*Policeman's Lot* Dell Shannon, 2014-07-14 My favourite American crime writer New York Herald Tribune The Wilcox Street precinct is as busy as ever Sergeant Maddox and his team face three tricky murder cases with motives that turn out to be as strange and bizarre as the crimes themselves But it is not only murder that is occupying Maddox When policewoman Carstairs who has vainly adored him for so long begins to show interest in newcomer Sergeant O'Neill Maddox discovers to his astonishment that he is jealous and will have to balance his time between romance and murder **A Policeman's Lot** Msa Blackwell, 2012-11 A Policeman's Lot Volume Two in the Notting Hill Trilogy A comedy adventure beginning in London in the spring of 1975 An elderly widow who lived in Notting Hill and was involved in the finding of some stolen penny black stamps brings home a real dinosaur bone to compare it to an imitation one Her dog breaks the false bone and falls sick A friend who was visiting her collected the residue contained within the false bone and gave it to a policeman It was identified as heroin and investigations lead the police to Museums in England who had bought the false bones being part of a display of Dinosaurs to a raid in Holland where the policeman who took part in a raid had a fight in a sex club The raid was a success but his escapade in the club infuriated his superiors whereupon he was placed on suspension The chief constable however knew the truth and engaged him as an undercover agent to resolve other police matters and placed him with an American cop as an assistant After many comical situations including going undercover in a nudist camp and being part of a sting in a criminal situation the truth however was finally revealed and the policeman became a hero and gained fame and fortune

*Policeman's Lot* Henry Wade, 2016-07-28 A baker's dozen of stories from the Golden Age master of the police procedural seven from the casebook of Detective Inspector John Poole whose brilliant work in the *The Duke of York's Steps* and *No Friendly Drop* will be remembered by readers of Wade novels and six miscellaneous narratives of crime and detection all of them displaying the scientific ingenuity which distinguishes Wade's work **Arming the British Police** Roy Ingleton, 2020-07-15 As the fear of violent crime escalates there are calls for the police to carry guns This examination of the history of violent crime and violence against the representatives of law and order looks at the extent to which the unarmed British police have had recourse to firearms in the past **The New Police in the Nineteenth Century** Paul Lawrence, 2017-07-05 The period 1829-1856 witnessed the introduction of the New Police to Great Britain and Ireland Via a series of key legislative acts traditional mechanisms of policing were abolished and new supposedly more efficient forces were raised in their stead Subsequently the introduction of the New Police has been represented as a watershed in the development of the systems of policing we know today But just how sweeping were the changes made to the maintenance of law and order during the nineteenth century The articles collected in this volume written by some of the foremost criminal justice historians show a process which while cumulatively dramatic was also at times protracted and acrimonious There were significant changes to the way in which Britain and Ireland were policed during the nineteenth century but these

changes were by no means as straightforward or as progressive as they have at times been represented

**British Transport Police** Malcolm Clegg, 2022-12-29 This book traces the history of the British Transport Police the National Police Force responsible for policing the railways of England Scotland and Wales The roots of the Force go back almost 200 years starting with the development of the railways during the Nineteenth Century Hundreds of railway companies were founded and although mergers and amalgamations took place by the end of the century well over 100 railway companies were operating most of which employed railway policemen The first railway policemen were recruited to work on the Stockton and Darlington Railway in 1826 Other railway companies quickly followed and by the 1850s railway policemen with their smart uniforms and top hats were a common sight on Britain's railways During the Twentieth Century railway companies continued to merge before being nationalized in 1948 The following year the British Transport Commission BTC was created to oversee not only the newly nationalized railway network but also the nation's docks shipping inland waterways road transport road haulage and other companies Also in 1949 the British Transport Commission Police BTC Police was created to take over the policing of these newly nationalized institutions All the former railway dock and canal police forces were then absorbed into the new BTC Police Force The BTC was abolished in 1962 having incurred serious financial losses The BTC Police was renamed the British Transport Police in 1963 and has continued to operate ever since It no longer polices the docks harbors and canals for reasons outlined in this book

**A History of the Dublin Metropolitan Police and its Colonial Legacy** Anastasia Dukova, 2016-10-10 This book illuminates the neglected history of the Dublin Metropolitan Police a history that has been long overshadowed by existing historiography which has traditionally been preoccupied with the more radical aspects of Irish history It explores the origins of the institution and highlights the Dublin Metropolitan Police's profound influence on the colonial forces as its legacy reached some of the furthest outposts of the British Empire In doing so Anastasia Dukova provides much needed nuance and complexity to our understanding of Ireland as a whole and Dublin in particular demonstrating that it was far more than a lawless place ravaged by political and sectarian violence Simultaneously the book tells the story of the bobby on the beat the policeman who made the organisation his work and day the conditions of service and how they affected or bettered his lot at home and abroad

Provincial Police Reform in Early Victorian England Roger Swift, 2021-04-21 The establishment of new police forces in early Victorian England has long attracted historical enquiry and debate albeit with a general focus on London and the urban industrial communities of the Midlands and the North This original study contributes to the debate by examining the nature and process of police reform the changing relationship between the police and the public and their impact on crime in Cambridge a medium sized county town with a rural hinterland It argues that the experience of Cambridge was unique for the Corporation shared co jurisdiction of policing arrangements with the University and this fractious relationship as well as political rivalries between Liberals and Tories

impeded the reform process although the force was certified efficient in 1856 Case studies of the careers of individual policemen and of the crimes and criminals they encountered shed additional light on the darker side of life in early Victorian Cambridge and present a different and more nuanced picture of provincial police reform during a seminal period in police history than either the traditional Whig or early revisionist Marxist interpretations implied As such it will support
