Political Corruption In Canada Cases Causes And Cures

Geoffrey Wall, John S. Marsh

Political Corruption In Canada Cases Causes And Cures:

Political Corruption in Canada Kenneth M. Gibbons, Donald Cameron Rowat, 1976 Canadians assume that their politicians and institutions are relatively free of the corruption they associate with other nations The editors of this volume argue that this questionable supposition is based on scant evidence and very little serious analysis Political Corruption Arnold J. Heidenheimer, Michael Johnston, Victor T. LeVine, 2024-12-20 Are phenomena labeled as corrupt subject to systematic social science investigation or does corruption lie so much in the eye of the beholder as to frustrate serious analysis The editors of this volume which follows up an important earlier work on the same subject hold that the comparative perspective involving both comparisons over time and comparisons between systems is crucial if the study of corruption is to reach the point where it can be studied as a socio political phenomenon The studies of political corruption included here pertain to all areas of the world but especially to the United States Communist systems and Europe Most were published during the last fifteen years and some were written especially for the volume Although the editors are political scientists scholars from all social science disciplines as well as law history and communications are represented among the authors of the approximately sixty selections included in this volume The first of the book's four parts deals with changing conceptualization and definition in the study of corruption The second part examines the incidence of corruption in the context of political development and modernization The third part examines the special vulnerability of some local national and international systems to corrupt practices In the final part perceptions of corruptions are related to scandal and other social control efforts as well as to studies of the effect and consequences of corruption Canada's Corruption at Home and Abroad Robert I. Rotberg, David Carment, 2018-10-19 Although Canada is regarded as one of the least corrupt countries this volume draws on wide ranging evidence and innovative research from scholars around the world to challenge this assumption Corruption defined as the abuse of entrusted power for private gain is often understood as being caused by internally motivated greed leading to prohibited acts in contravention of laws rules and regulations It can also be defined as dishonest action that destroys people's trust These traditional forms of corruption pose problems for Canada in a variety of policy domains as well as institutional corruption evidenced by deception and financial inconsistency that undermine the effectiveness and transparency of policy objectives This volume contains chapters that investigate various areas of corruption in Canada ranging from corruption amongst the First Nations to the armed forces to the delivery of foreign assistance It also offers suggestions to reduce future outbreaks of corruption Each chapter provides detailed empirical analysis evidenced through real world examples that highlight key lessons amidst the numerous challenges posed by corruption This book was originally published as a special issue of the Canadian Foreign Policy Journal **The Corruption Cure** Robert I. Rotberg, 2017-04-24 Why leadership is key to ending political and corporate corruption globally Corruption corrodes all facets of the world's political and corporate life yet until now there was no one book that explained how best to battle it The

Corruption Cure provides many of the required solutions and ranges widely across continents and diverse cultures putting some thirty five countries under an anticorruption microscope to show exactly how to beat back the forces of sleaze and graft Robert Rotberg defines corruption theoretically and practically in its many forms describes the available legal remedies and examines how we know and measure corruption s presence He looks at successful and unsuccessful attempts to employ anticorruption investigative commissions to combat political theft and venal behavior He explores how the globe s least corrupt nations reached that exceptional goal Another chapter discusses the role of civil society in limiting corruption Expressed political will through determined leadership is a key factor in winning all of these battles Rotberg analyzes the best performing noncorrupt states to show how consummate leadership made a telling difference He demonstrates precisely how determined leaders changed their wildly corrupt countries into paragons of virtue and how leadership is making a significant difference in stimulating political anticorruption movements in places like India Croatia Honduras and Lebanon Rotberg looks at corporate corruption and how it can be checked and also offers an innovative fourteen step plan for nations that are ready to end corruption Curing rampant corruption globally requires strengthened political leadership and the willingness to remake national political cultures Tougher laws and better prosecutions are not enough This book enables us to rethink the problem completely and solve it once and for all

Corruption in a Global Context Melchior Powell,Dina Wafa,Tim A. Mau,2019-11-12 This book provides an important survey of the causes and current state of corruption across a range of nations and regions Delving into the diverse ways in which corruption is being combatted the book explores and describes efforts to inculcate principles of ethical conduct in citizens private sector actors and public sector personnel and institutions Corruption is a global condition that effects every type of government at every level and has bewitched scholars of governance from ancient times to the present day The book brings together chapters on a range of state and regional corruption experiences framing them in terms of efforts to enhance ethical conduct and achieve integrity in government practices and operations In addition the book addresses and analyses the theoretical and practical bases of ethics that form the background and historical precepts of efforts to create integrity in government practices and finally assesses recent international efforts to address corruption on an international scale This book will be perfect for researchers and upper level students of public administration comparative government international development criminal justice and corruption

The Duel John Ibbitson,2025-08-19 NATIONAL BESTSELLER A GLOBE AND MAIL BEST BOOK OF THE YEAR The brilliant critically acclaimed story of two legendary leaders who fought each other relentlessly but between them created today s Canada John Diefenbaker has been unfairly treated by history Although he wrestled with personal demons his governments launched major reforms in public health care law reform and immigration On his watch First Nations on reserve obtained the right to vote and the federal government began to open up the North He established Canada as a leader in the struggle against apartheid in South Africa and took the first steps in making Canada a leader in the fight against nuclear proliferation

