

Watch extract from the BBC documentary on Thatcher.

- What was happening in Britain in 1979? Consider social contexts and music.
- Why do they describe Thatcher as a 'lady of the 1860's'?
- Why did the public vote her in?

Opposition

With a government that seemed to be only offering short-term solutions to very real problems such as poverty, crime and unemployment, opposition to the 'new right' was fierce. It became clear that Britain was becoming a 'two-tier' society: those who were prospering under the free market and individual enterprise (often those in towns and cities around London which had fared well in private sector investments and opportunities brought about by the new market economies). The other tier was those who had worked in industry: miners, factory workers, and labourers. This working classes who now faced unemployment had no control over their future, contrary to the 'aspirational-go-getting' suggestions of the Conservative party. The workers, predominantly in the north of England and the midlands, and their families faced very real problems of poverty, poor quality housing and little government support. Here are some examples of opposition in the 1980's:

- Inner-city riots such as those at St. Paul's in Bristol, Toxteth in Liverpool, Moss Side in Manchester, Handsworth in Birmingham and Brixton in London during the early 1980's.
- The miners' strike of 1984-1985.
- The tightening of immigration controls (British Nationality Act 1981 & the Immigration Act 1988).
- Opposition to the placing of Cruise missiles at Greenham Common on Molesworth.
- Clause 28 of the Local Government Act which prohibited local councils from 'promoting' homosexuality.
- The Falklands war of 1982.

Watch the extracts from *Billy Elliot*, (Stephen Daltry, 2000, Working Title Films, UK). What issues discussed so far are evident in this film? What ideologies are evident? Who does it side with? How is this achieved? Who is being represented? How are they represented?

Policy And Change In Thatchers Britain

Camilla Rothe

Policy And Change In Thatchers Britain:

Handbook of Rural Studies Paul Cloke, Terry Marsden, Patrick Mooney, 2006-01-26 This is a unique interpretation of rural issues that will become essential reference for students scholars politicians developers and rural activists Imre Kovach President European Society for Rural Sociology Research director Institute for Political Sciences Budapest British Urban Policy Rob Imrie, Huw Thomas, 1999-06-22 This updated edition of British Urban Policy and the Urban Development Corporations provides a comprehensive account of the policies programmes and effects of one of the most controversial urban policy programmes ever brought to bear upon British cities The authors place the policies and practices of the urban development corporations UDCs in the wider sociopolitical context of evolving urban policy present case studies of eight UDCs and explore the legacies of the UDCs and the evolving framework for urban policy into the millennium Making Thatcher's Britain Ben Jackson, Robert Saunders, 2012-08-02 This book situates the controversial Thatcher era in the political social cultural and economic history of modern Britain *British Conservatism and the Legal Regulation of Intimate Relationships* Andrew Gilbert, 2018-08-23 What does conservatism as a body of political thought say about the legal regulation of intimate relationships and to what extent has this thought influenced the Conservative Party's approach to family law With this question as its focus this book explores the relationship between family law conservatism and the Conservative Party since the 1980s Taking a politico and socio legal perspective the discussion draws on an expansive reading of Hansard as well as recently released archival material The study first sets out the political tradition of conservatism relying largely on the work of Edmund Burke before going on to analyse the discourse around the development of four crucial statutes in the field namely the Matrimonial and Family Proceedings Act 1984 the Family Law Act 1996 the Civil Partnership Act 2004 and the Marriage Same Sex Couples Act 2013 This work offers the first extended synthesis of family law conservative political thought and Conservative Party politics and as such provides significant new insight into how family law is made Runner up of the 2020 PSA Conservatism Studies Book Prize **Thatcher's Britain** Richard Vinen, 2013-03-28 Britain's first female prime minister remains a political figure of almost mythical proportions Margaret Thatcher divided a political nation became a cultural icon and was the longest serving prime minister of the twentieth century Her period in government coincided with extraordinary changes in British society and in Britain's place in the world Thatcher's Britain tells the story of Thatcherism for a generation with no personal memories of the 80s as well as for those who want to revisit the polemics of their youth It seeks to rescue Thatcher from being seen as John the Baptist for Tony Blair stresses that Thatcherism was not a timeless phenomenon but rooted in the 70s and 80s and focuses our attention away from her legend to what her government actually did during this tumultuous period in British history *Urban Planning and the British New Right* Philip Allmendinger, Huw Thomas, 2002-01-22 Did the 1980s and 1990s see the death of planning Exposing the myth that has grown up around Thatcherism leading experts from a wide range of land use policy areas examine the

changes that were brought about in planning and the environment during the 1980s and 1990s and argue that much less was achieved than expected Urban Planning and the British New Right questions common assumptions about planning practices under Thatcherism concluding that the complex relationship of power between central local and national government requires a sensitivity to change that is inclusive rather than doctrinal This is a book that says as much about the administration institutions and processes of planning as it does about Mrs Thatcher s attempts to change it **Global**

