

Masters: since therefore our former Oppressions, and scarce yet ended troubles have been occasioned, either by want of frequent Nationall meetings in Councell, or by rendring those meetings ineffectuall; We are fully agreed and resolved, to provide that hereafter our Representatives be neither left to an uncertainty for the time, nor made uselesse to the ends for which they are intended: In order whereunto we declare,

## **POLITICAL EQUALITY**

I.

That the People of England being at this day very unequally distributed by Counties, Cities, & Burroughs, for the election of the Deputies in Parliament, ought to be more differently proportioned, according to the number of the Inhabitants: the circumstances whereof, for number, place, and manner, to be set down before the end of this present Parliament.

II.

That to prevent the many inconveniences apparently arising from the continuance of the same persons in authority this pre

**CHARLES R. BEITZ**

# Political Equality An Essay In Democratic Theory

**Andrei Marmor**

## **Political Equality An Essay In Democratic Theory:**

*Political Equality* Charles R. Beitz, 1989 In this revised edition of his 1979 classic *Political Theory and International Relations* Charles Beitz rejects two highly influential conceptions of international theory as empirically inaccurate and theoretically misleading In one international relations is a Hobbesian state of nature in which moral judgments are entirely inappropriate and in the other states are analogous to persons in domestic society in having rights of autonomy that insulate them from external moral assessment and political interference Beitz postulates that a theory of international politics should include a revised principle of state autonomy based on the justice of a state's domestic institutions and a principle of international distributive justice to establish a fair division of resources and wealth among persons situated in diverse national societies

**The Democratic Theory of Michael Oakeshott** Michael Minch, 2015-10-15 his book offers a description explanation and evaluation of Michael Oakeshott's democratic theory He was not a democratic theorist as such but as a twentieth century English political theorist for whom liberal theory held deep importance his thought often engaged democratic theory implicitly and many times did so explicitly The author's project penetrates two renewals The first is the revitalization of interest in Oakeshott and the second is the renewal of democratic theory which began in the 1980s In respect to this latter renewal the book engages the deliberative turn in democratic theory These revivals create the context for this new look at Oakeshott To state the matter as a problem one might say that in light of new and fecund democratic theory it is a problem for political theory if one of the most important political theorists of the twentieth century is left out of the discourse insofar as he has something relevant to say about deliberative democracy It is of no small importance that almost all the work in democratic theory being done these days is of the deliberative discursive kind or responses to it That is deliberative theory is driving the agenda of democratic theory The author argues that Oakeshott does indeed have something relevant to say which is applicable to this democratic theory

**Contemporary Democratic Theory** Simone Chambers, 2023-10-06 Is democracy worth saving Responding to the erosion of democracy philosophical debates have pivoted from analyzing the best forms of democracy to questioning what is so valuable about democracy to begin with how we can save it and whether it is indeed worth saving *Contemporary Democratic Theory* charts this pivot and surveys the most important new developments in the philosophical theoretical and normative examination of the concept of democracy Comparisons that dominated 20th century democratic theory between direct democracy participatory democracy deliberative democracy and agonistic democracy are in the 21st century giving way to comparisons between democracy and its challengers epistocracy technocracy meritocracy oligarchy and autocracy Philosophical interest in the canonical figures of democratic theory like Aristotle Rousseau and Mill is being eclipsed by damage control in the face of populism sinking trust in democratic institutions failing political parties and the spread of misinformation Overarching epochal forces of crisis and threat are pushing democratic theory in new directions and towards new ideas This refreshing and authoritative text

identifies explains and evaluates the new directions taken by contemporary democratic theory in challenging times

**Issues in Political Theory** Catriona McKinnon, 2015 This political theory textbook invites students to apply the concepts they encounter to real world politics Each chapter includes a 2 000 word case study to highlight the theories that have been discussed

