Challenges for Quality of Life in the Contemporary World Wolfgang Glatzer, Susanne Below, Matthias Stoffregen, 2012-12-06 Wolfgang Glatzer Johann Wolfgang Goethe University Frankfurt am Main Germany ABSTRACT

Challenges for the quality of life in the contemporary world were the focus of the Fifth International Quality of Life Conference in Frankfurt am Main in the year 2003 hosted and organized by the International Society for Quality of Life Studies The first part of this introductory article is concerned with a general assessment of contemporary quality of life research At present the concept of quality of life is a kind of umbrella which keeps together a reasonable number of international social scientists who have similar research interests The second part of the introduction describes the topics of this book The five chapters are concerned with the societal goal discussion on quality of life the scientific monitoring of quality of life the economic challenges for quality of life its cultural challenges and finally the options and restrictions for improving quality of life Altogether the contributions are related to present international investigations and discussions of basic questions of quality of life ATTENTION FOR QUALITY OF LIFE Challenges for the quality of life in the contemporary world were the focus at the Fifth International Quality of Life Conference in Frankfurt am Main in the year 2003 hosted and organized by the International Society for Quality of Life Studies There are new threats and new prospects for the quality of life in each generation and securing and improving quality of life is a never ending task      Human Resource Management and Occupational Health and Safety Carol Boyd, 2004-03-01 Occupational Health and Safety OHS is a complex area which interacts widely with a broader spectrum of business interests and concerns To date OHS has been confined to the periphery of Human Resource Management HRM where its role influence and importance have been overlooked This text sets out to reposition OHS in HRM and business agendas This book unravels the complex range of factors affecting OHS policy practice and outcomes These factors are then placed into context within the international airline call centre and nuclear power industries The author presents a wide range of primary and secondary research in order to offer an accessible framework for OHS in contemporary occupational settings This book will be essential reading for students practitioners and professional academic audiences who seek a broader understanding of the relationship and interaction between HRM principles policies and practices and OHS
