Police Work:

The Psychological Effects of Police Work Philip Bonifacio, 2013-11-21 **SOME DISCLAIMERS** It is somewhat unusual to begin a book by declaring what it is not but the topic of police behavior is so complex that it requires the writer to state as early as possible the limits of what he has written here to describe and explain a police officer's experience. In order for the reader to get a clear idea of what areas of police behavior are to be described it is necessary to delineate those aspects of police behavior that are beyond the scope of this book. First of all this book is about the psychological effects of police work on policemen male police officers. Nearly all of the police officers with whom I have worked have been men so my impressions and opinions are based on the experiences of male police officers. Consequently descriptions and explanations of the motivations anxieties psychological defenses and resultant behavior of police officers must be limited to policemen. I believe that there are significant differences in the psychological effects of police work on men and women but this book does not address this issue.

Introducing Policework Mike Brogden, Tony Jefferson, Sandra Walklate, 2023-03-31 Originally published in 1988 *Introducing Policework* offered a new and concise overview of the controversial subject of policework at the time. The authors provide critical evaluations of the contributions made by psychologists social psychologists historians sociologists and political scientists and an assessment of how these fit within an overall understanding of policework. Among the issues considered are the process of socialization that lead to a cop culture the historical evolution of police working practices and their current impact upon the social divisions of age gender race and class problems with the present system of accountability the prospects for success of recent post Scarman initiatives such as community consultation. The achievement of this book is that it provides lively and consistent discussion of key issues in the consideration of policework race and crime the question of gender victimization and the new realism police monitoring Neighbourhood Watch and police training initiatives. Today it will provide an interesting look back at a critical evaluation of policework in the 1980s.

Police Work and Identity Andrew Faull, 2017-09-07 This is a book about the men and women who police contemporary South Africa. Drawing on rich original ethnographical data it considers how officers make sense of their jobs and how they find meaning in their duties. It demonstrates that the dynamics that lead to police abuses and scandals in transitional and neo liberalising regimes such as South Africa can be traced to the day to day experiences and ambitions of the average police officer. It is about the stories they tell themselves about themselves and their social worlds and how these shape the order they produce through their work. By focusing on police officers this book positions the individual in primacy over the organisation asking what policing looks like when motivated by the pursuit of ontological security in precarious contexts. It acknowledges but downplays the importance of police culture in determining officers attitudes and behaviour and reminds readers that most officers' lives are entangled in and shaped by a range of social political and cultural forces. It suggests that a job in the South African Police Service SAPS is primarily just that a job. Most officers join the organisation after other dreams have slipped.

beyond reach their presence in the Service being almost accidental But once employed they re write their self narratives and enact carefully choreographed performances to ease managerial and public pressure and to rationalize their coercive practices In an era where evidence and what works reigns supreme and where cop culture is often deemed a primary socializing force this book emphasises how officers personal histories ambitions and vulnerabilities remain central to how policing unfolds on the street Practical Police Work James Joseph Skehan,James P.