Global Stakeholder Democracy Terry Macdonald, 2008-08-07 A pressing question at the forefront of current global political debates is how can we salvage the democratic project in the context of globalization In recent years political activists have mounted high profile campaigns for the democratization of powerful international institutions such as the World Bank and IMF and for greater corporate accountability In turn many of the NGOs linked to these campaigns have themselves faced demands for greater democratic legitimacy Global Stakeholder Democracy responds to these challenges by outlining an innovative theoretical and institutional framework for democratizing the many state and non state actors wielding public power in contemporary global politics In doing so the book lays out a promising new agenda for global democratic reform Its analysis begins with the recognition that we cannot simply recreate traditional constitutional and electoral institutions of democratic states on a global scale through the construction of a democratic super state Rather we must develop new kinds of democratic institutions capable of dealing with the realities of global pluralism and democratizing powerful non state actors as well as states Through reflecting on the democratic dilemmas surrounding the political power of global NGOs the book mounts a powerful challenge to the state centric theoretical assumptions that have underpinned the established democratic theories of both cosmopolitan and communitarian liberals In particular it challenges the widespread assumption that sovereign power bounded national or global societies and electoral processes are essential institutional foundations of a democratic system The book then re thinks the democratic project from its conceptual foundations posing the questions What needs to be controlled Who ought to control it How could they do so In answering these questions the book develops a novel theoretical model of representative democracy that is focused on plural state and non state actors rather than on unitary state structures It elaborates a democratic framework based on the new theoretical concepts of public power stakeholder communities and non electoral representation and illustrates the practical implications of these proposals for projects of global institutional reform

*Democracy, War, and Peace in the Middle East* David Garnham, Mark A.

Tessler, 1995 this volume is a highly valuable contribution to our understanding of the relation between democracy and peace in the Middle East as well as in international politics in general this book will continue to be of value and interest for some time to come The Historian This book is a useful collection of essays on Middle East politics and international relations presented in a reader friendly interdisciplinary fashion Israel Studies Bulletin this is an important collection of challenging papers Studies in Contemporary Jewry one of the first books that specifically focuses on the possible links between democracy and peace in the region It is entertaining and highly useful MESA Bulletin What are the prospects for continued movement toward democracy in the Arab world and what form is democracy likely to take What impact will democratization

have on war and peace in the Middle East Scholars explore these issues in this timely book Fair Opportunity and Responsibility David Owen Brink, 2021 Fair Opportunity and Responsibility lies at the intersection of moral psychology and criminal jurisprudence and analyzes responsibility and its relations to desert culpability excuse blame and punishment It links responsibility with the reactive attitudes but makes the justification of the reactive attitudes depend on a prior and independent conception of responsibility Responsibility and excuse are inversely related an agent is responsible for misconduct if and only if it is not excused As a result we can study responsibility by understanding excuses We excuse misconduct when an agent's capacities or opportunities are significantly impaired because these capacities and opportunities are essential if agents are to have a fair opportunity to avoid wrongdoing This conception of excuse tells us that responsibility itself consists in agents having suitable cognitive and volitional capacities normative competence and a fair opportunity to exercise these capacities free from undue interference situational control Because our reactive attitudes and practices presuppose the fair opportunity conception of responsibility this supports a predominantly retributive conception of blame and punishment that treats culpable wrongdoing as the desert basis of blame and punishment We can then apply the fair opportunity framework to assessing responsibility and excuse in circumstances of structural injustice situational influences in ordinary circumstances and in wartime insanity and psychopathy immaturity addiction and crimes of passion Though fair opportunity has important implications for each issue treating them together allows us to explore common themes and appreciate the need to take partial responsibility and excuse seriously in our practices of blame and punishment

**The Routledge Companion to Philosophy of Law** Andrei Marmor, 2012-04-27 The Routledge Companion to the Philosophy of Law provides a comprehensive non technical philosophical treatment of the fundamental questions about the nature of law Its coverage includes law's relation to morality and the moral obligations to obey the law the main philosophical debates about particular legal areas such as criminal responsibility property contracts family law law and justice in the international domain legal paternalism and the rule of law The entirely new content has been written specifically for newcomers to the field making the volume particularly useful for undergraduate and graduate courses in philosophy of law and related areas All 39 chapters written by the world's leading researchers and edited by an internationally distinguished scholar bring a focused philosophical perspective to their subjects The Routledge Companion to the Philosophy of Law promises to be a valuable and much consulted student resource for many years

**Limitarianism** Ingrid Robeyns, 2024-01-16 A New Yorker Best Book of 2024 A History Today Book of the Year A powerful case for limitarianism the idea that we should set a maximum on how much resources one individual can appropriate A must read Thomas Piketty bestselling author of Capital in the Twenty First Century An original and galvanizing indictment of the world's uber rich that boldly argues for a cap on wealth from the philosopher who coined the term limitarianism How much money is too much Is it ethical and democratic for an individual to amass a limitless amount of wealth and then spend it however they choose As democracies weaken our climate

becomes increasingly unpredictable and inequality worsens many of us feel that the obvious answer is no but what can we do about it Economist and philosopher Ingrid Robeyns has long written and argued for the principle she calls limitarianism a common sense Jia Tolentino case against extreme wealth which posits that a considered cap on one's individual wealth is an urgent ethical concern that will ultimately lead to healthier more democratic societies In this provocative consideration of extreme wealth accumulation The New Yorker Robeyns ignites an urgent debate about wealth and when how and why to limit it calling into question the legitimacy of capitalism and neoliberalism and inviting us to a radical reimagining of our world

