that continues to grow and is clearly here to stay Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations to and perspectives on the causes effects and responses to crime

21st Century Criminology A Reference Handbook provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths The individual chapters have been designed to serve as a first look reference source for most criminological inquires Both connected to the sociological origins of criminology i e theory and research methods and the justice systems response to crime and related social problems as well as coverage of major crime types this two volume set offers a comprehensive overview of the current state of criminology From student term papers and masters theses to researchers commencing literature reviews **21st Century Criminology** is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology This two volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or research handbook chapter 100 entries or mini chapters highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century Curricular driven chapters provide students with initial footholds on topics of interest in researching term papers in preparing for GREs in consulting to determine directions to take in pursuing a senior thesis graduate degree career etc Comprehensive in coverage major sections include The Discipline of Criminology Correlates of Crime Theories of Crime Justice Measurement Research Types of Crime and Crime the Justice System The contributor group is comprised of well known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers students and general readers alike with fundamental and detailed information for each topic Uniform chapter structure makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future