And Diefenbaker's Bill of Rights laid the groundwork for the Charter of Rights and Freedoms. He set in motion many of the achievements credited to his successor Lester B. Pearson. Pearson in turn gave coherence to Diefenbaker's piecemeal reforms. He also pushed Parliament to adopt a new and now much loved Canadian flag against Diefenbaker's fierce opposition. Pearson understood that if Canada were to be taken seriously as a nation it must develop a stronger sense of self. Pearson was superbly prepared for the role of prime minister: decades of experience at External Affairs, respected by leaders from Washington to Delhi to Beijing, the only Canadian to win the Nobel Prize for Peace. Diefenbaker was the better politician, though. If Pearson walked with ease in the halls of power, Diefenbaker connected with the farmers and small town merchants and others left outside the inner circles. Diefenbaker was one of the great orators of Canadian political life. Pearson spoke with a slight lisp. Diefenbaker was the first to get his name in the papers as a crusading attorney, Diefenbaker for the Defence, champion of the little man. But he struggled as a politician, losing five elections before making it into the House of Commons until his ascension to the Progressive Conservative leadership in 1956 through a freakish political accident. As a young university professor, Pearson caught the attention of the powerful men who were shaping Canada's first true department of foreign affairs, rising to prominence as the helpful fixer, the man both sides trusted, the embodiment of a new country that had earned its place through war, in the counsels of the great powers, ambassador, undersecretary, minister, peacemaker. Everyone knew he was destined to be prime minister. But in 1957, destiny took a detour. Then they faced each other, Diefenbaker v Pearson, across the House of Commons, leaders of their parties, each determined to wrest and hold power in a decade-long contest that would shake and shape the country.

The Democracy That Never Was Gary Teeple, 2025-02-28

Liberal democracy is usually treated as an independent variable, as possessing the absolutes of democratic rule. Its variable forms, changing principles and practice, and conscious destruction by its own advocates, in particular the United States, however, suggest that it is not what it appears to be. This book argues that it is a dependent variable, the political form required by the changing configurations of national capital and their countervailing forces. The forms of liberal democracy have always shifted in concert with the mode of production as their premise. The absolutes of liberal democracy, the author contends, have never been anything but the abstracted principles of the marketplace. Their nature has now become especially visible for what they have been, because the premise, as national capital development has changed, leaving liberal democracy as a form without its original content and its present content out of keeping with a national jurisdiction. As a political form, it persists, but its role has been transformed from the regulation of national capital accumulation to the enforcer of the demands of global configurations of capital. It is a role that its citizens implicitly understand, as revealed in widespread political cynicism, decreasing electoral participation, and declining legitimacy, that require ever greater measures of deceit from political leaders and increased means of coercive social control, including militarized police forces and pervasive electronic surveillance. There can be no going back to the stage of national politics, because the neoliberal content of liberal democratic policies represents

the necessities of global capital And it is the contradictions of global capital that define the character of early 21st century political conflict The Senate and the People of Canada James T. McHugh, 2017-09-20 The Senate of Canada is the upper house of its parliamentary system It is an appointed legislative chamber that has been frequently derided for its apparent lack of effective activity its failure to represent Canada's federal system and the perceived lack of accountability among its members Reform of the Senate persists as one of the most contentious issues in the country Typical reform proposals begin with the assumption that it must become an elected body that primarily represents Canada's provinces and can serve as an effective check on the federal government and the House of Commons This book challenges those assumptions through a thorough analysis that places the Senate within the context of other parliamentary upper houses It presents a hypothetical constitutional amendment and a proposal for non constitutional reform that are based upon alternative models derived from that broader context The book ultimately recommends a Senate that remains unelected but with a more expansive appointment process that more appropriately reflects the optimal role of a parliamentary upper house as well as the diversity regional aspirations and political principles of Canadian democracy **Native Peoples of Atlantic Canada** H.F. McGee, 1974-01-15 These selections date from early contact of the native peoples of Atlantic Canada with among others Norse sailors and a French priest in 1612 Some excerpts look at the now extinct Beothuk people of Newfoundland but most pertain to the Micmac peoples **Cultural Diversity and Canadian Education** John Mallea, 1984-04-15 This thorough study will be of assistance to those seeking to understand the role of education in contemporary Canada Education policy and practice regarding language and culture are highlighted as is the crucially important question of cultural transmission

The Law and the Press in Canada Wilfred H. Kesterton, 1976-01-01 **Socialization and Values in Canadian Society** Elia Zureik, 1975-01-15 **Enterprises of Robert Hamilton** Bruce G. Wilson, 1983-01-15 No detailed description available for Enterprises of Robert Hamilton *City Politics, Canada* James Lightbody, 2006-01-01 City Politics Canada will both irritate and please but it should be read it raises all the important questions about urban governance in Canada Caroline Andrew Centre on Governance University of Ottawa **Recreational Land Use** Geoffrey Wall, John S. Marsh, 1982-01-01

Shaping the Urban Landscape Gilbert A. Stelter, Alan F.J. Artibise, 1982-09-15 This is a collection of essays focusing on the process of city building in Canada The authors weigh the relative broad social economic and technological trends as they attempt to explain the shaping of this urban landscape Aboriginal Peoples and the Law Bradford Morse, 1985-02-15

Usable Urban Past Planning and Politics Alan F.J. Artibise, 1980-11-15 This collection of original essays serves both the historians and geographers who seek a deeper understanding of Canada's urban past and the planners politicians and citizens who seek to preserve or to change their cities today **The Farmers in Politics** William Irvine, 1978-01-15 First published in 1920 this book endures as a lucid statement of a class and ideological approach to Canadian politics which with wit and passion seeks to demolish the great Canadian myths of classlessness and pragmatism *Historical Essays on the*

Prairie Provinces Donald Swainson, 1970-01-01