Warming Policy in Japan and Britain: Interactions Between Institutions and Issue Characteristics Shizuka Oshitani,2013-08-31 This is the first book to attempt a systematic comparison of Japanese and British climate policy and politics and is now available in paperback Focusing on institutional contrasts between Japan and Britain in terms of corporatist or pluralist characteristics of government industry relations and decision making and implementation styles the book examines how and to what extent institutions explain climate policy in Japan and Britain In doing this the book explores how climate policy is shaped by the interplay of nationally specific institutional factors and universal constraints on actors which emanate from characteristics of the global warming problem itself It also considers how corporatist institutional characteristics may make a difference in attaining sustainable development Overall this book provides a new set of comparisons of climate policy and new frameworks of analysis which could be built on in future research on cross national climate policy analysis **British Foreign Policy since 1945** Mark Garnett,Simon Mabon,Robert Smith,2017-09-19 British Foreign Policy since 1945 brings a chronological approach to the study of British foreign policy since the Second World War in order to make the principal events and dynamics accessible within a broader historical and cultural context The key features included in this book a detailed chronological survey of developments in post war British politics an integrated discussion of foreign and domestic policy developments indicating connections and interlocking themes illustrations of British foreign policy drawn from popular culture analysis of Britain s role in the world particularly in regards to the UK s special relationship with the US and its decision to leave the EU a range of in text features including essay questions and seminar discussion topics This timely book will be essential reading for anyone interested in British politics foreign policy analysis and British history Neoliberalisms in British Politics Christopher Byrne,2018-09-21 Taking a chronological approach this book challenges established economic and ideologic narratives of neoliberalism in Britain by charting the gradual diffusion of an increasingly interventionist neoliberal governmental rationality in British politics since the late 1970s and the various means by which the project has furnished itself with a hegemonic basis for its popular support Spanning five decades of British political history and drawing on rich empirical evidence to bring conceptual clarity to and chart the effects of a style of government bound up with a host of epochal changes it concludes by considering Brexit and the rise of Corbynism as the final act in the neoliberal saga It then poses the question Is British politics on the verge of a major reconstruction representing a decisive rejection of neoliberalism This book will be of key interest to scholars and students of

British politics and neoliberalism liberalism and more broadly to political theory political economy and public policy *Town and Country Planning in the UK* J. B. Cullingworth, Vincent Nadin, 2002 This thirteenth edition has been completely revised to take into account all the changes that have occurred in British planning including the policies introduced by the Labour government devolution innovations and the European Union **Geography** John Morgan, David Lambert, 2005-06-21 When Geography specialists decide they want to teach it can be a daunting prospect to enter a real classroom no matter how much subject knowledge they already possess Geography Teaching School Subjects 11 19 puts the subject into perspective and shows new teachers and student teachers how to make Geography accessible and interesting for their pupils Divided into three sections the book examines the theory and practice of teaching geography section one explores how teachers can frame their own knowledge for classroom practice section two focuses on Geography in the classroom and curriculum development as well as aspects of pedagogy and lesson design evaluation and assessment section three focuses on the teachers themselves and how they can view and work on professional development within their own subject area

Postwar British Politics Peter Kerr, 2005-07-26 This book offers a fresh view of postwar British politics very much at odds to the dominant view in contemporary scholarship The author argues that postwar British politics up to and including the Blair Government can be largely characterised in terms of continuity and a gradual evolution from a period of conflict over the primary aims of government strategy to one of recent relative consensus This book provides a provocative and challenging account of the historical background to the election of the Blair Government and will be of interest to a wide audience **History+ for Edexcel A Level: Democracies in change: Britain and the USA in the twentieth century**

