## **Policy Expert:**

*Policy Expertise in Contemporary Democracies* Stephen Brooks, Dorota Stasiak, 2016-04-22 In the world of Wikipedia blogging and citizen journalism where huge masses of information and the capability to disseminate opinions thoughts and ideas is available at the click of a mouse what is the role and impact of political experts The contributors to this insightful and original volume argue that across the western world in general the political expert occupies as important a role today as at any time in the past The ubiquity of information and the fact that the experts and the organizations to which they are affiliated may be viewed as having an ideological agenda has not diminished their role influence or status Governments and the media still rely on them for information and advice whilst organizations in civil society need them in order to provide the evidence arguments and policy recommendations that are essential to having a voice in the public conversation By examining how these policy experts and their think tanks continue to exert influence across a range of modern western democracies a better understanding of the role of policy expertise and an examination of how it may develop and evolve throughout the rest of the world is reached

Policy Analysis in Thailand Ora-orn Poocharoen, Piyapong Boossabong, 2023-05-22 The subject of policy analysis in Thailand is less examined than in Western societies This is the first English language book to engage in a detailed comprehensive and current study of policy analysis in Thailand Providing a broad view of history styles and methods it examines policy analysis both within and beyond executive government revealing the role of parties the military and interest groups It will be a valuable resource for policy analysis researchers and practitioners and as a comparison with other volumes in the International Library of Policy Analysis series

Disrupting D.C. Katie J. Wells, Kafui Attoh, Declan Cullen, 2025-10-28 A panoramic account of the urban politics and deep social divisions that gave rise to Uber The first city to fight back against Uber Washington D C was also the first city where such resistance was defeated It was here that the company created a playbook for how to deal with intransigent regulators and to win in the realm of local politics The city already serves as the nation's capital Now D C is also the blueprint for how Uber conquered cities around the world and explains why so many embraced the company with open arms Drawing on interviews with gig workers policymakers Uber lobbyists and community organizers *Disrupting D C* demonstrates that many share the blame for lowering the nation's hopes and dreams for what its cities could be In a sea of broken transit underemployment and racial polarization Uber offered a lifeline But at what cost This is not the story of one company and one city Instead *Disrupting D C* offers a 360 degree view of an urban America in crisis Uber arrived promising a new future for workers residents policymakers and others Ultimately Uber's success and growth was never a sign of urban strength or innovation but a sign of urban weakness and low expectations about what city politics can achieve Understanding why Uber rose reveals just how far the rest of us have fallen

Privacy Technologies and Policy Stefan Schiffner, Jetzabel Serna, Demosthenes Ikononmou, Kai Rannenberg, 2016-09-02 This book constitutes the refereed conference proceedings of the 4th Annual Privacy Forum APF 2016 held in Frankfurt Main

Germany in September 2016 The 12 revised full papers presented in this volume were carefully reviewed and selected from 32 submissions The papers are organized in three sessions eIDAS and data protection regulation IoT and public clouds and privacy policies and privacy risk presentation

*Think Tanks in America* Thomas Medvetz, 2020-03-04 A revealing look at the rise of these influential institutions and the effect they've had on the United States Think tanks have become fixtures of American politics supplying advice to presidents and policy makers expert testimony on Capitol Hill and convenient facts and figures to journalists and media specialists But what are think tanks Who funds them What kind of research do they produce Where does their authority come from And how influential have they become In *Think Tanks in America* Thomas Medvetz argues that the unsettling ambiguity of the think tank is less an accidental feature of its existence than the very key to its impact By combining elements of more established sources of public knowledge universities government agencies businesses and the media think tanks exert a tremendous amount of influence on the way citizens and lawmakers perceive the world unbound by the more clearly defined roles of those other institutions In the process they transform the government of this country the press and the political role of intellectuals Timely succinct and instructive this provocative book will force us to rethink our understanding of the drivers of political debate in the United States

*Know Your Enemy* David C. Engerman, 2009-11-20 As World War II Ended few Americans in government or academia knew much about the Soviet Union It was as Winston Churchill had famously noted a riddle wrapped in a mystery inside an enigma To address this dangerous gap in knowledge as David C Engerman shows in this book a network of scholars soldiers spies and philanthropists created an enterprise known as Soviet Studies Bringing together iconoclasts geniuses lone wolves and careerists to analyze an entire nation and its ruling ideas Soviet Studies attracted great minds from the left right and center Among them are controversial individuals ranging from George Kennan to Margaret Mead to Zbigniew Brzezinski not to mention historians Sheila Fitzpatrick and Richard Pipes Together they created the knowledge that helped fight the Cold War and define Cold War thought Ranging from the end of World War II to the collapse of the USSR in 1991 *Know Your Enemy* shows that Soviet Studies became a vibrant intellectual enterprise studying not just the Soviet threat but Soviet society and culture as well as Russian history and literature

