provides students with historical perspective on the sociology of education *Handbook of Data-Based Decision Making in Education* Theodore Kowalski, Thomas J. Lasley, 2010-04-15 Education has fought long and hard to gain acceptance as a profession and since professionals by definition use data to shape the decisions they make education has little choice but to continue moving in this direction This 3 part handbook represents a major contribution to the literature of education It is a unique compendium of the most original work currently available on how when and why evidence should be used to ground practice It is a comprehensive cross disciplinary research based and practice based resource that all educators can turn to as a guide to data based decision making The Handbook of Data Based Decision Making in Education is a must read for researchers who are just beginning to explore the scientifically based nature of educational practice It is also appropriate for policy makers and practitioners who are confronted with young people who need to be in classrooms where best practices are the norm and not the exception *Class Action; Community Mobilization, Race, and the Politics of Student Assignment in San Francisco* Rand A. Quinn, 2011 The principal goal of the dissertation is to explain the political nature and effect of cultural characterizations on the development of student assignment policy Cultural characterizations are socially constructed portrayals that become influential when stakeholders mobilize to bring about change In education as the professional authority of school boards and superintendents diminishes community stakeholders are increasingly prominent They serve as critical producers and providers of cultural characterizations of public education and its beneficiaries As such the engagement of community stakeholders with public sector institutions organizations and individuals can significantly amplify modify or blunt education policy The dissertation traces the history of community mobilization in San Francisco from 1971 to 2005 during which the federal district court supervised all aspects of the school district s student assignment policy Cultural characterizations of student assignment were structured by three distinct logics of action integration choice and neighborhood These logics were stable but not fixed Changes in the institutional environment coupled with how stakeholders framed understood and shaped these logics led to transformations in student assignment policy that ultimately altered the educational experience of multiple generations of public school students Data are drawn primarily from archival documents from the federal district court the school district and community organizations mainstream and community newspaper articles letters to the editor and editorials and retrospective interviews with key stakeholders *A Legacy of Innovation* Ethan G. Sribnick, 2013-04-08 From La Follette to Faubus from Rockefeller to Reagan U S governors have addressed some of the most contentious policy questions of the twentieth century In doing so they not only responded to dramatic changes in the political landscape they shaped that landscape The influence of governors has been felt both within the states and across the nation It is telling that four of the last five U S Presidents were former state governors A Legacy of Innovation Governors and Public Policy examines the changing role of the state governor during the American Century In this volume top political scientists historians and journalists track the evolution of gubernatorial leadership as it has dealt with critical issues

including conservation transportation civil rights education globalization and health care As the most visible state officials twentieth century governors often found themselves at the center of America s conflicting political tendencies A Legacy of Innovation describes how they negotiated the tensions between increasing democratization and the desire for expert control the rise of interest groups and demise of political parties the pull of regionalism against growing nationalism and the rising demand for public services in a society that fears centralized government In their responses to these conflicts governors helped shape the institutions of modern American government As state governments face new policy challenges in the twenty first century A Legacy of Innovation will serve as a valuable source of information for political scientists and policy makers alike