Nick Shepley, Vivienne Sanders, Peter Clements, Robin Bunce, 2015-09-25 Exam Board Edexcel Level AS A level Subject History First Teaching September 2015 First Exam June 2016 Endorsed for Edexcel Enable your students to develop high level skills in their Edexcel A level History breadth and depth studies through expert narrative and extended reading including bespoke essays from leading academics Build a strong understanding of the period studied with authoritative well researched content written in an accessible and engaging style Ensure continual improvement in students essay writing interpretation and source analysis skills using practice questions and trusted guidance on successfully answering exam style questions Encourage students to undertake rolling revision and self assessment by referring to end of chapter summaries and diagrams across the years Help students monitor their progress and consolidate their knowledge through note making activities and peer support tasks Provide students with the opportunity to analyse and evaluate works of real history with specially commissioned historians essays and extracts from academic works on the historical interpretations

Understanding Business Environments Michael Lucas, 2005-07-08 What are the forces shaping today's business world Understanding Business Environments provides key readings which introduce the student to the factors underlying the business environment Including chapters by gurus such as Anthony Giddens Stuart Hall and Will Hutton the book covers

social forces including the social structure and long term social change technological factors including Information Technology and new production technologies economic factors including the impact of macroeconomic policy and of the financial system political factors including the legal environment and government business relations **Global Capital, Political Institutions, and Policy Change in Developed Welfare States** Duane Swank,2002-02-11 This book argues that the dramatic post 1970 rise in international capital mobility has not systematically contributed to the retrenchment of developed welfare states as many claim Nor has globalization directly reduced the revenue raising capacities of governments and undercut the political institutions that support the welfare state Rather institutional features of the polity and the welfare state determine the extent to which the economic and political pressures associated with globalization produce Welfare state retrenchment **British Security Policy** Stuart Croft,2021-01-26 This book first published in 1991 examines Britain's defence and foreign policy of the 1980s and explores a variety of alternative roles for Britain in the radically changed circumstances of the 1990s The authors analyse the full range of major British security issues and developments including the use of force and the role of conventional forces the significance of the Anglo American special relationship relations with Europe the Third World and the Soviet Union and the unique problem of Northern Ireland They particularly address the question of whether international policy in the Thatcher years has marked a decisive break with earlier post war policy or has rather been marked by shifts of emphasis within an essentially stable framework *The Labour Movement in Britain from Thatcher to Blair* Keith Barlow,Geoffrey Keith Barlow,2008 British economic and industrial policy since 1979 is examined using a wide range of sources Was this really new revival of earlier approaches or a rigorous extension of the IMF imposed policies on the 1974-79 Labour Government The question is asked Was the creation of a large pool of unemployed labour necessary for reshaping the economy or was the aim to secure fundamental changes in the relations between capital and organised labour Due to setbacks suffered by trade unions in the 1980s with factory closures and major job losses the author questions Labour's motives in softening any meaningful opposition to the Conservatives supporting ERM in 1990 reducing the role of trade unions in the Party itself and retaining key policies of the Thatcher era especially its trade union laws

Reflective Practice in Geography Teaching Ashley Kent,2000-12-22 Highly Commended Geographical Association Award 2002 Has been judged as likely to make a significant contribution to geography This book provides a comprehensive overview of contemporary thought and practice in teaching geography It is designed to support continuing professional development and reflective practice in geography education by encouraging a critical understanding of the literature and concepts stimulating teachers to continue with personal and professional development and providing professionally relevant knowledge understanding skills and values Drawn from a wide range of eminent geographers and experienced practitioners the authors cover progress in geography changing viewpoints the geography curriculum development planning and issues and research and geography teaching why and how research matters This book is essential reading and a valuable resource

for student and practising teachers of geography at secondary school level as well as for those responsible for continuing professional development and subject leadership

The New Politics of British Trade Unionism David Marsh, 1992-02-27 The curbing of trade union power is often seen as one of the major achievements of Margaret Thatcher's premiership David Marsh's book provides a broad ranging introduction to British trade unionism in the 1990s and an assessment of the last decade's major changes in legislation policing and attitudes He concludes that while the political role of unions has been reduced much less has changed at shopfloor level moreover what has changed has owed more to economic recession than government action

Town and Country Planning in the UK Barry Cullingworth, Vincent Nadin, 2006-10-16 This revised fourteenth edition reinforces this title's reputation as the bible of British planning It provides a thorough explanation of planning processes including the institutions involved tools systems policies and changes to land use