**Rights** Duncan Ivison, 2007-01-01 In this comprehensive and engaging introduction to rights Duncan Ivison pays particular attention to their political character the way arguments about rights are characterized by disagreement and conflict and by movement between the moral and the legal and the abstract and the practical Ivison presents three basic ways of thinking about rights as statuses instruments and conduits and drawing on the history of political thought and contemporary political theory explores the different ways these frameworks shape particular theories of rights He uses some of the current debates over the threat of global terrorism to explore the nature of rights especially those civil and political rights at the heart of liberal democracy Various critiques of rights Marxist postmodernist and feminist are examined and the book concludes by exploring what exactly we should want from a theory of human rights today and what role this theory should play in global politics

**In Our Name** Eric Beerbohm, 2015-12-29 When a government in a democracy acts in our name are we as citizens responsible for those acts What if the government commits a moral crime The protestors slogan Not in our name testifies to the need to separate ourselves from the wrongs of our leaders Yet the idea that individual citizens might bear a special responsibility for political wrongdoing is deeply puzzling for ordinary morality and leading theories of democracy In Our Name explains how citizens may be morally exposed to the failures of their representatives and state institutions and how complicity is the professional hazard of democratic citizenship Confronting the ethical challenges that citizens are faced with in a self governing democracy Eric Beerbohm proposes institutional remedies for dealing with them Beerbohm questions prevailing theories of democracy for failing to account for our dual position as both citizens and subjects Showing that the obligation to participate in the democratic process is even greater when we risk serving as accomplices to wrongdoing Beerbohm argues for a distinctive division of labor between citizens and their representatives that charges lawmakers with the responsibility of incorporating their constituents moral principles into their reasoning about policy Grappling with the practical issues of democratic decision making In Our Name engages with political science law and psychology to envision mechanisms for citizens seeking to avoid democratic complicity

**Ethical Land Use** Timothy Beatley, 1994-04-01 That land is a community is the basic concept of ecology wrote Aldo Leopold in 1933 but that land is to be loved and respected is an extension of ethics Since then every generation has taken up Leopold's search for a land ethic to guide decision making which would balance economic considerations with concerns for beauty sustainability and quality of

life Should a community preserve or develop the remaining wetlands within its jurisdiction Should a local government allow low income housing to be built in an affluent neighborhood Does a farmer continue farming despite surrounding urbanization or does he sell the land for a profit and allow further development Ethical Land Use is the first comprehensive examination of the ethical dimensions of land use decisions and policy Its premise is that all land use decisions whether to build an interstate highway or maintain a suburban lawn with chemical fertilizers invariably involve ethical choices Historically Beatley observes many such decisions were made on narrow legal technical or economic grounds rather than on a full consideration of their complex ethical and moral dimensions Drawing on a combination of actual land use conflicts and hypothetical scenarios Beatley offers a full description and analysis of the difficult issues faced by policy makers as well as individual citizens He concludes by proposing a practical set of principles for ethical land use to guide future policy and planning

Democracy in Theory and Practice Stephen Elstub, 2013-09-13 Democracy is an issue of major importance in theory and practice in politics throughout the world However democracy's study and advancement has been significantly compromised by a dichotomy between theorising about democracy and empirical studies of democracy in practice In addition to highlighting the need for this gap to be overcome this book contributes to overcoming this divide by demonstrating a number of ways that democracy in theory and practice can be synthesised deepening our understanding of the relationship between democracy in theory and practice in the process Different but related democratic principles and concepts are considered such as legitimacy political equality deliberation and participation A range of practical contexts are also investigated including multi level polities deeply divided societies whole polities local rural and urban areas and a range of democratic processes innovations and spectacular events Moreover the book sets the agenda for future work to combine democracy in theory and practice This book was originally published as a special issue of Representation

*Leo Strauss and His Legacy* John Albert Murley, 2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss's students and their students students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss's own complete bibliography and that of one of his most revered students George Anastaplo