**Economics and Artificial Intelligence** Jean-Louis Roos, 2014-05-09

*Economics and Artificial Intelligence* documents the proceedings of the IFAC IFORS IFIP IASC AFCET Conference held in Aix en Provence France on September 2-4 1986 This book discusses the design of intelligent dialogue in D S S qualitative modeling of economic studies basic propositions for intelligent systems design methods and expert systems for confirmatory data analysis The artificial intelligence for transaction cost economizing knowledge based evaluation of strategic investments and reasoning system for the guidance of technological transfer are also elaborated This text likewise covers the A I impacts on the process of the division of labor using automated techniques to generate expert systems for R and intelligent support to decision making process This compilation is a good reference for students and researchers conducting work on the nature of

economics and artificial intelligence      *The Political Economy of Expertise* Kevin Esterling, 2009-12-10 The Political Economy of Expertise is a carefully argued examination of how legislatures use expert research and testimony Kevin Esterling demonstrates that interest groups can actually help the legislative process by encouraging Congress to assess research and implement well informed policies More than mere touts for the interests of Washington insiders these groups encourage Congress to enact policies that are likely to succeed while avoiding those that have too great of a risk of failure The surprising result is greater legislative efficiency The Political Economy of Expertise illustrates that this system actually favors effective and informed decision making thereby increasing the likelihood that new policies will benefit the American public Kevin M Esterling is Assistant Professor at the University of California Riverside      **Fuels Paradise** John S. Duffield, 2015-06-15 Is the quest for true energy security a fool s errand In recent years the efforts of nations to promote energy security have been hotly debated Fuels Paradise examines how five major developed democracies Britain France Germany Japan and the United States have sought to enhance their energy security since the oil shocks of the 1970s and in response to the more diverse set of challenges of the early twenty first century Drawing on a vast range of primary and secondary sources John S Duffield explains the actions taken and not taken by these countries to address their energy security concerns Throughout the book Duffield argues that state strength and policy legacies are essential for understanding national responses to energy insecurity In addition to identifying feasible energy policies and the constraints faced by policy makers he evaluates the prospects for international cooperation to promote energy security and considers the implications of recent advances in the production and distribution of energy particularly the fracking revolution An ambitious cross national and longitudinal study grounded in promising theories of national behavior Fuels Paradise will contribute substantially to broader debates about the determinants of state action and public policy      *Political Campaign Communication* Judith S. Trent, Robert V. Friedenberg, Robert E. Denton Jr., 2011-08-16 Now in its seventh edition Political Campaign Communication provides a realistic understanding of the strategic and tactical communication practices utilized in contemporary political campaigns It draws on a wealth of examples from local to national political campaigns and communication theory to illustrate principles and practices of campaigns such as functions stages communicative styles public speaking debates interpersonal communication political advertising and the use of the internet and new media Trent Friedenberg and Denton s classic text has been updated to reflect recent election campaigns including the 2010 congressional elections and the initial stages of the 2012 presidential election Many sections now focus on the most recent presidential elections and the campaigns of Barack Obama and John McCain In addition the authors have examined the expanding role of the internet in political campaigns Political Campaign Communication continues to be a classroom favorite a thoroughly researched insightful and reader friendly text      **The Politics of Expertise in Congress** Bruce Allen Bimber, Associate Professor of Political Science Bruce Bimber, 1996-01-01 Examines the relationship between technical

experts and elected officials challenging the prevailing view about how experts become politicized by the policy process

*Social Theory and Political Practice (RLE Social Theory)* Brian Fay, 2014-08-27 This book examines the question of how our knowledge of social life affects and ought to affect our way of living it In so doing it critically discusses two epistemological models of social science the positivist and the interpretive from the viewpoint of the political theories which it is argued are implicit in these models moreover it proposes a third model the critical which is organised around an explicit account of the relation between social theory and practical life The book has the special merit of being a good overview of the principal current ideas about the relation between social theory and political practice as well as an attempt at providing a new and more satisfactory account of this relationship To accomplish this task it synthesises work from the analytic philosophy of social science with that of the neo Marxism of the Frankfurt school **Gender Expertise in Public Policy** S.