**On the People's Terms** Philip Pettit, 2012-12-06 A novel republican theory of the point of democracy providing a model of the institutions that republican democracy would require

**Citizenship in Diverse Societies** Will Kymlicka, Wayne Norman, 2000-03-16 Is it possible in a modern pluralistic society to promote common bonds of citizenship while at the same time accommodating and showing respect for ethnocultural diversity Citizenship and diversity have been two of the major topics of debate in both democratic politics and political theory over the past decade Much has been written about the importance of citizenship civic identities and civic virtues for the functioning of liberal democracies and the need to accommodate the ethnocultural linguistic and religious pluralism that is a fact of life in most modern states By and large however these two topics have been largely discussed in mutual isolation Much of the writing on the issues of both

citizenship and diversity remains rather abstract and general and disconnected from the specific issues of public policy and institutional design Citizenship in Diverse Societies examines the specific points of conflict and convergence between concerns for citizenship and diversity in democratic societies and reassesses and refines existing theories of diverse citizenship by examining these theories in the light of actual practices and policies of pluralistic democracies Coping and Conformity in World Politics Hugh C. Dyer,2009-12-16 This book introduces the conceptual frameworks of coping and conformity to provide a new analysis of the ethical and political demands of international life The book also aims to address wider issues of freedom and necessity individualism and communitarianism and cosmopolitanism agency and structure and the legitimacy of governance and institutions *Edinburgh Companion to Contemporary Liberalism* Mark Evans,2019-07-29 This is the premier collection of material on a comprehensive range of topics in contemporary liberalism It shows how liberalism can tackle wide ranging practical concerns that urgently demand attention in twenty first century politics

**Empowered Participation** Archon Fung,2009-01-10 Every month in every neighborhood in Chicago residents teachers school principals and police officers gather to deliberate about how to improve their schools and make their streets safer Residents of poor neighborhoods participate as much or more as those from wealthy ones All voices are heard Since the meetings began more than a dozen years ago they have led not only to safer streets but also to surprising improvements in the city s schools Chicago s police department and school system have become democratic urban institutions unlike any others in America Empowered Participation is the compelling chronicle of this unprecedented transformation It is the first comprehensive empirical analysis of the ways in which participatory democracy can be used to effect social change Using city wide data and six neighborhood case studies the book explores how determined Chicago residents police officers teachers and community groups worked to banish crime and transform a failing city school system into a model for educational reform The author s conclusion Properly designed and implemented institutions of participatory democratic governance can spark citizen involvement that in turn generates innovative problem solving and public action Their participation makes organizations more fair and effective Though the book focuses on Chicago s municipal agencies its lessons are applicable to many American cities Its findings will prove useful not only in the fields of education and law enforcement but also to sectors as diverse as environmental regulation social service provision and workforce development

*Theories of Democracy* Frank Cunningham,2002 This is the first book to be published in this exciting new series on political philosophy Cunningham provides a critical and clear introduction to the main contemporary approaches to democracy participatory democracy classic and radical pluralism deliberative democracy catallaxy and others Also discussed are theorists in the background of current democratic thought such as Tocqueville Mill and Rousseau The book includes applications of democratic theories including an extended discussion of democracy and globalisation

## The Enigmatic Realm of **Political Equality An Essay In Democratic Theory**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Political Equality An Essay In Democratic Theory** a literary masterpiece penned by way of a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of people who partake in its reading experience.

### **Political Equality An Essay In Democratic Theory Introduction**

In today's digital age, the availability of Political Equality An Essay In Democratic Theory books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Political Equality An Essay In Democratic Theory books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Political Equality An Essay In Democratic Theory books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Political Equality An Essay In Democratic Theory versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Political Equality An Essay In Democratic Theory books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Political Equality An Essay In Democratic Theory books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Political Equality An Essay In Democratic Theory books and manuals is Open Library. Open Library is an

initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Political Equality An Essay In Democratic Theory books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Political Equality An Essay In Democratic Theory books and manuals for download and embark on your journey of knowledge?

### **FAQs About Political Equality An Essay In Democratic Theory Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Political Equality An Essay In Democratic Theory is one of the best book in our library for free trial. We provide copy of Political Equality An Essay In Democratic Theory in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Political Equality An Essay In Democratic Theory. Where to download Political Equality An Essay In Democratic Theory

online for free? Are you looking for Political Equality An Essay In Democratic Theory PDF? This is definitely going to save you time and cash in something you should think about.