Hoard, 2015-04-07 Through a selection of in depth interviews a survey of experts working with the European Union and United Nations and Qualitative Comparative Analysis of policy debates this text rethinks our understanding of gender expertise and the circumstances that lead to expert success in public policy **Democratization of Expertise?** Sabine Maasen, P. Weingart, 2006-06-30 Scientific advice to politics the nature of expertise and the relation between experts policy makers and the public are variations of a topic that currently attracts the attention of social scientists philosophers of science as well as practitioners in the public sphere and the media This renewed interest in a persistent theme is initiated by the call for a democratization of expertise that has become the order of the day in the legitimation of research funding The new significance of participation and accountability has motivated scholars to take a new look at the science politics interface and to probe questions such as What is new in the arrangement of scientific expertise and political decision making How can reliable knowledge be made useful for politics and society at large and how can epistemically and ethically sound decisions be achieved without losing democratic legitimacy How can the objective of democratization of expertise be achieved without compromising the quality and reliability of knowledge Scientific knowledge and the experts that represent it no longer command the unquestioned authority and public trust that was once bestowed upon them and yet policy makers are more dependent on them than ever before This collection of essays explores the relations between science and politics with the instruments of the social studies of science thereby providing new insights into their re alignment under a new regime of governance **Critical Reading Across the Curriculum, Volume 2** Anton Borst, Robert DiYanni, 2020-02-17 Provides educators with practical strategies tools and techniques for teaching critical reading skills to students in the social and natural sciences Strong critical reading skills are an essential part of any student s academic success Teaching these vital skills requires educators to develop and implement effective teaching strategies often based on their own critical reading practices Critical Reading Across the Curriculum Volume 2 Social and Natural Sciences provides educators with expert insights real world methods and proven strategies to build critical reading skills in students across disciplines Drawing from

the experience of seasoned classroom practitioners this book presents a dozen essays that offer various applications of critical reading best practices in fields such as anthropology biology economics engineering political science and sociology Clear jargon free chapters identify explain and illustrate best teaching practices for critical reading Containing numerous practical examples and demonstrations essays written by experts in their respective fields explain what critical reading requires for their discipline as well as how to teach those skills in the classroom Every essay includes a host of pedagogical activities assignments and projects that can be used directly or adapted for diverse teaching applications This valuable book helps educators Develop the skills students need to ask the right questions consider sources assess evidence evaluate arguments and reason critically Encourage students to practice critical reading skills with engaging exercises and activities Teach students to establish context and identify contextual connections Explain how to read for arguments including content based and conceptual arguments Adapt and apply teaching strategies to various curricula and disciplines Critical Reading Across the Curriculum Volume 2 Social and Natural Sciences is an ideal resource for educators in a wide range of areas such as college and high school instructors in science and social science disciplines and instructors of graduate education courses

**The Politics of Expertise** Stephen P. Turner, 2013-11-07 This book collects case studies and theoretical papers on expertise focusing on four major themes legitimation the aggregation of knowledge the distribution of knowledge and the distribution of power It focuses on the institutional means by which the distribution of knowledge and the distribution of power are connected and how the problems of aggregating knowledge and legitimating it are solved by these structures The radical novelty of this approach is that it places the traditional discussion of expertise in democracy into a much larger framework of knowledge and power relations and in addition begins to raise the questions of epistemology that a serious account of these problems requires

**The Political Economy of Economic Reform in the Pacific** Ron Duncan, 2011-07-01 Over the last several years Vanuatu has become one of the fastest growing economies in the Pacific region driven primarily by tourism construction and aid inflows The achievement of strong economic growth has also occurred on the back of improved economic policy effective fiscal management and improved environment for private sector development While recent gains have been impressive more remains to be done to sustain growth and ensure the benefits are distributed throughout the nation The Government is now on a sound financial footing and is well placed to address key development issues The report discusses options for responding to these needs with a view to helping guide public policy formulation in Vanuatu

**Media Relations Handbook for Government, Associations, Nonprofits, and Elected Officials, 2e** Bradford Fitch, Human communication is a constant continuous and dynamic phenomenon You cannot not communicate nor can you un communicate For an individual entity there is only ONE communication Not multiple not varieties only one That one communication is the culmination of all that has been communicated by the entity until the now in time You cannot go back and un communicate something You can only begin from the now to create the intended outcome

That outcome is always a negotiation with the receiver audience community to cultivate an agreed understanding For a communication professional understanding this fact is essential No matter where you work someone has been communicating something before you began You cannot un communicate it You cannot create a new beginning but you can begin now to create a new outcome Research continues into the changes in communication wrought by the Internet and public expectations that are experiencing mercurial change As best practices are now being developed the Media Relations Handbook 2e can give you guidance and ideas that will spark your innovation Critical Perspectives on Think Tanks Landry, Julien, 2021-07-31 This innovative book explores think tanks from the perspective of critical policy studies showcasing how knowledge power and politics intersect with the ways in which think tanks intervene in public policy The Politics of Expertise in China Xufeng Zhu, 2018-10-26 Since the reform and opening up policy was implemented in China consultations have been increasingly carried out during the policy making process This often involves experts many of whom are based in think tanks or similar institutions The degree of access to the policy making process varies and consequently some experts influence the policy making process significantly and others not This book explores how experts in China engage with the policy making process and the circumstances which affect how far they are able to influence policy making
